372	Primary education
373	Secondary education
374	Adult education
378	Higher education
380	Trade
382	International trade
385	Transport
390	Customs and folklore

*The University of Aberdeen Library uses the **Dewey Decimal Classification Scheme (DDC)** to organise the resources on the shelves by subject. In the DDC:

- each subject is given a different number called a classmark (each classmark has at least 3 digits).
- each resource is allocated a classmark depending on its subject.
- 3 letters are added after the classmark for more precise shelving.
- these 3 letters are usually the first 3 letters of the author's family name, but not always.
- the classmark and the 3 letters make up the **shelfmark**.
- Within the same subject an author's works can be shelved next to one another.
