Searching in EUR-Lex

EUR-Lex can be searched in a number of ways from the Home page:

- Quick search
- Document number (e.g. Directive 2015/720)
- Celex Number: This is a unique identifier for a document used in EUR-Lex. Details of how these are created is available at: <http://eur-lex.europa.eu/content/help/fag/intro.html#help15>.
- Advanced search.

The screenshot shows the EUR-Lex website interface. At the top left is the EUR-Lex logo with the tagline 'Access to European Union law'. The top right shows the language 'English' and a 'Guest' user profile. Below the header is a navigation bar with 'EUROPA > EUR-Lex home > EU law'. A search bar is prominently displayed with a red border, containing the text 'QUICK SEARCH' and a 'SEARCH' button. Below the search bar is a banner for 'EUR-Lex Survey Your views count'. The main content area is divided into several sections: 'EU law' (with sub-sections like Treaties, Legal acts, Consolidated texts, etc.), 'EU case law' (with sub-sections like Case law, Digital reports, Directory of case law), 'National law and case law' (with sub-sections like National transposition, National case law, JURE case law), and 'Information' (with sub-sections like News, Latest developments on EUR-Lex, Statistics). On the right side, there is a section for 'Official Journal' with the latest issue date '02/05/2019'. Below this is a search filter section with two red boxes: one around the 'Find results by document number' filter (which includes fields for 'Year' and 'Number') and another around the 'Find results by CELEX number' filter. At the bottom right, there are social media icons for Twitter, Facebook, and YouTube, and a link to the 'EUR-Lex e-learning module'.

Using the **Document number search** for Directive 2015/720 takes you to a page where, if you click on the document title, you can select the tab for:

- the text of the directive
- more information about the directive
- the procedure showing the stages from the legislative proposal to the final law
- the transposition of EU law into the national law of the individual EU countries
- a summary of the legislation.

It is possible to display the directive in up to three languages simultaneously and also check to see if the directive is available in an e-OJ with legal value.

The screenshot shows the EUR-Lex website interface for Document 32015L0720. The sidebar on the left contains several navigation options, with the 'Text' tab highlighted in a red box. The main content area is divided into several sections: 'Title and reference' which provides the directive's title and reference; 'Languages, formats and link to OJ' which offers various language and format options (HTML, PDF, Official Journal) for 24 different languages; and 'Multilingual display' which allows users to select up to three languages for simultaneous display. A red box highlights the 'Multilingual display' section, specifically the 'Display' button and a note that states: 'To see if this document has been published in an e-OJ with legal value, click on the icon above (For OJs published before 1st July 2013, only the paper version has legal value)'. At the bottom of the page, the date '6.5.2015', the language 'EN', and the page number 'L 115/11' are visible.

If registered, it is possible to set up RSS feeds and save searches. It is free to register.

- Select the **Collection** or collections you want to search. The search screen changes depending on what you choose.
- If you are unsure what collection to search, leave **All documents** selected, then click on **Choose multiple collections** and tick all the collections you think are relevant.
- Fill in the search screen. Boolean operators can be used.
- Click on **Search**.

The screenshot shows the 'Advanced search' interface. At the top, there are two checkboxes: 'Exclude consolidated versions' and 'Exclude corrigenda', both of which are checked. Below these is a 'Collection' dropdown menu set to 'All documents'. The search criteria are entered as '* Animal testing* AND cosmetics'. The search results are sorted by 'Default' and show 10 results out of 272. The search criteria are: 'Animal testing' AND cosmetics. The search is performed on 'All documents' collection. The search results are sorted by 'Default' and show 10 results out of 272.
