

ENVIRONMENTAL POLLUTION AND REMEDIATION (MSc/PgDip/PgCert)
57F753B1/61F753VX/62F753VZ

Duration: 12 months full-time (MSc); 9 months full-time (PgDip); 4 months full time (PgCert). 24 months part-time (MSc); 18 months part-time (PgDip); 8 months part-time (PGCert).

Content: Candidates must attend the following designated programme of courses unless they have previously passed courses deemed by the Programme Co-ordinator to be equivalent to one or more of the specified courses, in which case another course must be taken with approval from the Programme Co-ordinator. Candidates must take 120 credit points of courses from the compulsory and elective courses in stages 1 and 2.

FULL TIME ROUTE

Stage 1

Compulsory courses:

SS5008 Global Soil Geography (15 credit points)
EV5006 Core Skills for Environmental Sciences (15 credit points)
BI5301 Environmental Pollution (15 credit points)

Plus 0–15 credit points from the following list of elective courses:

SS5305 Soils for Food Security (15 credit points)

Stage 2

Compulsory courses:

SS5500 Remediation Technology (15 credit points)
EV5515 Hydrocarbon Risk Assessment and Remediation (15 credit points)
EV5800 Environmental Analysis (15 credit points)
EK5804 Environmental Impact Assessment (15 credit points)

Plus 0–15 credit points from the following list of elective courses:

EV5803 Land Use and the Changing Environment (15 credit points)

Final Stage (Stage 3)

EV5907 Project in Environmental Pollution and Remediation (60 credit points)

PART-TIME ROUTE

This route will run over two years minimum. Candidates can take up to 120 credit points in an academic year.

Candidates must take 120 credit points of courses including all the compulsory courses and a selection of the elective courses in stages 1 and 2 (listed above) plus the 60 credit research project.

EV5006 Core Skills for Environmental Sciences must be taken in Year 1.

EV5803 Land Use and the Changing Environment must be taken in Year 2, if it is selected.

EV5907 Project in Environmental Pollution and Remediation must be registered for in Year 2. However the work for Project in Environmental Pollution and Remediation may be split between Years 1 and 2.

Part-time students must consult with the Programme Coordinator before registering for courses.

Assessment: By a combination of (1) assignments as prescribed for each course, and (2) for MSc, a dissertation covering the research project. Only candidates who complete (1) at an appropriate standard will be allowed to progress to the final stage leading to an MSc degree.
