OVERVIEW

To become a registered student you must complete the first two parts of the registration process and international students complete Part 3 also:

1. eRegistration
2. Choosing your curriculum
3. International Students only (non-EU)
4. Collect student ID card (new students only)

Part 1: ELECTRONIC REGISTRATION - you do this part yourself

The first part of the registration process is known as electronic registration (often referred to as eRegistration or eReg), which can be completed using the electronic registration portal screens, from anywhere in the world. You should complete this before you arrive in Aberdeen. Please visit the MyCurriculum website for information on eRegistration opens for your area of study. You should update any missing personal details, check and amend your qualifications and confirm your tuition fees.

Note to new students only: During the Scottish Higher, and A-Level, results periods the eRegistration system may be unavailable.

If you have any queries about, or experience any problems with, eRegistration, please email ereg@abdn.ac.uk. Please give your full name and student ID number in the email.

Part 2: CHOOSING YOUR CURRICULUM

The second part of the registration process is known as MyCurriculum. This part confirms and enlivens your academic curriculum (course module(s)). It is very important, for undergraduate students particularly, to have given some thought in advance to the courses you will take. For details on how to choose your courses, please visit the MyCurriculum website.

Exchange students will choose their courses when they meet their Go Abroad Tutor.

Part 3: VISA CHECK FOR IMMIGRATION PURPOSES: ALL NEW and RETURNING International Students

This part of the registration process relates to international students only (from countries out with the EU).

<th>A Students Holding a Tier 4 Visa</th>

<tbody>
<tr>
<td>The UK Government’s Visa &amp; Immigration Services (UKVI) requires, by law, that we hold the information detailed below and that we regularly check and update your details.</td>
</tr>
<tr>
<td>NEW students: We will check your original documents against the copy that you are required to bring with you to registration; RETURNING students: your information will be checked against the data we hold on record so further copies will not be required, unless you are providing new documents. Even if a copy of your current documents have already been submitted you are still required to bring your original documents with you to registration.</td>
</tr>
<tr>
<td>If we do not hold copies of your current documents, please photocopy these after you travel to the UK. You must bring:</td>
</tr>
<tr>
<td>• a copy of all the pages in your Passport that contain any information/leave stamps (but empty pages are not needed);</td>
</tr>
<tr>
<td>• if you already have a Biometric Residence Permit (BRP plastic ID card) please copy the front and back of the card;</td>
</tr>
<tr>
<td>• if your visa is a General Adult Student (under Tier 4) the visa must state that you are permitted to study at the University of Aberdeen (licence number 1GF1B20B2). If it is not our licence number you may not be permitted to study with us at this time.</td>
</tr>
<tr>
<td>At your port of entry to the UK your Entry Clearance vignette (sticker) is stamped by an Immigration Officer. This activates your temporary visa. Please ensure that it is stamped. You will have been advised in your Entry Clearance paperwork that you must collect your full visa on arrival in Aberdeen and in most cases it is likely to be at the Post Office in the Berryden area of the city (almost next door to Sainsbury’s supermarket). You must bring your full visa and passport documents along to registration. If you have access to a photocopier prior to registration please take a copy of all your documents along with you. It will speed up the process of registration if your documents are already copied. If not, we will have access to a photocopier at the registration venue.</td>
</tr>
<tr>
<td>It is also a requirement that:</td>
</tr>
<tr>
<td>• you have a valid local term time address (ie an address in Aberdeen, which must not be the department’s address) stored in the University’s Student Record. You should input this address either at the eRegistration stage or, if a term time address is not yet known, input it through the Student Hub facility. This will open a day or two after you become a fully registered student.</td>
</tr>
<tr>
<td>Registration staff will record the expiry date of your passport and your visa. This will allow us to alert you, if you are still a student with us, that the expiry date is approaching and for you to take action to submit an extension application to the UKVI, via the University’s Student Support &amp; Advice Office, if appropriate.</td>
</tr>
<tr>
<td>Please also note that under the University’s Sponsor licence it is a requirement that you ‘register’ on several occasions per year. You will be emailed – to your University email account – asking you to report for these checks. You must attend for these unless you can show that you have permission to study off campus.</td>
</tr>

**B  Students Holding Any Other Type of Visa (Non-Tier 4)**

**NEW** students: You will know from going through the admissions process whether you have been classified as an Overseas student. If this is the case you will have to provide a copy of your passport and current visa (if appropriate), at registration. You should also bring along your original documents. Even if you have EU dual nationality, or are (say) Norwegian, we require this information in order to rule you out from any further visa check notices that we regularly send to Tier 4 students. Sometimes the UK Government’s Visa & Immigration Services (UKVI) will require the University to submit data on any student holding a visa, so we have to be prepared to comply with this demand.

