How to change network mode on a University Android device before travelling abroad.

**Step 1 – access Apps**
- On the home screen, tap **Apps**

**Step 2 – access Settings**
- On the **Apps** screen, tap **Settings**

**Step 3 – access Mobile Networks**
- On the **Settings** screen, tap **Mobile networks**

**Step 4 – select network mode**
- If you want to use 4G, make sure **LTE/WCDMA/GSM** is enabled.
- If you just want to connect to our 3G network, make sure **WCDMA/GSM** is **enabled**

Network mode:
- **LTE/WCDMA/GSM** (auto connect)
- **WCDMA/GSM** (auto connect)
- **WCDMA only**
