

Tips, Hints & Tricks

- Remember to bring your own bags, all plastic bags cost minimum 5p
- Do not expect the cashiers to pack your bags
- Credit cards are not always accepted, and sometimes debit cards aren't even accepted.
- All the major supermarkets (Tesco, Sainsbury, Asda) deliver straight to your door via the website
- Shop with your flatmates to share delivery or taxi costs
- Never speak on your mobile phone while at a checkout
- When you get to the end of the checkout queue ensure you get your cards out and ready to go for when it's your turn
- Alcohol is only available within specific hours
- If you're out with people buying restricted items, even if they are not for you, ensure you have ID – the stores are well within their rights to ask for your ID as well
- If you're looking to save money, stick to 'own brand' or 'value' items