**RETURNING** students:

i) If your current visa is not a Tier 4 visa and *is still valid* and you submitted a copy of your passport and visa when you first registered at the University, there is no need for you to report for a further Visa check.

ii) If you have a *new* visa, you should bring with you to the registration venue a copy of the new visa, *along with the original document*. The copy will be checked against your original documents and the copy retained.

Registration staff will record the expiry date of your passport and your visa. This will allow us to alert you, if you are still a student with us, that the expiry date is approaching and for you to take action to submit an extension application to the UKVI, via the University’s Student Support & Advice Office, if appropriate.

**Part 4: STUDENT ID CARD - collection**

**NEW** students, or students with a new student ID number

Please upload your photograph as soon as possible so that it will be ready for collection on your arrival.

Please ensure that a passport photo with a plain background has been [submitted](#) before the start of term.

ID cards will be available for collection from the Infohub, with these exceptions:

- Students staying in University Halls of Residence will collect their ID cards from their Hall.
- Student ID cards for Medics & Physicians will be available for collection from the School Office on the 3rd floor of the Suttie Centre.
- Dental students can collect their ID cards from the Dental School Office.

Please note that during the 3-week period of registration in September 2018 the Infohub will be located in the Elphinstone Hall.

The [New Students' Website](#) always contains the most up-to-date information.

Once the photo is submitted it takes about three working days for the ID card to be ready for collection. Please follow the online guidance to ensure that your photo upload was successful.

**All students**

If you do not complete the whole registration process your student ID card will become invalid approximately 14 days after your expected start/re-start date, which could cause you significant inconvenience.

If you have any queries about, or experience any problems with photoupload, please email [infohub@abdn.ac.uk](mailto:infohub@abdn.ac.uk). Please give your full name and 8 digit student ID number in the email.
**eRegistration Overview of Screens**

This is the main navigation page for eRegistration. In the centre of the screen is the University Shield with no colour (greyed out), except for the castle which is red. Each of the 3 other grey sections of the Shield correspond to the 3 sections of eRegistration: Personal Details, Course of Study Academic Details and Finance/Fees. When you complete a section it changes from grey to colour. You should already have your computer account and that is why the castle is already red in colour - a message will be displayed in the bottom right of the screen to guide you if you need to take any further action on your computer account.

When you have completed the 3 greyed out parts of the shield you will see a message:

**YOU HAVE NOW COMPLETED ELECTRONIC REGISTRATION ~ THANK YOU.**

Your screen should look like this (subject to Fees being complete) i.e. the 4 sections of the Shield should be displayed in colour:

Before trying to eRegister online you will need the following:

- Your Student ID number
  Returning students enter the ID number from their student ID card;

  For new students this is the 8 digit number on the front of the Certificate of Acceptance for Studies letter that you received from the Admissions Office. Generally, the first digit will commence with a 5, for example, 51812345. Please do not use the 10 digit applicant number that you used previously.
- **Pen and Paper** to accurately record your Username and Password
- **Payment details for Fees** either Sponsor details (such as SAAS number) OR credit or debit card details for an online fee payment (applies to those students expecting to pay part or all of their own tuition fees).
- **Details of your Home address** (including the postcode)
- **Details of your Term-time address, if known**, (including the postcode)

If you cannot find the answer you need in the Guide, or in the [Frequently Asked Questions](http://www.abdn.ac.uk/newstudents) and you require further assistance email (ereg@abdn.ac.uk).

