

### **COURSE LIST**

### Welcome to Umeå School of Business, Economics and Statistics (USBE)!

In Sweden we separate between **Business Administration**, **Economics** and **Statistics**, therefore a lot of courses within one of the subjects does not mean you automatically meet the prerequisites in the other.

To be sure you are eligible to the courses of your choosing, read the prerequisites carefully!

#### **Full-time studies**

30 ECTS (credits) equals full-time studies.

Students can only be admitted to 30 credits each semester. Make sure to choose courses up to 30 credits when applying to courses, courses that exceeds 30 credits will be dropped.

The only exemption to this is *Swedish for International Students, Beginner's Course I, II* and *III*. If a student has applied to one of these courses they can be admitted to 45 credits.

Courses structure examples:

#### **Credits and classes**

Courses given by USBE are usually either 30 credits, 15 credits or 7.5 credits.

If a course is 30 credits, it usually consists of four modules given in sequence. You must pass all modules to pass the course.

A course that is 15 credits usually consists of two modules. You must pass all modules to pass the course.

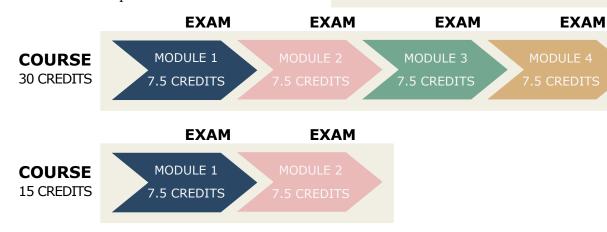

Exams are usually given at the end of a module.

#### Study pace

Most courses given by USBE has a study pace of 100%, unless stated otherwise.

It is not recommended to study two courses with a study pace of 100% at the same time. When choosing courses, make sure you keep the study pace of the courses and the dates of the courses in mind in order to avoid this.

In the upcoming pages you will see courses offered in Business Administration, in Economics and in Statistics. By clicking on the title you will be directed to the course page where you can read about the course. As an incoming exchange student at USBE, you are also able to apply for courses offered by other departments at Umeå University. Full course catalogue for incoming exchange students can be found <u>here</u>.
