

Fellow Citizens,

The Traitors are at their dirty work again! but their LIES will not tell here as they did in London. They say the expense already incurred by the Town Council is £1500 or £2000. It is not half the amount.

They tell us we would have got from Mr. Duncan £3000; his own extreme valuation of the Links was £1500.

No doubt you might, as they say, sell your Links and every other Public privilege you possess. You may coin your dearest rights into paltry Pounds, Shillings, and Pence; BUT where would your real gain be?

A HATER OF FALSEHOOD.