If you are not able to complete all of the sections at once you can leave the eRegistration facility and return to it at a later date to finish off. If you do this please remember to log out first. Qualifications on Admission to University

If you are a new student, the first screen shows the HIGHEST QUALIFICATIONS you possess on ADMISSION to University. Returning students are taken straight to their current statement of student record. Any qualifications provided on your application form should have been transferred to this screen. However, this may not always be the case. If the screen is blank you will need to enter the highest qualifications you had when you started University. So, if you already have a Degree, your A-level/Higher results are not required. Similarly, if your highest qualifications are A Level/Higher results, then Standard grades/GCSEs are not required.

If the qualifications displayed on the screen are correct click ‘YES’. This will take you to the Declaration for the Academic Details section (click the ‘Agree’ box at the bottom of the screen to accept the Declaration. Now you can click ‘Back’ at the top of the screen to return to the eRegistration Overview screen, the main navigation page for eRegistration), or to your current statement of Student Record if you are a returning student. Postgraduate students should click ‘YES’ if even the qualifications displayed on the screen are incorrect.

If there are qualifications missing, or the qualifications displayed are incorrect, please click ‘NO’. You will be presented with the following screen:

If you are an Undergraduate student you must provide the Admissions Office with proof of the amendment(s) you are requesting or the change(s) will not be made. Enter changes to your qualifications in the text box and click OK. Postgraduate students do not need to provide this information. New students should complete the declaration that follows.
Returning students should check their statement of academic record. Please see below for details.

Once you have accepted the Declaration, click on ‘Back’ at the top of the page to take you back to the eRegistration Overview screen, the main navigation page for eRegistration.

Your Overview page should now look like this (the Course of Study Details section of the University Crest should now be in colour):

**Incoming ERASMUS Students or International Exchange Students**

If you are an incoming ERASMUS or other exchange student you will see a screen similar to the one below. You will not have to insert any qualifications, but should just click on the **Yes** box to confirm your home university (i.e. the University you normally attend when not on exchange.) If this information is missing please enter it.
Once you have accepted the Declaration, click on ‘Back’ at the top of the page to take you back to the eRegistration Overview screen, the main navigation page for eRegistration.

Your Overview page should now look like this (the Course of Study Details section of the University Crest should now be in colour):

Returning Students - please check your record!

Students returning to University will be presented with a screen similar to the following, which details the courses they have already been enrolled on during their studies. If you cannot view your record you can view it in the www.abdn.ac.uk/studenthub facility.
In column five of your Academic Record the Codes denote: C1=1st Class Merit, C2=2nd Class Merit, C3=Referred to SPC, C4=Authorised Entry/Resumption, C5=Unauthorised Entry, C6=Unauthorised withdrawal/At risk, C7=Class Certificate withheld, C8=Assessment only, C9=Authorised withdrawal, C4=Prerequisite not satisfied, CY=Cross-Year Course

Please note that, if you have a C9 against any of your courses, it means that you have withdrawn from that course. These courses are irrelevant to your degree programme and can be ignored. A C4 against a course means that you joined the course; a C7 or C6 denotes that your attendance was being monitored. Also, the year given in the first left column is the start date of the academic year (e.g. 2017 denotes the 2017/18 academic year, even though the results of assessments were in January, May or July 2018).

Click ‘YES’ if the academic record is correct to take you to the declaration for this section.

Click ‘NO’ if the record is incorrect. Please give details in the box provided and click ‘OK’ to confirm them. If an assessment mark is incorrect you should speak to the appropriate School who will investigate and process a Change of Mark via the Registry, if necessary.

Once you have accepted your academic record as being correct, you will be taken to the Declaration screen for the Academic Details section.

To complete this section you must agree to the declaration which takes account of any corrections you have submitted.

Once you have accepted the Declaration, click on ‘Back’ at the top of the page to take you back to the eRegistration Overview screen, the main navigation page for eRegistration.

Your Overview page should now look like this (the Course of Study Details section of the University Crest should now be in colour):
Your computing account information will be displayed to the right of the fourth quadrant of the University Shield.

If you have already registered for a computing account your User Name and email address details will display on screen.

You must include your 8 digit student identity number and your name in any email that you send. In busy periods during August - October it might take up to 5 working days for the Fees Team to be able to respond.

The Fees section can be quite complicated so examples of each Type of student fees are given below.

1a. I am a UK/EU undergraduate student paying my own tuition fees, or the screen shows I am paying my own fees:

You are first being asked to provide information on WHO is to pay your tuition fees.

The Fee Payer column displays the current information held by the University of who is to pay your tuition fees. This will default to ‘Self’ if we do not have information on any other body/sponsor paying them for you. If you, or a friend or family member, will be paying your tuition fees the option should remain as ‘Self’. If the screen shows Self and you expect to pay your own tuition fees click on the Yes button.

If you are not expecting to pay your own tuition fees, ie if you have applied or are applying to a sponsor, or SAAS, or the Student Loan Company, click on the No box, (even if you have not yet heard back from that sponsor with confirmation that they will pay). If you expect a sponsor to pay your tuition fees for you follow the relevant links in Section 2 of the Fees Section.

If you click on the Yes box you will be taken to the screen below.
Now that you have provided information on WHO is to pay your tuition fees, you are now asked to confirm if the **AMOUNT** of your tuition fees displayed is correct. If so, click **Yes**.

To complete the Finance Details part of eRegistration, click on the **Agree** button to accept the Statement.

If you have made a mistake you can click on the **Undo Changes** button. This will take you back to the start of the Finance Details section of eRegistration.

If you do not agree with the **Amount**, click **No** and you will be asked to complete a box to explain your discrepancy. Click on the **Ok** button. The Fees Team will get back to you in a few days and you will be able to complete this section when your fees have been adjusted.

If you have made a mistake you can click on the **Undo Changes** button. This will take you back to the start of the Finance Details section of eRegistration.

When you click on the **Agree** button you will then see the Fee Settlement screen, where you can make an electronic payment (50% minimum) and/or print out a copy of a Payment Plan so that you can arrange to pay the remaining balance (50%) by three equal and consecutive instalments. Do not make a payment if you think that your fees will be paid by a sponsor.

If you click on the **Make Electronic Payment** button you will be taken to a secure payment site. You are advised to make a payment in advance using this electronic payment facility as it considerably reduces the length of time you have to queue to make a payment by other means. **You can use this facility on one occasion only in each academic year.** If you wish to make additional payments after using this facility, go to www.abdn.ac.uk/internetpayments. If you do not wish to make a payment at this time, click on the **Back** button in the middle of the screen and you will returned to the eRegistration Overview page. If you wish a receipt for any amount paid by another method please contact the University’s Cash Office at payments@abdn.ac.uk. If you choose not to make a payment electronically through the ePayment facility it could take a week, or longer at busy times, for your payment to be processed on the Finance system. The following screen will confirm that you have now completed the Finance Details part of eRegistration. Click on **Back** to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.

2. **A sponsor is paying all or part of my fees for me**

You are first being asked to provide information on WHO is to pay your tuition fees.

The **Fee Payer** column displays the current information held by the University of who is to pay your tuition fees. This will default to 'Self' if we do not have information on any other body/spONSor paying them for you. If you, or a friend or family member, will be paying your tuition fees the option should remain as ‘Self’. If the screen shows Self and you expect to pay your own tuition fees click on the **Yes** button.

If you are **not expecting to pay** your own tuition fees, ie if you have applied or are applying to a sponsor, or the Student Loan Company, click on the **No** box, (even if you have not yet heard back from that sponsor with confirmation that they will pay). If you expect a sponsor to pay your tuition fees for you please follow the relevant links in Section 2 of the Fees Section.
In the line that says *Paying Own Tuition Fees*, delete the amount that has automatically been inserted. If you are not paying any of your own fees click on/or tab to the next line(s) and a zero(s) will automatically be inserted. You need to enter the corrected amount(s) in the appropriate box. An example is given below.
It might be that you are still paying some of the fees yourself but another sponsoring body is paying the balance. Please give details in the box provided and also remember to include your 8 digit student identity number, your name and return email address.

If you state that a sponsor is to pay your fees you must submit the official guarantee before we can confirm the sponsor in your student record.

When complete click on the OK button.

Once you click on the OK button you will see the following message to confirm that your changes have been sent to the Fees Team for consideration. Apart from SAAS or the Student Loan Company, no change can be made without hard copy proof being submitted.

We will not be able to make any change to your tuition fees until the Fees Team receives a copy of the letter of confirmation from your sponsor. Please scan to tuitionfees@abdn.ac.uk or submit a hard copy of the letter to the University of Aberdeen Infohub as soon as possible.

When the necessary changes have been made to your tuition fees the message will disappear and you will be able to continue with this part of eRegistration. When you go into the eRegistration facility thereafter the fees will show that you now have a sponsor for all or part of your fees (subject to receipt of confirmation of your sponsor from you).

3. The Student Awards Agency for Scotland (SAAS) is paying my fees for me

3.1 Already told us that SAAS is paying?:
If you have already told us that SAAS is expected to pay your tuition fees the screen will look like the below (if you have not already told us, or the information we hold still displays ‘SELF’, scroll down to 3.2).

Please remember that you must apply to SAAS each and every year otherwise you will become personally liable to pay your own tuition fees.

If you agree it is SAAS click the Yes button.
You are then asked to confirm that the AMOUNT of tuition fees due to the University is correct.

If you agree with the AMOUNT, click on the Yes button.

To complete the Finance Details part of eRegistration, click on the Agree button to accept the Statement.

If you have made a mistake you can click on the Undo Changes button. This will take you back to the start of the Finance Details section of eRegistration.

The following screen will confirm that you have now completed the Finance Details part of eRegistration. Click on Back to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.

3.2 You now want to advise us that SAAS is paying:

(Follow the procedure in 3.1 above for students that we already know are expected to be SAAS funded.)

In the line that says *Paying Own Tuition Fees*, copy the amount that has automatically been inserted and enter it into the line below for SAAS. Go back and delete the amount in the previous box as this no longer applies to you. A £0.00 figure will automatically be entered in the previous row. An example is shown in the screen below.
If you already know your SAAS reference number please enter it into the small box in the middle of the screen. Do not worry if you have not yet been notified by SAAS of your reference number.

Please give details (in the large box) of the status of your current application to SAAS e.g I have applied but not heard back; I am about to apply; I am seeking repeat funding. Remember to include your 8 digit student identity number, your name and return email address.

Click on OK. You will see the following message to confirm that your changes will be processed.

![Message confirmation]

When you go into the eRegistration facility thereafter the fees will show that you expect your fees to be paid by SAAS (subject to receipt of confirmation of your sponsor from you).

If you have given the University a satisfactory explanation of who is going to pay your tuition fees your registration will not be delayed, but you may be asked a couple of questions about your fees when you go to collect your student identity card. Once SAAS is displayed as your fee payer, please complete the fees part of eRegistration so that the bottom left quadrant of the University Shield turns from black and white to colour.

New SAAS-funded students only - once you receive your confirmation letter from SAAS (not the SLC letter) please bring a copy to the University of Aberdeen Infohub in the Students’ Union building (formerly The Hub). Write your student id number on the photocopy and put the copy in the postbox. Don’t wait in the queue if you do not need to!

Please remember that you must apply to the SLC each and every year otherwise you will become personally liable to pay your own tuition fees.
If you agree it is the SLC or Local Authority click the Yes button.

You are then asked to confirm that the AMOUNT of tuition fees due to the University is correct.

If you agree with the AMOUNT, click on the Yes button.

To complete the Finance Details part of eRegistration, click on the Agree button to accept the Statement.

If you have made a mistake you can click on the Undo Changes button. This will take you back to the start of the Finance Details section of eRegistration.

The following screen will confirm that you have now completed the Finance Details part of eRegistration. Click on Back to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.

4.2 If you have not already told the Registry that you are expecting the Student Loans Company or Local Authority to pay all or part of your tuition fees, click on the No button to disagree with WHO is to pay your tuition fees.

(Follow the procedure in 4.1 above if this screen already shows that we expect your tuition fees to be paid by the SLC.)
If you click on the *No* button you will be taken to the screen below.

In the line that says *Paying Own Tuition Fees*, copy the amount that has automatically been inserted and enter it into the line below that says *An English, Welsh or Northern Irish Local Authority or the Student Loans Company*. Go back and delete the amount in the previous box as this no longer applies to you. A £0.00 figure will automatically be entered in the previous row. An example is shown in the screen below.

Please give details (in the large box) of the status of your current application to the SLC/your Local Authority eg I have applied but not heard back; I am about to apply; I am seeking repeat funding. Remember to include your 8 digit student identity number, your name and return email address.
Click the OK button. You will see the following message to confirm that your request for changes has been sent to the Fees Team to be processed.

When the necessary changes have been made to your tuition fees the message will disappear and you will be able to continue with this part of eRegistration. When you go into the eRegistration facility thereafter the fees will show that you expect your fees to be paid by the SLC or Local Authority (subject to receipt of confirmation of your sponsor from you).

If you have given the University a satisfactory explanation of who is going to pay your tuition fees your registration will not be delayed, but you may be asked a couple of questions about your fees when you go to collect your student identity card. Once SLC or Local Authority is displayed as your fee payer, please complete the fees part of eRegistration so that the bottom left quadrant of the University Shield turns from black and white to colour.

When you receive your confirmation letter from the SLC/Local Authority please scan it to the Fees Team: tuitionfees@abdn.ac.uk or bring a copy to the University of Aberdeen Infoshub in the Students’ Union building (formerly The Hub). Write your student id number on the photocopy and put the copy in the Infoshub’s postbox. Don’t wait in the queue if you do not need to!

5. My fees are charged by the credit depending on the number of course modules that I take in the academic year

5.1 Already told us that you have a sponsor paying?: If you have already submitted information to the Registry on who is expected to pay your tuition fees the screen will look like the below, displaying the name of your sponsor (if you have not already told us, or the information we hold still displays as ‘SELF’, scroll down to 5.2).
5.1.1 You are first being asked to provide information on WHO is to pay your tuition fees.

The Fee Payer column displays the current information held by the University of who is to pay your tuition fees. This will default to ‘Self’ if we do not have information on any other body/sponsor paying them for you. If you, or a friend or family member, will be paying your tuition fees the option should remain as ‘Self’. If the screen shows Self and you expect to pay your own tuition fees click on the Yes button.

If you agree with the name of the sponsor shown, click the Yes button.

5.1.2 You are then asked to confirm that the AMOUNT of tuition fees due to the University is correct.

The tuition fee AMOUNT shown is either a reflection of the number of course modules you took in the previous academic year, or it might be a reflection of what the Registry has been informed by your School regarding the number of course modules that you are expected to take. In the example below the price is for 4 course modules of 15 credits each (4 x £1115).

i) If you agree with the AMOUNT click on the Yes button.

To complete the Finance Details part of eRegistration, click on the Agree button to accept the Statement.

If you have made a mistake you can click on the Undo Changes button. This will take you back to the start of the Finance Details section of eRegistration.

The following screen will confirm that you have now completed the Finance Details part of eRegistration. Click on Back to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.
ii) If you do not agree with the **AMOUNT**, click on the **No** button.

If the amount that you or your sponsor are expecting to pay does not match the number of course modules/credits for which you are expecting to register you must complete the box so that the fees can be properly adjusted. Please name the course code(s) and title(s) so that the Fees Team can check the credit total for the academic year.

Any by-the-credit programmes of study eg Project Management must clearly state if they are to be studying off campus via the Distance Learning route, as this has a bearing on the fees to be charged.

As you have proposed changes to the **AMOUNT** of tuition fees due you will see the messages below confirming that your changes have been sent to the Fees Team. Log-in to eRegistration again in a few days to see if your tuition fees have been adjusted and you will be able to continue through this part of eRegistration.

During the academic year the Fees Team runs a weekly report on any mismatch of credit value and fees charged so your tuition fee liability will change if you add to, or withdraw from your original curricula. It is dependant on the School entering the course changes onto the Student Record as the report comes from that system.
5.2 You now want to advise us that a SPONSOR is paying your tuition fees:

(Follow the procedure in 5.1 above for students that we already know are expected to be funded by a named sponsor.)

If you click on the No button you will be taken to the screen below.

In the line that says Paying Own Tuition Fees, copy the amount that has automatically been inserted and enter it into the appropriate line below e.g An External Source/Sources not listed above. Go back and delete the amount in the previous box as this no longer applies to you. A £0.00 figure will automatically be entered. An example is shown in the screen below.
Please give details (in the large box). Remember to include your 8 digit student identity number, your name and return email address.

[If you are also trying to change the amount of tuition fees listed you will get stuck in this screen. If you get into this position, on the bottom right of the screen you will see a link to the Tuition Fees team. Please email them.]

Click on OK. You will see the following message to confirm that your changes will be processed.

When the necessary changes have been made to your tuition fees the message will disappear and you will be able to continue with this part of eRegistration. When you go into the eRegistration facility thereafter the fees will show that you expect your fees to be paid by your sponsor (subject to receipt of confirmation of your sponsor from you).

5.3 You are paying your own tuition fees

Click on the Yes button to agree that you are paying your own tuition fees.

Now that you have provided information on WHO is to pay your tuition fees, the next stage is to confirm if the AMOUNT of your tuition fees displayed is correct. If you agree with the AMOUNT, click on the Yes button. If not, please follow the process above in 5.1.2 (ii)

If the Payer and Amount information is correct, click on the Agree button to accept the Statement.
If you have made a mistake you can click on the **Undo Changes** button. This will take you back to the start of the Finance Details section of eRegistration.

When you click on the **Agree** button you will then see the Fee Settlement screen, where you can make an electronic payment (50% minimum) and/or print out a copy of a Payment Plan so that you can arrange to pay the remaining balance (50%) by three equal and consecutive instalments. Do not make a payment if you think that your fees will be paid by a sponsor.

If you click on the **Make Electronic Payment** button you will be taken to a secure payment site. You are advised to make a payment in advance using this electronic payment facility as it considerably reduces the length of time you have to queue to make a payment by other means. **You can use this facility on one occasion only in each academic year.** If you wish to make additional payments after using this facility, go to [www.abdn.ac.uk/internetpayments](http://www.abdn.ac.uk/internetpayments). If you do not wish to make a payment at this time, click on the **Back** button in the middle of the screen and you will return to the eRegistration Overview page. Please note that if you are using older browser software eg firefox/chrome you may get a message when you click on the **Make Electronic Payment** button, saying there is an "error – contact the University", however the action you should take first is to try using newer browser software.

If you make a payment using the electronic facilities you will receive an automatic email as confirmation of payment. Please take this/these emails with you to your registration venue as proof of payment, and also submit your Payment Plan (if appropriate) if you have not already sent it by mail.

If you wish a receipt for any amount paid by another method please contact the University’s Cash Office at payments@abdn.ac.uk. If you choose not to make a payment electronically through the ePayment facility it could take a week, or longer at busy times, for your payment to be processed on the Finance system. For alternative methods of payment go to [www.abdn.ac.uk/infohub/finance/paying](http://www.abdn.ac.uk/infohub/finance/paying).

The following screen will confirm that you have now completed the Finance Details part of eRegistration. Click on **Back** to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.

6. **I am an ERASMUS or International Exchange student so I don’t pay fees**

If you are an incoming ERASMUS, or international exchange student, you will view a screen similar to the one below.
We should already know that you are an ERASMUS, or international exchange student who is not due to pay fees. For University accounting and audit purposes the Fee Payer displays on the screen that the fees will be charged to the relevant College in this university - in this particular example the tuition fees will be charged to the College of Arts. This is because the College needs to balance its books (in accounting terms) on incoming and outgoing ERASMUS and exchange students. You are not expected to pay your own tuition fees.

As long as the information resembles the above, please click on the Yes box to agree that the charge will go to the University of Aberdeen’s own internal accounts.

When you click on the Yes box a screen similar to the below will appear.

You are asked to confirm that the AMOUNT of tuition fees is correct. This is the total amount due, whether you are paying them or not. Click on the Yes box.

Click on the Agree button to confirm.

The following screen will confirm that you have now completed the Fees part of eRegistration. Click on Back to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.

