About this guide

Welcome to your Bupa Select membership guide.

At Bupa, we know that insurance can be hard to follow. That’s why we’ve made this guide as simple as possible. You’ll find individual chapters that deal with each aspect of your Bupa cover, including a step-by-step guide to making a claim.

Please make sure that you keep this guide somewhere safe. You’ll need it when you come to claim.

If any of the terms or language used leave you confused – don’t worry, we’ve also included a glossary featuring clear definitions of words that are in bold and italics in the text.

If you require correspondence and marketing literature in an alternative format, we offer a choice of Braille, large print or audio. Please get in touch to let us know which you would prefer.

How do I know what I’m covered for?

The precise details of the cover you have chosen are listed in your membership certificate. Please read this membership guide together with your membership certificate, as together they set out full details of how your health insurance works.

How does the membership guide work with my membership certificate?

Your certificate explains the benefits available to you and also provides a series of notes that correspond to the relevant section of the membership guide (where you will find a more detailed explanation of the benefit in your individual policy).

How do I contact Bupa?

We’re always on hand to help.

For queries about your cover we have provided a dedicated number which you will find in your membership certificate.

You can also write to us at Bupa, Salford Quays, Salford M50 3XL.

Your rules and benefits

Effective from 1 April 2018

These are the rules and benefits of Bupa Select
- For anyone joining Bupa Select they apply from their start date.
- For anyone whose membership of Bupa Select is renewed by the sponsor they apply for the period from the first renewal date on or after the ‘effective from’ date.

Words and phrases in bold and italic in this membership guide are defined terms which have a specific meaning. You should check their meaning in the glossary.

Important note – please read this section before you read the rest of this membership guide as it explains how this membership guide and your membership certificate work together.

This Bupa Select Membership Guide and your membership certificate together set out full details of your benefits. They should not be read as separate documents.

This membership guide is a generic guide. It contains the general membership terms that apply to all Bupa Select members. It also contains all the elements of cover that can be provided under Bupa Select. You may not have all the cover set out in this membership guide. It is your membership certificate that shows the cover that is specific to your benefits. Any elements of cover in this membership guide that are either:
- shown in your membership certificate as ‘not covered’, or
- do not appear in your membership certificate

you are not covered for, and you should therefore ignore them when reading this membership guide. Your membership certificate could also show some changes to the terms of cover set out in this membership guide particularly in the ‘Further details’ section of your membership certificate.

When reading this membership guide and your membership certificate, it is your membership certificate which is personal to you. This means that if your membership certificate contradicts this membership guide it is your membership certificate that will take priority.

Always call the helpline if you are unsure of your cover.
How your membership works

The agreement between the sponsor and us
Your cover is provided under an agreement between the sponsor and Bupa. There is no legal contract between you and us for your cover under the agreement. Only the sponsor and Bupa have legal rights under the agreement and are the only ones who can enforce the agreement, although we will allow anyone who is covered under the agreement complete access to our complaints process (please also see ‘Making a complaint’ in this section).

The documents that set out your cover
The following documents set out the details of the cover we will provide for you under the agreement. These documents must be read together as a whole, they should not be read as separate documents.

- **The Bupa Select Membership Guide**: this sets out the general terms and conditions of membership (including exclusions) and all the elements of cover that can be provided under Bupa Select.
- **Your membership certificate**: this shows the cover that is specific to your benefits, including the underwriting method applied, the limits that apply, any variations to the benefits, terms or conditions explained in this membership guide and whether an excess or co-insurance applies to your cover and if it does, the amount and how it applies.

And for underwritten members:
- **Your application for cover**: this includes any applications for cover for underwritten members and the declarations that you made during the application process.

Payment of benefits
We only pay for treatment that you receive, or the benefits that you are entitled to, while you are covered under the agreement and we only pay in accordance with the agreement. We also only pay the benefits that applied to you on the date you received your treatment or the date that you became entitled to those benefits.

When you receive private medical treatment you have a contract with the providers of your treatment. You are responsible for the costs you incur in having private treatment. However, if your treatment is eligible treatment we pay the costs that are covered under your benefits. Any costs, including eligible treatment costs, that are not covered under your benefits are your sole responsibility.

The provider might, for example, be a consultant, a recognised facility or both. Sometimes one provider may have arrangements with other providers involved in your care and, therefore, be entitled to receive all the costs associated with your treatment. For example a recognised facility may charge for recognised facility charges, consultants’ fees and diagnostic tests all together.

In many cases we have arrangements with providers about how much they charge our members for treatment and how we pay them. For treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment direct – such as the recognised facility or consultant – or whichever other person
or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to tell the main member how we have dealt with any claim. Please also see the section ‘Claiming’.

When your membership starts, renews and ends

Starting membership
Your membership under the agreement must be confirmed by the sponsor. Your cover starts on your start date. Your dependants’ cover starts on their start date. Your start date and your dependants’ start date(s) may not be the same.

