Webinar: “The Spiritual Experiences and Expressions of Non-or Minimally Speaking Autistic People”

When: 7th December 10-11:30am (GMT)

What: Dr Karenne Hills will reflect upon the findings of her Ph.D. thesis, that investigated the spiritual experiences and expressions of people with autism who do not communicate with speech. The study sought to explore the possibility of a self-developed spirituality amongst this group, who are often excluded from typical religious teaching and involvement.

Who: Dr Karenne Hills completed her Ph.D. titled “Spirituality in the Context of Nonverbal Autism” in 2019, and is passionate about exploring the spirituality of people who may experience barriers to traditional religious teaching and involvement.
