Have you applied for an accountancy or finance course at university starting in 2024?

If you are planning to study an accountancy or finance course at university from September 2024, you could be eligible to join the ICAS Foundation 'Nurturing Talent' programme.

The ICAS Foundation supports academically talented young people from less advantaged backgrounds, by helping them take their first steps into a professional career in accountancy or finance. Students benefit from a range of support including bursary funding, mentoring assistance and help to access internships.

We are now accepting applications for Autumn 2024 entry - the closing date for submitting your application is Friday 31 May 2024.

We recommend submitting your application early, so that we can review your application and request any additional details which may assist in our assessment.

Here's what some of our previous students have said:

When I started university, I didn't realise how the cost of textbooks, travel and lunches would add up. My bursary was ideal as it meant I could purchase all my textbooks right away. (Amy, ICAS Foundation graduate)

Without the ICAS Foundation, I would still have gone to university but would have missed out on so much. The Foundation's support meant I had more time to study and enjoy university. (Connor, ICAS Foundation graduate)

I'm so grateful that my mentor, the ICAS Foundation team and my other contacts have all taken time to help me. Whatever I go on to do in the future, I'm so glad that the ICAS Foundation was there for me. (Eryn, ICAS Foundation graduate)
