Applications workflow for 2015 starts

From the university’s postgraduate applications website

http://www.abdn.ac.uk/study/postgraduate/apply.php

go to Apply Online Now

Sign-in and then register …

This will trigger an automatic applicant registration number that you will need to create an application. Once this has been emailed to you, go back and complete the online application process.

IMPORTANT

In section 2 Programme

The Oil and Gas projects are all being processed through the Department of Geology and Petroleum Geology. Therefore in the Programme selection - search Geology and select:

Degree of Doctor of Philosophy in Geology

(note – DO THIS EVEN IF YOUR DESIRED PROJECT IS IN ANOTHER DEPARTMENT!!)

Type of Study: Postgraduate research

Start October 2015

Full time

Funding: research Council NERC

Funding guaranteed: NO

Add name of supervisor

IN THE LOWER BOX: PUT Oil and Gas CDT

and the name of the project you’re interested in.

At the end of the form, don’t forget to add a 500 word personal statement (Section 12).

Content for Section 13 can be provided as you are called for interview.
To be eligible for a PhD award you will need to have at least an Upper Second Class Degree and/or a MSc in appropriate discipline(s). We are able to make offers conditional of attaining these qualifications in the run up to the start date for the PhD.

And add a CV in the supporting documents – as a TRANSCRIPT.

**Referees.** Please make sure your referees are primed to respond to requests for references the week after the closing date and we’ll move very quickly to establish a short-list for interview.

We will be holding interviews on 4th March in Aberdeen.
