# Introduction

Welcome, to this first Prospectus of AFG College with the University of Aberdeen.

We are proud to be the first UK University to operate on a dedicated campus in Qatar. We offer undergraduate programmes in Accounting & Finance and Business Management and we have ambitious plans to expand the portfolio. We aim to expand the programmes on offer in the future, with additional undergraduate and new postgraduate programmes, in Science, Technology, Engineering and Mathematics disciplines.

The University of Aberdeen is the fifth oldest university in the UK, dating back to 1495. Over the past 500 years, we have consistently offered life-changing opportunities for all of our students to ensure that they fulfil their potential. We have a proud heritage in research and teaching combined with a modern outlook.

Our students directly benefit from research-led teaching. We are consistently ranked among the world's best universities and our knowledge and experience produce an outstanding learning experience.

We are committed to providing an education that inspires and provides our students with the knowledge and skills that will lead to a fulfilling career. I look forward to welcoming all our students to the modern and impressive new campus of AFG College with the University of Aberdeen.

**Professor Sir Ian Diamond**  
Principal and Vice-Chancellor,  
University of Aberdeen

## Accountancy and Finance Business Management

Accountancy and Finance is a great combination of subjects to help you prepare for a stellar career in international finance, business, politics, media or many other sectors. You will gain a thorough grounding in the theory and practice of accountancy, set within the wider perspective of the principles of finance and how organisations operate within a fast-changing global economy.

### Why this programme?

- The programme is accredited by ICAS, CIMA and ACCA which can form part of a direct path to being granted exemptions from the examinations necessary to get professional qualification status.
- You will study in a dynamic teaching and research environment and be taught by staff with a wide range of backgrounds and experience.

Business Management explores the theory and practice of how people and organisations are managed in a highly competitive global business environment, taught by leaders in this highly topical field. You will benefit from real-life scenarios, giving you the skills, experience and attributes for a head start across a wide range of careers in the international business world.

### Why this programme?

- A high proportion of our staff are research-active.
- In our programmes we put an emphasis on evidence-based management
- Our programmes ensure a focussed experience where students can specialise in Business from Year 1.

*“The accountancy and finance degree was a great experience, and extremely beneficial to my future career. I met some wonderful people and staff during my time at Aberdeen University.”*

**Rhiann Simpson,**  
MA Accountancy and Finance

*“When I interviewed at a previous employer, I was told I was only successful because I had a very good degree from a traditional research-intensive University.”*

**Anneke Janz,**  
MA Business Management

*“I went through the college route to University. I thought going through this route meant that achieving a first-class honour degree was impossible but the exceptional standard of teaching and guidance at the university of Aberdeen business school directed me to achieve that goal. This degree has set me up for the professional world and helped me obtain a summer internship which has now turned into a full time job.”*

**David Smith,**  
MA Accountancy and Finance
