The Scottish Universities Physics Alliance (SUPA) opens a single door into all Physics PhDs in Scotland. When you apply for a SUPA PhD Studentship, you will also be considered for all other funded places available in Physics departments in Scotland.

Applications should be made at [http://apply.supa.ac.uk](http://apply.supa.ac.uk) by 31st January 2014.

All Physics PhD students in Scotland are considered SUPA Graduate School students and are eligible to attend all educational and training activities.

**Scottish Universities Physics Alliance PhD Studentships**

Major themes pursued by researchers in SUPA are:
- Astronomy and Space Physics
- Condensed Matter and Material Physics
- Energy
- Nuclear and Plasma Physics
- Particle Physics
- Photonics
- Physics and Life Sciences
