Molecular Medical Sciences
Destinations 2015-16*

Job titles included:
- Deputy House Master/Science TA
- Experimental Officer
- Lab Analyst
- Medical Device Specialist
- Production Scientist
- Scientific Research Assistant
- TEFL Teacher

Employers included:
- Covance
- MHCRA
- NHS Grampian
- Scottish Water
- Utrecht University

Courses included:
- MBChB
- MRes Cancer Biology
- MSc International Health Management
- PhD Biochemistry
- PhD Health Science

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Biochemistry, Biotechnology (Applied Molecular Biology), Biotechnology (Applied Molecular Biology and Biobusiness), Genetics, Genetics (Biobusiness), Genetics (Immunology), Immunology, Immunology and Pharmacology, Immunology and Pharmacology (Biobusiness), Microbiology, Microbiology (Biobusiness), Molecular Biology, and MSci degrees with Industrial Placement in Biomedical Science (Molecular Biology), Genetics (Immunology and Biobusiness) and Immunology and Pharmacology.

Molecular Medical Sciences Destinations 2014-15*

**Job titles included:**
- Analyst
- Cell Culture Technician
- Clinical Trials Assistant
- Research Assistant
- Veterinary Assistant

**Employers included:**
- Allied Health Care
- Charles River Laboratories
- Highland Council
- Quintiles

**Courses included:**
- MSc Bioinformatics
- MSc Clinical Pharmacology
- MSc Forensic Science
- MSc Molecular and Cellular Biology
- MSc Stratified Medicine and Pharmacological Innovation
- PhD Cancer Immunology
- PhD Regenerative Medicine

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Biochemistry, Biotechnology (Applied Molecular Biology), Genetics, Genetics (Immunology), Immunology, Immunology and Pharmacology, Immunology and Pharmacology (Biobusiness), Microbiology, Molecular Biology, Molecular Microbiology and MSci degrees with Industrial Placement in Biochemistry, Biomedical Science (Molecular Biology), Biotechnology (Applied Molecular Biology), Genetics (Immunology), Immunology and Microbiology.

Biochemistry Destinations 2014-16*

Job titles included:
- Analyst
- Healthcare Assistant
- Office Coordinator
- TEFL Teacher

Employers included:
- Charles River Laboratories
- Highland Council
- Lloyds Banking Group
- Sperm Comet
- University of Aberdeen

Courses included:
- MRes Cancer Biology
- MSc Clinical Pharmacology
- MSc Regenerative Biology and Medicine
- PhD Biochemistry
- PhD Regenerative Medicine
- PhD Synthetic Biology

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Biochemistry, Molecular Biology, and MSci degrees with Industrial Placement in Biochemistry.
Biochemistry Destinations 2013-15*

Job titles included:
- Analyst
- Business Planning Coordinator
- Lab Technician
- Office Coordinator
- Publishing Editor

Employers included:
- Charles River Laboratories
- GSK
- PA Consulting
- Royal Society of Chemistry

Courses included:
- MSc Clinical Pharmacology
- MSc Environmental Science
- PhD Biochemistry
- MSc Pharmacology
- PhD Synthetic Biology for the Rational Design of Novel Biomaterials

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Biochemistry, Molecular Biology and MSci degrees with Industrial Placement in Biochemistry.

Genetics Destinations 2014-16*

### Job titles included:
- Deputy House Master/Science TA
- Lab Analyst
- Medical Device Specialist
- TEFL Teacher
- Veterinary Assistant

### Employers included:
- Allied Health Care
- Bairds Malts
- MHCRA

### Courses included:
- MBChB
- MRes Translational Medicine
- MSc Clinical Pharmacology
- MSc Genetics
- MSc Molecular and Cellular Biology
- PhD Biomedical Science
- PhD Cancerology, Medicine and Health

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Genetics, Genetics (Biobusiness) Genetics (Immunology), Molecular Biology and MSci degrees with Industrial Placement in Genetics, Genetics (Immunology) and Genetics (Immunology and Biobusiness).

Genetics Destinations 2012-15*

Job titles included:
- Support Assistant
- Trampoline Coach
- Veterinary Assistant

Employers included:
- Aberdeen City Council
- Allied Health Care
- Bank of Scotland
- Scottish Water

Courses included:
- DPhil Chromosome and Developmental Biology
- MSc Cancer Sciences
- MSc Environmental Science
- MSc Molecular and Cellular Biology
- MSc Stratified Medicine and Pharmacological Innovation
- PhD Human Genetics
- PhD Microbiology
- PhD Molecular Biology

* This chart includes destinations of honours graduates in the following degree subjects: BSc degrees in Genetics, Genetics (Immunology), Molecular Biology and MSci degrees with Industrial Placement in Genetics, Genetics (Immunology) and Molecular Biology.

www.abdn.ac.uk/careers
MSci Molecular Medical Sciences Destinations 2013-16*

Job titles included:
- Cell Culture Technician
- Marie Curie Researcher
- Publishing Editor

Employers included:
- Allied Health Care
- Royal Society of Chemistry
- Sperm Comet

Courses included:
- DPhil Chromosome and Developmental Biology
- PhD Biochemistry
- PhD Biomedicine
- PhD Cancer Immunology
- PhD Genetic Engineering of Human Stem Cells
- PhD Molecular and Cellular Biology
- PhD Pharmacology
- PhD Structural Biology

* This chart includes destinations of honours graduates in the following degree subjects: MSci degrees with Industrial Placement in Biochemistry, Biomedical Science (Molecular Biology), Biotechnology (Applied Molecular Biology), Genetics, Genetics (Immunology), Genetics (Immunology and Biobusiness), Immunology, Immunology and Pharmacology, and Microbiology.

www.abdn.ac.uk/careers
MSci Molecular Medical Sciences Destinations 2012-15*

Job titles included:
- Biomedical Support Worker
- Cell Culture Technician
- Clinical Trials Facilitator
- Marie Curie Researcher
- Publishing Editor

Employers included:
- King's College London/Guy's Hospital
- Leeds General Infirmary
- Royal Society of Chemistry

Courses included:
- DPhil Pharmacology
- PhD Biochemistry
- PhD Biotechnology
- PhD Human Genetics
- PhD Microbiology and Biotechnology
- PhD Pharmacology
- PhD Regenerative Medicine

* This chart includes destinations of honours graduates in the following degree subjects: MSci degrees with Industrial Placement in Biomedical Sciences (Molecular Biology), Biochemistry, Biotechnology (Applied Molecular Biology), Genetics, Genetics (Immunology), Human Embryology, Immunology, Immunology and Pharmacology, Microbiology and Molecular Biology.
