## Recommended reading list for Process Safety Masters Programme

This is a good starter for the majority of the courses in this programme: [https://www.amazon.co.uk/Chemical-Process-Safety-Fundamentals-International/dp/0131382268](https://www.amazon.co.uk/Chemical-Process-Safety-Fundamentals-International/dp/0131382268)

This document provides an initial reading for MSc in Process Safety. Where the optional courses are involved the list may vary. The list is not exhaustive, as the course co-ordinators and lecturers may will suggest additional references and learning resources. Most of the books are available in the library as hard copies or as e-books.

• J.H. Ferziger, M. Peric Computational Methods for Fluid Dynamics, Springer,1999  

MSc Process Safety
