Westlaw UK is an online legal service which provides full text access to UK case law, legislation, legal journals, commentary and current awareness alerts, as well as EU and US legal materials.

Accessing the database

Click on Find Databases at the top of the Primo home screen, click W to show databases starting with that letter, then click on Westlaw UK to link out to the resource. You will be taken to the Shibboleth screen to log in with your university username and password. Shibboleth allows you to access Westlaw UK on or off campus.

Welcome page

The first screen which appears is the welcome page. This page offers a search facility covering all sections of the site. Enter your keywords into the search box and specify the collections you wish to search by ticking the relevant boxes. Select Document Title if you want to find a specific document or Document Free Text to find your terms anywhere within a document.

- Click on List of Connectors for a full list of connectors used on Westlaw searches. Commonly used connectors are "AND" and "OR". By default if you enter multiple terms with no connectors, Westlaw UK will automatically insert the '& (AND) connector between them.
- Click on Search Tips for a comprehensive list of search types.
- The Natural Language search facility does not use terms and connectors but allows you to describe your issue in plain English.

Collections navigation bar

The collections navigation bar appears at the top of the welcome page and allows you to search by type of material: Insight, Cases, Legislation, Journals, Current Awareness, EU, Books. We do not subscribe to News. UK national and regional newspapers are available on Lexis®Library.

Selecting a heading on the bar calls up a customised form which allows you to look at that section in more detail. These customised forms are divided into two sections, Search and Browse.
Search
The basic search screens allow you to input keywords into different search boxes, e.g. Free Text, Party Names and Citation (in Cases), Act or SI Title (in Legislation) and Article Title or Author (in Journals). For a more comprehensive search including fields such as Legislation Title or Cases Cited (in Cases and Journals), Law in Force, Historic Law, Prospective Law or Point in Time (in Legislation), click on Advanced Search.

Browse
