BRICON PAPERS

SNS/10/14 & SNS/11/4 are drafts of the same text:

"De la guerre acharnée et de ses conséquences diverses."

SNS/10/14 is not folded properly. The beginning ("Rien n'est si simple...") is "inside".

Both these drafts are incomplete but SNS/10/14 is a slightly longer version.

SNS/15/16 (English) seems to be a translation of the above text (at least of the latter part of SNS/10/14, which deals with the warm reception Treherne met with in Britain. Maybe what is missing in SNS/10/14 is the French version of SNS/15/16 .... ?)
