Configuring an iPad for wireless connectivity
IT Services Documentation Team. Updated August 2015.

Use this guide to configure an iPad Wi-Fi or iPad Wi-Fi + 3G (iOS 3 or higher) to connect to the wireless services eduroam and ResNet. Screenshots are from iOS 8.4.1 and may differ slightly.

1. Tap Settings
2. Tap Wi-Fi
3. Ensure Wi-Fi is ON
4. Tap eduroam or resnet
5. Type in your university username@abdn.ac.uk and password
6. Tap Join
7. When the Certificate prompt is displayed, tap Trust
8. When connected, a ✔️ appears next to eduroam/resnet
9. Return to the Home screen
