Teaching Qualification Further Education
A TQFE with impact!
*NEW* Revised programme for 2012-13

Participants:
• Benefit from sharing experiences
• Enhance their professional effectiveness
• Are prepared to work in an ever-changing environment
• Develop as digital practitioners

"A well organised, interesting and genuinely practice-changing course. The TQFE has made me understand the system I work in and how I can work in it better"
Lecturer in English

"I learned a lot especially from putting myself into another's position and trying to see from their point of view"
Lecturer in Engineering

We offer:
• A programme designed to meet the needs of lecturers working in FE
• Degree and Masters level qualifications
• 60 credits of study completed in one academic year
• Regular tutor-led workshops (online or face to face)
• Individual self-paced, self-directed online activities
• Personal tutor and college co-tutor support

Apply now to start in September 2012. For more information contact:
