## DEGREE OF BACHELOR OF ENGINEERING IN ENGINEERING (CIVIL AND ENVIRONMENTAL) (07H25052)

Students must also comply with the University General Regulations and the Supplementary Regulations for the Degree of Bachelor of Engineering

## All the courses listed below are prescribed for this degree

| PROGRAMME YEAR 1 – 120 Credit Points                           |  |  |                     |                                   |                  |
|--|--|--|---------------------|-----------------------------------|------------------|
| First Half Session   |  |  | Second Half Session |                                   |                  |
| Course<br>Code   | Course Title                                     | Credit<br>Points   | Course<br>Code      | Course Title                      | Credit<br>Points |
| PD 1002  | Getting Started at the University of Aberdeen    | 0  | EG 1504             | Engineering Mathematics 1         | 15               |
| EG 1008  | Principles of Electronics                        | 15   |                     |                                   |                  |
| EG 1010  | CAD and Communication in<br>Engineering Practice | 15   | - EG 1510           | Fundamental Engineering Mechanics | 15               |
| EG 1012  | Fundamentals of Engineering Materials            | 15   |                     |                                   |                  |
| Plus 15 credit points from courses of choice at Levels 1 or 2. |  | Plus 30 credit points from courses of choice at Levels 1 or 2. |                     |                                   |                  |

| PROGRAMME YEAR 2 – 120 Credit Points                           |                                    |  |                     |   |                  |
|--|------------------------------------|--|---------------------|---|------------------|
| First Half-Session   |                                    |  | Second Half-Session |   |                  |
| Course<br>Code   | Course Title                       | Credit<br>Points   | Course<br>Code      | Course Title                                    | Credit<br>Points |
| EG 2004  | Fluid Mechanics and Thermodynamics | 15   | EA 2502             | Solids and Structures                           | 15               |
| EG 2011  | Process Engineering                | 15   | EG 2501             | Design and Computing in<br>Engineering Practice | 15               |
| EG 2012  | Engineering Mathematics 2          | 15   | EG 2503             | Electrical and Mechanical Systems               | 15               |
| Plus 15 credit points from courses of choice at Levels 1 or 2. |                                    | Plus 15 credit points from courses of choice at Levels 1 or 2. |                     |   |                  |

|                    | PROGRAMME YEAR 3 – 120 Credit Points |                  |                     |  |                  |  |  |
|--------------------|--------------------------------------|------------------|---------------------|--|------------------|--|--|
| First Half-Session |                                      |                  | Second Half-Session |  |                  |  |  |
| Course<br>Code     | Course Title                         | Credit<br>Points | Course<br>Code      | Course Title                           | Credit<br>Points |  |  |
| EA 3027            | Geotechnics 1                        | 15               | EA 3518             | Mechanics of Structures                | 15               |  |  |
| EG 3007            | Engineering Analysis and Methods     | 15               | EA 3519             | Design of Structural Elements          | 15               |  |  |
|                    | 1A                                   |                  | EA 3538             | Structural Dynamics                    | 10               |  |  |
| EM 3015            | Stress Analysis A                    | 15               | EA 3720             | Civil Engineering Design and Surveying | 10               |  |  |
| EM 3019            | Fluid Mechanics                      | 15               | EG 3599             | Project and Safety Management          | 10               |  |  |

|  | PROGRAM                                      | ME YEAR 4     | - 120 Credit   | Points                                      |               |
|--|--|---------------|--|---|---------------|
| First Half-Session                           |  |               | Second Half-Session  |   |               |
| Course<br>Code                               | Course Title                                 | Credit points | Course<br>Code   | Course Title                                | Credit points |
| EG 4014 BEng Individual Project (see Note 4) |  |               |  | ite 4)                                      | 30            |
| EA 40JE                                      | Geotechnics 2                                | 10            | FO 4570  | Group Design Project (BEng)                 | 15            |
| EA 40JF                                      | Civil Engineering Hydraulics                 | 10            | EG 4578  |   |               |
| EA 40JG                                      | Advanced Structural Design                   | 10            | Plus 30 credit points from courses of choice at Levels 3 a |   | . 2 and 1     |
| EA 4027                                      | Environmental Engineering                    | 15            |  |   | S 3 and 4     |
|  |  | OR            |  |   |               |
| EA 40JE                                      | Geotechnics 2                                | 10            | EG 45PA  | Individual Project Abroad (BEng)            | 45            |
| EA 40JF                                      | Civil Engineering Hydraulics                 | 10            | EG 4578  | Group Design Project (BEng)<br>(See Note 5) | 15            |
| EA 40JG                                      | Advanced Structural Design                   | 10            |  |   |               |
| EA 4027                                      | Environmental Engineering                    | 15            |  |   |               |
| Plus 15 cre                                  | edit points from courses of choice at Levels | 3 and 4       | 1  |   |               |

|    | Notes   |
|----|---|
| 1. | This programme is accredited by the Institution of Civil Engineers (ICE), the Institution of Structural Engineers (IStructE), the Institute of Highway Engineers (IHE) & the Chartered Institution of Highways & Transportation (CIHT) as partially satisfying the educational base for a Chartered Engineer (CEng). A programme of accredited Further Learning will be required to complete the educational base for CEng. This programme would fully satisfy the educational base for Incorporated Engineer (IEng) registration.  |
| 2. | All course choices at Level 2 and above are subject to students holding the appropriate pre-<br>requisites.   |
| 3. | Candidates seeking entry to the Junior Honours programme (Programme Year 3) must have accumulated, by award or recognition, or been exempted from, at least 240 credit points at levels 1 and 2, including 240 credit points from courses prescribed for this degree programme. Candidates who do not meet this progression requirement but who do meet the requirements for progression to Programme Year 3 of the DEGREE OF BACHELOR OF SCIENCE IN ENGINEERNG (CIVIL) may transfer to this programme with a view to transferring back to an honours programme for the commencement of Programme Year 4. |
| 4. | EG4014 will commence in 1 <sup>st</sup> Half-Session and credits will be awarded at the 2 <sup>nd</sup> Half-Session examination diet. It is an expectation that candidates allocate the equivalent of 15 credit points of effort to EG4013 during the 1 <sup>st</sup> Half-Session and 15 credit points of effort during the 2 <sup>nd</sup> Half-Session.   |
| 5. | Candidates undertaking EG 45PA Individual Project Abroad (BEng) will undertake EG4578 Group Design Project (BEng) remotely from their host institution.   |
