

Intensive Course in Applied Epidemiology

University of Aberdeen 5th-9th March 2012

For: Rheumatologists, pain physicians,
general practitioners, physiotherapists
and other practitioners/researchers in
musculoskeletal disease.

5th - 9th March 2012

University of Aberdeen
King's College
Aberdeen
Scotland
UK

The course covers concepts and methods common to all chronic disease epidemiology. At the end of the course, delegates will have a thorough grounding in the principles of study design, the collection and analysis of data in epidemiological studies, and various methodological aspects of epidemiological study including bias, confounding, validity and reliability.

Dates: Monday 5th March –
Friday 9th March 2012

Venue: University of Aberdeen, King's College,
Old Aberdeen

Cost: £1100 including all course materials,
accommodation and most meals.
£925 if booked by Mon 19th December 2011.
