

Jachin and Boaz. The Secrets of Freemasonry Revealed. 1s., post free.
Jones's Boy. Dialogues between an *enfant terrible* and his father. 1d.

BY JAMES LEATHAM.

We are always glad to see a pamphlet by our comrade, J Leatham, as it is sure to contain spirited writing and pointed arguments.—*Justice*.

Socialism and Character. A Contribution towards a System of Applied Ethics. With a portrait of the Author. 1s. Postage 2½d.

An indication of the mellowing of Socialism. . . . Profoundly interesting. . . . A searching criticism from within of the methods of Socialist propaganda; and urges the exposition of a fuller philosophy than has hitherto been preached. . . . Puts the case in a practical way that will appeal very strongly to our readers. . . . Admirable. . . . We thank him for his eloquent and convincing testimony to the truth of his own saying that "man does not live by politico-economical bread alone."—REGINALD A. BECKETT in *The Labour Propbet*.

William Morris, Master of Many Crafts. A Study. 128 pages. With a portrait of Morris. Antique paper, broad margins. Stiff paper covers, 1s; post paid, 1s. 1½d. Cloth, 1s. 6d.; post paid, 1s. 8d. Third edition.

The exposition has the merit of being exceedingly lucid.—*Aberdeen Free Press*.

A noteworthy book.—*People's Journal*.

An excellent book.—*Morris Bulletin*.

Beautifully printed, as a work on the Master Printer ought to be. The best chapter is that which deals with "Morris the Man." Here Mr. Leatham is able to contribute some slight personal reminiscences of his own.—*Morning Leader*.

Sympathetic and informing. Written with discrimination and insight. . . . This little book, produced in a way that would earn the praise of Morris the Printer, should certainly help towards the understanding of a much misunderstood and vaguely apprehended genius.—*Literary World*.

The Style of Louis Stevenson, with Some Remarks on the Present State of Scottish Prose Fiction. Second edition. 6d., post paid.

Interesting and acute. . . . Well written and abounding in point and observation.—*Aberdeen Journal*.

Contains a capital analysis of Stevenson's style and a description of the outstanding qualities of the "prince of romancers."—*Labour Leader*.

An excellent little essay on an exquisite "little master." Mr. Leatham writes in his usual trenchant style, but his pen is never dipped in gall.—*Justice*.

The *Glasgow Herald* devoted three-quarters of a column to a review of and extracts from the pamphlet.

D'Ye Mind Lang Syne? A Tale of the Early Days of the Socialist Movement. 95 pages. 6d., post paid.

Happily presented. . . . Finally, the book has a clear note of its own with reference to Socialism.—*Glasgow Herald*.

A singularly well-written story. . . . A strong intellectual strain runs throughout, and the dialogue is always entertaining.—*Bon-Accord*.

Told with gay good humour.—*Daily Free Press*.

Pulses with realism.—*Peterhead Sentinel*.

Is the State the Enemy of the People? A Refutation of a Revived Heresy. 1d.
The Bleeding of Britain. A pamphlet that ought to be circulated. 1d.

The Social Teaching of Oliver Goldsmith, a Long-Delayed Vindication. Second edition. 1d. Goldsmith from a quite new point of view.

The Settling of Britain. Some Neglected Historic Origins: Economic, Political, Social, Judicial. Second edition. 1d. At present out of print.

Very suggestive. Mr. Leatham is especially good in his remarks on feudalism and the enclosure of common lands.—A. E. Fletcher in *The Clarion*.
