

# BANNERMAN

## AND REFORM FOR EVER!!!

Electors of Aberdeen! You have been told again and again, that Mr BANNERMAN has always been the consistent supporter of that Parliamentary Reform by which you will soon become possessed of the Elective Franchise! Judge for yourselves if this be true! Read the following extract from the Minutes of Mr. Bannerman's evidence before the Committee of the House of Commons, upon Burgh Reform, on the 22d June, 1819:

*Q. Have the Burgesses and Guildry of Aberdeen ever manifested a strong desire for Parliamentary Reform?—A. Upon no occasion that I am aware of!!!*

*Q. Do you mean that their complaints HAVE NOT been for Parliamentary Reform?—A. MOST CERTAINLY!!! even the lower class of Aberdeen in general are possessed of a good deal of common sense, and they think upon these subjects!!!*

Mark this, Electors! Mr. Bannerman declares that the people of Aberdeen are not anxious for Parliamentary Reform—that even the lower classes of Aberdeen are possessed of a good deal of common sense—that they think upon these subjects! The fruit of their thinking, and their good deal of common sense, he leaves you to infer is, that they do not desire Parliamentary Reform! Mr. Bannerman, the exquisitely consistent supporter of Reform, declares that people of good sense, and who think upon the subject, do not care for Parliamentary Reform!! This is the Gentleman who, you are told, has always been the consistent supporter of Reform!! This is the Gentleman who claims your votes and support because he has all along advocated Parliamentary Reform!
