Staff Directory

How do I find staff email addresses?

Email addresses of University staff and research students, if available, are published through the [online directory](#). Email addresses are subject to Data Protection, and therefore **some staff may have chosen to opt out of this publicly available directory**.

The screenshot shows the 'Staff Phone and Email Directory' search page. It includes a search bar for surnames, a 'Find a person' button, and options to select a department and show results for everyone, only staff, or only research students. There is also a 'Visit Site' button at the bottom right.

Student Directory

If you are a registered student or member of staff, Email addresses of University students can be found via the [global user directory](#). If you are off-campus, you will need to set the proxy on your web browser before searching. Instructions for setting the proxy are at <http://www.abdn.ac.uk/dit/proxy/> and you will be asked to login using your University ID and password.

Note that we do not disclose student email addresses to individuals who are not staff or students of the University as these details are subject to Data Protection.

Further information relating to University Services can be found using the links at the top of the page.
