

Research Assessment Exercise 2008

Staff from HERU made a major contribution to the University's submission to Unit of Assessment 7 (UoA 7), Health Services Research. The Health Services Research return was the highest scoring return for the University of Aberdeen and with a grade point average of 3.05 was joint top of the UK league in health services research. RAE 2008 confirmed that 80% of the research submitted to UoA 7 by the University of Aberdeen was judged as internationally excellent/world class, with ALL the work identified as of international quality.
