Configuring a Windows phone for eduroam
Mike Whyment, November 2011 (Reviewed August 2014).

This fact sheet shows how to configure a Windows phone (OS 7+) for use on the eduroam wireless services at the University of Aberdeen.

**Connect to eduroam**

1. Tap the arrow on the top right of the home screen

2. Scroll down and tap **Settings**

3. Tap **Wi-Fi**

4. Make sure **Wi-Fi networking** is set to **On**. (Tap the button to turn On/Off.)

5. From the list of available Wi-Fi networks, tap **eduroam**

6. You will be prompted to **Sign in**.

7. Type in your University username – in the format **username@abdn.ac.uk** – and password

8. Tap **done**

Your Windows mobile device should now be connected to the eduroam wireless network.
