

# Minibeast Garden Guide – the best spots to hunt for minibeasts!

## Cruickshank Botanic Garden

## Minibeast Key

- A:** Have a look for some solitary bees and ants.
- B:** Search for spiders webs in the hedgerows.
- C:** Use magnifying bug boxes to have a closer look at the bugs in the bushes!
- D:** Hunt for dragonflies and other aquatic insects.
- E:** Spot the bees along the herbaceous border
- F:** Look for snails hiding in the nooks and crannies along the wall.
- G:** Hunt for bugs lurking around the logs
- H:** Explore the area with magnifying lenses to see what's about!
- I:** Take a closer peek at the leaves on the trees. Can you spot insects or insect damage?
- J:** Look closely for soil minibeasts around the logs.
