<b>ImageJ</b>	Multi format image editor	Win	Software Center	x	x	x
<b>iTunes</b>	Media player and media library application	Win	Software Center	x	x	x

<sup>1</sup> The Software Center allows you to install a small portfolio of software applications for which the University holds a site licence onto your network PC or laptop - no admin privileges required, simply install at your own convenience.

To see what's currently available, from your PC's Start Menu, select: **All Programs > Microsoft System Centre 2012 > Configuration Manager > Software Center**

Select an item from the list of available software for an overview, requirements and description. Click Install to install on your PC or laptop. Note that the installation of larger packages can take some time and may require a restart. Installation status will be updated accordingly.

<b>Matlab 2012a &amp; 2013a</b>	Computation, visualization, and programming. Further details: <a href="http://www.abdn.ac.uk/dit/student/news/index_2395.php">www.abdn.ac.uk/dit/student/news/index_2395.php</a>	Win, Mac, Linux	<a href="#">Software download</a> Software Center (win only)	x	x	x
