

1 June 2009

2009

1. Bailey H., Clay G., Coates E.A., **Lusseau D.**, Senior B. & Thompson P.M. in press. Using T-PODS to assess variations in the occurrence of coastal bottlenose dolphins and harbour porpoises. *Aquatic Conservation*
2. Williams R., **Lusseau D.** & Hammond P.S. 2009. The role of social aggregations and protected areas in killer whale conservation: The mixed blessing of critical habitat. *Biological Conservation* 142(4):709-719.
3. Krause J., **Lusseau D.** & James R. 2009. Animal social networks: an introduction. *Behavioural Ecology and Sociobiology* 63(7): 967-973
4. **Lusseau D.** & Conradt L. 2009. The emergence of unshared consensus decisions in bottlenose dolphins. *Behavioral Ecology and Sociobiology* 63(7): 1067-1077.
5. Henzi S.P., **Lusseau D.**, Weingrill T., van Schaik C.P. & Barrett L. 2009. Cyclicity in the structure of female baboon social networks. *Behavioral Ecology and Sociobiology* 63(7): 1015-1021.
6. Currey R.J.C., Dawson S.M., Slooten E., Schneider K., **Lusseau D.**, Boisseau O.J., Haase P. & Williams J. 2009. Survival rates for a declining population of bottlenose dolphins in Doubtful Sound, New Zealand: an information theoretic approach to assessing the role of human impacts. *Aquatic Conservation* in press
7. Ferrer i Cancho R. & **Lusseau D.** 2009. Efficient coding in dolphin surface behavioural patterns. *Complexity* 14(5): 23-25.
8. Higham J.E.S., Bejder L. & **Lusseau D.** 2009. An integrated and adaptive management framework to address the long-term sustainability of tourist interactions with cetaceans. *Environmental Conservation* 35(4): 294-302.
9. **Lusseau D.**, Bain D.E., Williams R. & Smith J.C. 2009. Vessel traffic disrupts the foraging behavior of southern resident killer whales (*Orcinus orca*). *Endangered Species Research* 6:211-221.
10. Williams R., Bain D.E., **Lusseau D.** & Smith J.C. 2009. Effects of vessels on the behaviour of individual southern resident killer whales (*Orcinus orca*). *Endangered Species Research* 6: 199-209.

2008

11. Marino L., Butti C., Connor R.C., Fordyce R.E., Herman L.M., Hof P.R., Lefebvre L., **Lusseau D.**, McCowan B., Nimchinsky E.A., Pack A.A., Reidenberg J.S., Reiss D., Rendell L., Uhen M.D., Van der Gucht E. & Whitehead H. 2008. A claim in search of evidence: Reply to Manger's thermogenesis hypothesis of cetacean brain structure. *Biological Reviews* 83(4):417-440.
12. Higham J.E.S., **Lusseau D.** & Finkler W. 2008. The viewing platforms from which animals are observed in the wild: A discussion of emerging research directions. *Journal of Ecotourism* 7:132-142
13. Corkrey R., Brooks S., **Lusseau D.**, Parsons K., Durban J.W., Hammond P.S. & Thompson P.M. 2008. Bayesian capture-recapture population model with simultaneous estimation of heterogeneity. *Journal of the American Statistical Association* 108: 948-960
14. **Lusseau D.**, Whitehead H. & Gero S. 2008. Applying network methods to the study of animal social structures. *Animal Behaviour* 75: 1809-1815.
15. **Lusseau D.** & Bejder L. 2008. The long-term consequences of short-term responses to disturbance: Experiences from whalewatching impact assessment. *International Journal of Comparative Psychology* 20: 228-236.
16. Wright A. J., Aguilar Soto N., Baldwin A. L., Bateson M., Beale C., Clark C., Deak T., Edwards E. F., Fernández Rodríguez A., Godinho A., Hatch L., Kakuschke A., **Lusseau D.**, Martineau D., Romero L. M., Weigart L., Wintle B., Notarbartolo di Sciarra G. &

