September Friday 28th

See Cancer
Professor Steve Heys (Head of School of Medicine, Medical Sciences and Nutrition), Professor Valerie Speirs (Chair in Molecular Oncology) and Professor Mandy Ryan (Director of the Health Economics Research Unit)

Everyone in the North East of Scotland will be affected by cancer in some way during their lifetime – whether it is a personal diagnosis or that of a family member or friend. The news can be devastating, but with plans for a world-class centre for cancer research based at University of Aberdeen, the future looks brighter. Come along and hear about the developments in cancer research, the fundraising campaign and the potential for the future with trials and cutting-edge treatments.

October Mon 29th • Suttie Centre, Foresterhill

First Female Medical Graduates of the University of Aberdeen
Rosannah Jackson (Third year medical student), Claire Repper (Third year medical student), Prof Rona Patey (Director of the Institute of Education for Medical and Dental Sciences) and Dr Stephen Lynch (President of Aberdeen Medico-Chirurgical Society)

In 1900 the first female doctor graduated from the University of Aberdeen. In 2017 fifty-eight percent of UK graduates in medicine were female. This evening we will discuss the changing medical student population and the careers of the first five female graduates in medicine from the University of Aberdeen. We will consider some of the challenges these pioneers faced and how these relate to problems we still face today.

November Mon 19th • Suttie Centre, Foresterhill

Informing Health Policy: Is it time to celebrate or innovate?
Professor Craig Ramsay, Director (Health Services Research Unit), Professor Mandy Ryan, Director (Health Economics Research Unit)

In 2018 we celebrated seventy years of our NHS and the award of the Queen’s Anniversary Prize for our health services research. Find out how our research has changed healthcare over the last 40 years and the challenges we face in the next 40.
Welcome...

to our tenth season of Café MED and our specials series where we invite leading healthcare professionals to discuss current research in an informal café setting.

Professor Steve Heys - Head of School of Medicine, Medical Sciences and Nutrition, University of Aberdeen

Where and When

Events are normally held at the Suttie Centre for Teaching & Learning in Healthcare, Foresterhill Health Campus, in the Suttie Centre Café from 6pm to 7.30pm.

Public parking is allowed in the PARKING areas shown after 5pm. The barriers will be raised between 5 - 8.30pm to allow access.

Presentations last about half-an-hour and are followed by an interval allowing informal chat and the opportunity to purchase drinks or snacks. An audience discussion will follow.

Please note the event on Friday 28th September will be held at Town House, Broad Street.

www.abdn.ac.uk/community-cafes

Café MED is an initiative of the Public Engagement with Research Unit at the University of Aberdeen.
