“Students should avail themselves of every opportunity open to them. Every experience is valuable and the Enhanced Transcript will pave the way for their future.”

*Lorna Buckley, Lead Graduate Recruiter, Halliburton*

“The Enhanced Transcript is a fantastic tool and, coming from a recruiter’s perspective, I would very much encourage students to use it as it can go a long way in helping with application and interview preparation.”

*Marie Murphy, Student Recruitment Officer, EY*

“Whilst I only spent thirty seconds actually graduating on the stage, my Enhanced Transcript and degree certificate are what I walked away with.

When I came to look over my Enhanced Transcript, I was delighted to see that at the end of my Transcript, there was a recognition of my achieving a Silver STAR Award.

This addition to my Enhanced Transcript gave me great pleasure as it will show that I didn’t just spend four years with my nose in a few books but that I have also been an active student throughout my time at the University.”

*Clare Reucroft, MA (Hons) in Language and Linguistics*
The Enhanced Transcript is a formal University document, which will help you to maximise your employability by recording your University achievements on one document.

The Enhanced Transcript records your courses and grades as well as approved co-curricular activities. It is more detailed than a degree certificate and supplements it.

If you are an undergraduate or taught postgraduate student, you will receive your Enhanced Transcript when you leave the University.
