## Voters for Mr. Bannerman!

**DELAY** breeds danger, and the **Enemy** is busy, persevering, and cunning.

There are a thousand tales set agoing to catch whichever of you shall be foolish enough to believe one of them.

Every "**good man and true,**" ought to think, that the Election **MAY** turn on **HIS VOTE ALONE**, and ought to have it made a good one ere he go to bed, by applying at

**N<sup>o</sup>. 27, ADELPHI, Union Street,**

where Claims are filled up every day, (Gratis) from 9 in the morning till 8 at night, without intermission.

The press of business, if many put off long, may render their registration within the **fatal day** impossible.

---

*No Claim can be received after the*  
**20th August.**

---

N. B.—The filling up your Claims is a simple matter, and will cause you neither trouble, risk, nor expense, as you will find by applying as above.

ABERDEEN, 10th August, 1832.