- Martin V. 2008. Anthropogenic noise as a stressor in animals: A multidisciplinary perspective. *International Journal of Comparative Psychology* 20: 250-273.
17. Wright A. J., Aguilar Soto N., Baldwin A. L., Bateson M., Beale C., Clark C., Deak T., Edwards E. F., Fernández Rodríguez A., Godinho A., Hatch L., Kakuschke A., **Lusseau D.**, Martineau D., Romero L. M., Weilgart L., Wintle B., Notarbartolo di Sciarra G. & Martin V. 2008. Do marine mammals experience stress related to anthropogenic noise? *International Journal of Comparative Psychology* 20: 274-316.
 18. Stockin K., **Lusseau D.**, Binedell V. & Orams M. 2008. Tourism affects the behavioural budget of common dolphins (*Delphinus* sp.) in the Hauraki Gulf, New Zealand. *Marine Ecology Progress Series* 355: 287-295.
 19. Bejder L. & **Lusseau D.** 2008. Valuable lessons from studies evaluating impacts of cetacean watch tourism. *Bioacoustics* 17: 158-161.
 20. Higham J.E.S. & **Lusseau D.** 2008. Slaughtering the goose that lays the golden egg- Are whaling and whalewatching mutually exclusive? *Current Issues in Tourism* 11(1): 63-74.
 21. **Lusseau D.** 2008. 12 contributions. *Encyclopedia of Tourism and Recreation in Marine Environments* (M. Lück ed.). CAB International Publishing: Wallingford.

2007

22. Guimarães Jr. P.R., de Menezes M.A., Baird R.W., **Lusseau D.**, Guimarães P. & dos Reis S.F. 2007. Vulnerability of a killer whale social network to disease outbreaks. *Physics Review E* 76(4): art. 042901
23. Marino L., Allman J., Connor R.C., Fordyce E., Herman L.M., Hof P.R., Lefebvre L., **Lusseau D.**, McCowan B., Nimchinsky E.A., Pack A.A., Rendell L., Reidenberg J.M., Reiss D., Uhen M.D., Van der Gucht E., Whitehead H. 2007. Cold water on hot brains: Cetacean Intelligence: Large complex brains for complex cognition. *PLoS Biology* 5(5): e139.
24. **Lusseau D.** 2007. Why are male social relationships complex in the Doubtful Sound bottlenose dolphin population? *PLoS ONE* 2(4): e348. doi 10.1371/journal.pone.0000348
25. **Lusseau D.** 2007. Evidence for social role in a dolphin social network. *Evolutionary Ecology* 21(3): 357-366.
26. Higham J.E.S. & **Lusseau D.** 2007. Whalewatching and whaling: An urgent need for empirical research. *Conservation Biology* 21(2): 554-558.
27. **Lusseau D.** 2007. Understanding the impacts of noise on marine mammals. In: *Marine Wildlife and Tourism Management: Developing Critical Insights* (J.E.S. Higham & M. Lück eds.), pp. 206-218. CAB International Publishing: Oxford, UK.
28. Higham J.E.S. & **Lusseau D.** 2007. The spatio-ecological approach to managing wildlife-tourist interactions. In: *Marine Wildlife and Tourism Management: Developing Critical Insights* (J.E.S. Higham & M. Lück eds.). CAB International Publishing: Oxford, UK.
29. Higham J.E.S. & **Lusseau D.** 2007. Defining critical habitats: the spatio-ecological approach to managing tourist-wildlife interactions. In: *Critical Issues in Ecotourism: Understanding a complex tourism phenomenon* (J.E.S. Higham ed.), pp. 256-269. Elsevier Butterworth-Heinemann Publications: Oxford, UK.

2006

30. **Lusseau D.**, Slooten E. & Currey R.J. 2006. Unsustainable dolphin watching activities in Fiordland, New Zealand. *Tourism in Marine Environments* 3(2): 173-178.
31. Williams R. & **Lusseau D.** 2006. Killer whale social networks can be vulnerable to targeted removals. *Biology Letters* 2(4): 497-500.
32. Williams R., **Lusseau D.** & Hammond P.S. 2006. Potential energetic cost to killer whales of disturbance by vessels and the role of a marine protected area. *Biological Conservation* 133(3): 301-311.

