

Somali Energy Industry Scholarship Terms and Conditions

In addition to completing the MSc, there are specific obligations on both the Ministry of Petroleum and Mineral Resources of Somalia (the Ministry) and the candidate.

The following conditions have been set out by the Ministry:

1. At the conclusion of the course, and in complement to the candidate's Master's degree thesis, the candidate is expected to submit a relevant study that relates to the energy sector in Somalia.
 - a. the scope and delivery timeline of this study is to be agreed between the Ministry and the candidate within the first two months of the scholarship commencing
 - b. A field trip to Somalia might be organized as part of the research required for successful completion of the study.
2. The Ministry will endeavour to offer full time employment to the candidate for a minimum period up to 12 months following completion of the scholarship.
 - a. the terms and conditions of the employment offered to the candidate will be prepared by the Ministry and agreed between the Ministry and the candidate no later than three months before the end of the scholarship.
 - b. employment may be Somalia-based or a remote working position.
3. For the duration of the scholarship, the Ministry will appoint a single focal point to oversee interaction between the Ministry and the candidate; it is expected the Ministry and the candidate will connect on a regular basis for the duration of the scholarship.
4. The candidate is expected to provide a report at the conclusion of the scholarship period; the scope of this report includes but is not limited to a personal review of the scholarship from the perspective of the candidate.
