

Ebook Central on your mobile device

Eleni Borompoka, September 2021

QG DBS008 [https://www.abdn.ac.uk/library/documents/guides/qgdb008.pdf]

Ebook Central offers an option to download e-books and read them offline for up to 21 days on your Apple or Android tablets and phones. E-books can be downloaded and read via the **Bluefire Reader**. To download the app simply visit Apple's **App Store** or Android's **Play Store** and search for Bluefire Reader. You can use the Bluefire app even if you're not connected to the internet to:

- Read previously downloaded Ebook Central books that are on your device.
- Read non-Ebook Central PDF documents that are on your device.

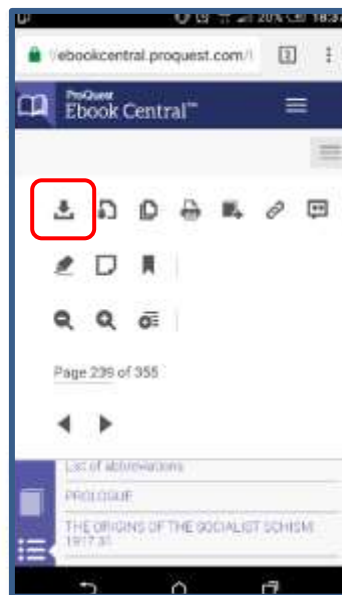

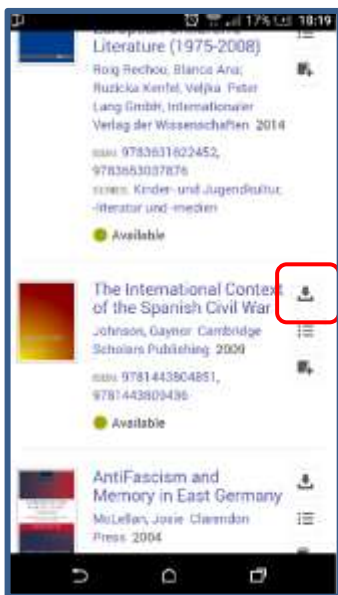

How to install the Bluefire app

1. Go to **App Store/Play Store** on your mobile device, then search for and install Bluefire Reader.
2. Click on **OPEN**. First time users will have to register an Adobe ID via the *Create a Free Adobe ID* link. This will authorize your device to read books in Adobe DRM, ePub and PDF formats.

NOTE: You may already have an Adobe ID if you use Adobe Digital Editions on your laptop or desktop PC. An Adobe ID is not vital for reading Ebook Central e-books on your personal PC/laptop but is needed if you wish to transfer an e-book from your PC/laptop to your phone/tablet. See [here](#) for further details.

Download and read an e-book from Ebook Central

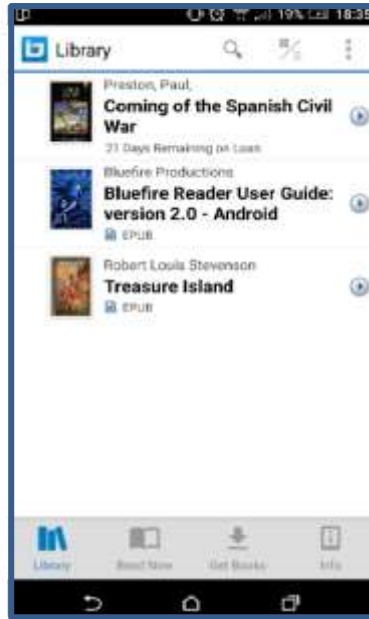

1. Link to Ebook Central via [Primo](#) and search for the e-book you want to read offline on your mobile device.
2. On the results list, tap on the **Download** button next to the title that interests you.

Alternatively, in an open e-book, look for the download icon on the navigation bar.

1. **Select the device** you are using.
2. Proceed to **Install**. Click on **Done with this step** if you are asked to Get Bluefire Reader.
3. **Download** the e-book onto your phone.

If you haven't installed the app prior to looking up books just select *Get Bluefire Reader* [here](#).

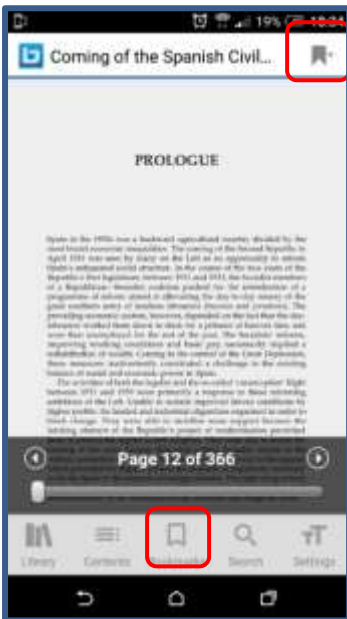

The e-book will be saved in the app on your mobile device for up to 21 days after which point the loan will expire.

Tap on a title to open an e-book you want to read.

Once the e-book is downloaded you can either **Go to Library** or **Read Now**.

Make notes on a page in the Bluefire app

1. To make the Bookmark option appear, tap the bottom or top of an open page.
2. Make notes in the Bookmark window and press OK.
3. Your bookmarked pages and notes can be found in the Bookmarks section at the bottom of the screen.

Troubleshooting – why can't I download an e-book?

When you request to download an entire document Ebook Central checks whether it is OK to download the document. If it is not, you are informed at that point.

1. The publisher might not allow full-document downloading.
2. You may have reached the maximum number of full-document downloads (10).
 - In order to check out another e-book, you would first need to delete one from your Library
 - It may take up to 10 minutes for the return to be processed before you can download another book