If the information on you being an ERASMUS or exchange student is not known to the Fees Team the default setting will show in the Fee Payer column as SELF. As you will not be paying your own tuition fees you need to select the No button and complete the next screen.
In the line that says Paying Own Tuition Fees, copy the amount that has automatically been inserted and enter it into the box alongside A University Source…. Go back and delete the amount in the previous box as this no longer applies to you. £0.00 will automatically be entered in this box. An example is shown below.

Please give details (in the large box) of the type of Exchange student that you are and that you are not expecting to pay your own fees. Include the name of any University staff member that has been your contact so that if there is a query the Fees Team can contact that person. Remember to include your 8 digit student identity number, your name and return email address.

When complete click on the OK button. You will see the following message to confirm that your changes have been sent to the Fees Team.
When the necessary changes have been made to your Fee Payer the bold message will disappear and you will be able to continue with this part of eRegistration. When you go into the eRegistration thereafter the fees will show that one of the University’s colleges/schools is expected to pay your tuition fees.

Through eRegistration, if you have given the University a satisfactory explanation of who is going to pay your tuition fees your registration will not be delayed, but you may be asked a couple of questions about your fees when you go to collect your student identity card. When the correct fee payer is displayed, please complete the fees part of eRegistration so that the bottom left quadrant of the University Shield turns from black and white to colour.

7. **Alumni Discount**

A 20% discount is available to eligible NEW postgraduate degree students who have previously graduated with a degree from the University. It applies to the portion of tuition fees that you are liable to pay yourself and it is for the first year of study only. To see if you meet the criteria go to [www.abdn.ac.uk/postgraduate/funding](http://www.abdn.ac.uk/postgraduate/funding) or follow the instructions within the following screens.

When you click on the fees part of eRegistration the system should know that you have been a student before and will present the screen below to you.

Read the Guidance Notes and if you feel that you fit the criteria click on the Yes box.
The next screen asks you to complete and submit a simple Application Form.

As you have proposed changes to WHO is to pay your tuition fees you will note from the text box that the Fees Team will assess your application and amend as appropriate if you are eligible. The Team will email you if you are not eligible. Check back in a few days to see if WHO is to pay your tuition fees has been adjusted.

If your application has been successful, when you check back in a few days you will see that you now have 2 (or more) rows of information in the screens. For example, the screen below shows WHO is to pay the tuition fees and you will see that it clearly shows the 20% ALUMNI discount is to be charged separately instead of to the student. This coding displayed next to Alumni Discount on the screen is purely for the University’s accounting and audit purposes and nothing for you to worry about. If you agree with WHO is to pay your tuition fees click on the Yes box.
Once you have read the Statement click on the Agree button to continue. If you are paying the balance of your own tuition fees you will now be taken to the screen where you can choose to make an electronic payment (50% minimum) and/or print out a copy of a Payment Plan (UK bank customers only) so that you can arrange to pay the remaining balance (50%) by three equal and consecutive instalments. An example is below.

If you click on the Make Electronic Payment button you will be taken to a secure payment site. You are not required to make any payment until the start of your studies, but you are advised to do so as using the payment facility considerably reduces the length of time you have to queue to make a payment by other means. You can use this facility on one occasion only in each academic year. Please note that if you are using older browser software eg firefox/chrome you may get a message when you click on the Make Electronic Payment button, saying there is an "error – contact the University", however the action you should take first is to try using newer browser software.

If you wish to make additional payments after using this facility, go to www.abdn.ac.uk/internetpayments. If you do not wish to make a payment at this time, click on the Back button in the middle of the screen and you will returned to the eRegistration Overview page.

If you make a payment using any of the electronic facilities you will receive an automatic email as confirmation of payment. Please take this/these emails with you to your registration venue as proof of payment, and also hand in your Payment Plan (if appropriate) if you have not already sent it by mail.

If you wish a receipt for any amount paid by another method please contact the University’s Cash Office at payments@abdn.ac.uk. If you choose not to make a payment electronically through the ePayment facility it could take a week, or longer at busy times, for your payment to be processed on the Finance system. For alternative methods of payment go to www.abdn.ac.uk/infohub/finance/paying.

The following screen will confirm that you have now completed the Fee Settlement part of eRegistration. Click on Back to return to the eRegistration Overview page. You will notice that the Finance Details part of the shield is now displayed in colour.
