- Intern of the Month
- Internship 3 worksites
- Welcoming Katalin
Welcome Message from the Project SEARCH University of Aberdeen onsite Team.

Hi everyone,

This month the interns went to Aberdeen City Council Offices for their own “Meet the Interns” event, we held the interview day for the 2016-2017 Interns, and Interns began their third and final internships at the University of Aberdeen.

Project SEARCH welcomes Katalin Szappanos to the onsite team as a Robert Gordon University HR student. We look forward to having her with us for the duration of the term.

By Lisa Mant
The Interns, Andrew and Catriona went to Aberdeen City Council Offices at Marischal College to meet with representatives from a variety of different departments working within Aberdeen City Council. Interns watched a brief presentation about the City Council and the role they play in the local community. Interns had an opportunity to walk around different stations set up for each department to learn about the different types of jobs and vacancies within the department. The day ended with a presentation regarding the local authority recruitment processes, and a tour of the Town House.
Our Project SEARCH 2016-17 Interviewees came for their interview day for the course starting after the summer. Upon arrival all candidates were assigned to either the Blue or the Red group for the days activities. After introductions from the onsite team, the day began with a simple game followed by activities with in the middle of the two activities, the interviewees had their individual interviews. It was a fab day, meeting the interviewees and we would like to thank Bruce, Claire, Jenny and Duncan who helped us on the day.
Name: Erin Troup     Reasons:
1. The first Intern in this current group of Interns to gain employment.
2. She applied online by use of the internet and got interview.
3. We are all chuffed that she got a full time job with McDonalds.