33. **Lusseau D.** 2006. Why do dolphins jump? Interpreting the behavioural repertoire of bottlenose dolphins in Doubtful Sound, New Zealand. *Behavioural Processes* 73: 257-265.
34. **Lusseau D.** 2006. The short-term behavioural reactions of bottlenose dolphins to interactions with boats in Doubtful Sound, New Zealand. *Marine Mammal Science* 22(4): 802-818.
35. Ferrer i Cancho R. & **Lusseau D.** 2006. Long-range correlation in the surface behaviour of dolphins. *Europhysics Letters* 74(6): 1095-1101.
36. **Lusseau D.**, Wilson B., Grellier K., Hammond P.S., Durban J.W., Parsons K.M., Barton T.M. & Thompson P.M. 2006. Quantifying the influence of sociality on population structure in bottlenose dolphins. *Journal of Animal Ecology* 75(1): 14-24.

2005

37. **Lusseau D.** 2005. The residency pattern of bottlenose dolphins (*Tursiops* sp.) in Milford Sound, New Zealand, is related to boat traffic. *Marine Ecology Progress Series* 295: 265-272.
38. Dawson S.M. & **Lusseau D.** 2005. Pseudo-replication in pinger impact studies. *Marine Mammal Science* 21(1): 175-176.
39. **Lusseau D.** 2005. The state of the scenic cruise industry in Doubtful Sound in relation to a key natural resource: bottlenose dolphins. In: *Nature-based Tourism in Peripheral Areas: Development or Disaster?* (M. Hall & S. Boyd eds.), pp. 246-262. *Aspects of Tourism Series*: Channelview Publications.

2004

40. **Lusseau D.**, Williams R., Wilson B., Grellier K., Barton T.R., Hammond P.S. & Thompson P.M. 2004. Parallel influence of climate on the behaviour of Pacific killer whales and Atlantic bottlenose dolphins. *Ecology Letters* 7: 1068-1076.
41. **Lusseau D.** & Newman M.E.J. 2004. Identifying the role that animals play in their social networks. *Proceedings of the Royal Society of London B* 271 S6: S477-S481.
42. **Lusseau D.** 2004. The energetic cost of path sinuosity related to road density in the wolf community of Jasper National Park. *Ecology and Society* 9(2): r1.
43. Bailey H. & **Lusseau D.** 2004. Increasing the accuracy of theodolite tracking: new computation technique to calculate the altitude of land sites. *Marine Mammal Science* 20(4): 880-885.
44. **Lusseau D.** 2004. The hidden cost of tourism: Effects of interactions with tour boats on the behavioural budget of two populations of bottlenose dolphins in Fiordland, New Zealand. *Ecology and Society* 9(1):2
45. Higham J.E.S. & **Lusseau D.** 2004. Ecological impacts and management of tourist engagements with marine mammals. In: *Environmental Impacts of Ecotourism* (R. Buckley ed.), pp. 173-188. CAB International Publishing: Wallingford.

2003

46. **Lusseau D.** 2003. The emergent properties of a dolphin social network. *Proceedings of the Royal Society of London B* 270 S1: S186-S188.
47. **Lusseau D.**, Schneider K., Boisseau O.J., Haase P., Slooten E. & Dawson S.M. 2003. The bottlenose dolphin community of Doubtful Sound features a large proportion of long-lasting associations. Can geographic isolation explain this unique trait? *Behavioral Ecology and Sociobiology* 54(4): 396-405.
48. **Lusseau D.** 2003. The effects of tour boats on the behavior of bottlenose dolphins: Using Markov chains to model anthropogenic impacts. *Conservation Biology* 17(6): 1785-1793.

49. **Lusseau D.** & Higham J.E.S. 2003. Managing the impacts of dolphin-based tourism through the definition of critical habitats: the case of Doubtful Sound, New Zealand. *Tourism Management* 25(6): 657-667.
50. **Lusseau D.** 2003. Male and female bottlenose dolphins (*Tursiops* sp.) have different strategies to avoid interactions with tour boats in Doubtful Sound, New Zealand. *Marine Ecology Progress Series* 257: 267-274.
51. **Lusseau D.** 2003. The emergence of cetaceans: phylogenetic analysis of male social behaviour supports the Cetartiodactyla clade. *Journal of Evolutionary Biology* 16: 531-535.