Covering a newborn baby
If the sponsor agrees, you may apply to include your newborn baby under your membership as one of your dependants.

If your baby’s membership would be as:
- an underwritten member, we will not apply any special conditions to the baby’s cover
- a moratorium member, we will not apply the exclusion for moratorium conditions from the baby’s cover - see Exclusion 33 in the section ‘What is not covered’ but only if both the following apply:
  - you and/or your partner have been covered under the scheme (and if applicable a previous scheme) for at least 12 continuous months before the baby’s birth and
  - you include your baby under your membership within three months of the baby’s birth.

In which case if we agree to cover your baby it will be from their date of birth (or your start date if their date of birth is before your start date).

Renewal of your membership
The renewal of your membership is subject to the sponsor renewing your membership under the agreement.

How membership can end
You or the sponsor can end your membership or the membership of any of your dependants at any time. If you want to end your membership or that of your dependants you must write to us. If your membership ends the membership of all your dependants will also end.

Your membership and that of your dependants will automatically end if:
- the agreement is terminated
- the terms of the agreement say that it must end
- the sponsor does not pay subscriptions or any other payment due under the agreement for you or any other person
- you stop living in the UK (you must inform us if you stop living in the UK), or
- you die.
Your dependants' membership will automatically end if:

- your membership ends
- the terms of the agreement say that it must end
- the sponsor does not renew the membership of that dependant
- that dependant stops living in the UK (you must inform us if that dependant stops living in the UK), or
- that dependant dies.

We can end a person’s membership if there is reasonable evidence that you or they misled us or attempted to do so. By this we mean, giving false information or keeping necessary information from us, either intentionally or carelessly, which may influence us when deciding:

- whether or not we will provide cover for them
- whether we have to pay any claim.

When your membership or your dependants’ membership ends, we may be able to offer you or them continuation of membership on a Bupa personal policy as an ex-group scheme member depending upon how long you or they have been a Bupa group scheme member. This would allow you or them to transfer without any additional special conditions if you or they transferred within three months of leaving the group scheme, without any break in cover. If you would like to consider this option please call 0800 600 500 to discuss it with us.‡

Paying subscriptions and other charges

The sponsor must pay to us subscriptions and any other payment due for your membership and that of every other person covered under the agreement. Bupa Insurance Services Limited acts as our agent for arranging and administering your policy. Subscriptions are collected by Bupa Insurance Services Limited as our agent for the purpose of receiving, holding and refunding premiums and claims monies.

If you contribute to the cost of subscriptions for you and/or your dependants (for example by payroll deduction or by Direct Debit collected by Bupa on behalf of the sponsor) this arrangement does not in any way affect the contractual position set out in the rule ‘The agreement between the sponsor and us’ in this section.

Making changes

Changes to your membership

The terms and conditions of your membership, including your benefits, may be changed from time to time by agreement between the sponsor and us.

Other parties

No other person is allowed to make or confirm any changes to your membership or your benefits on our behalf or decide not to enforce any of our rights. Equally, no change to your membership or your benefits will be valid unless it is specifically agreed between the sponsor and us and confirmed in writing.

‡We may record or monitor our calls.

## Claiming

### Step-by-step guide to making a claim

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Step 1</td>
<td>Visit your GP</td>
</tr>
</tbody>
</table>

The process generally starts with a visit to your GP. Your GP will advise you if you need to see a consultant or healthcare professional.

| Step 2 | Get a referral for your treatment: check which option applies to your cover |

If you need to see a consultant, your GP will provide you with a referral letter which will detail the type of specialist your GP would like you to see. There are some conditions where a GP referral is not normally required and details of these are available from us on request. For information on these conditions please call member services or go to bupa.co.uk/policyinformation. The list of conditions for which a GP referral is not usually required may be updated from time to time.

Check the ‘Cover option’ within the Group Details section of your membership certificate to see whether the Open Referral Service applies to your cover. If your ‘Cover option’ does not state open referral, then it does not apply to you.

- If the Open Referral Service does not apply to you:
  
  We nevertheless recommend that you ask for an ‘open referral’ which will detail the care your GP would like you to have, but will not be addressed to a specific consultant, hospital or healthcare professional. An open referral needs to include your GP’s assessment of your symptoms, the body area affected and medical speciality required.

  By obtaining an open referral we can offer you a choice of consultants, as well as help you to make sure you avoid any extra costs (some consultants charge fees which are outside our benefit limits and if they do, you may need to pay some of the fees). You’ll find a simple open referral form for your GP to complete on: bupa.co.uk/referral

  If your GP does want to provide you with a referral to a specific consultant make sure you confirm with us that they charge within our benefit limits, to avoid being responsible for any unforeseen costs.

- If the Open Referral Service applies to you:

  If the Open Referral Service applies to you, you must obtain an open referral from your GP to ensure that your treatment is covered, and to avoid having to return to your GP and obtain an open referral.

**IMPORTANT:** You must call us to pre-authorise any claim before arranging or receiving any treatment. Failure to obtain pre-authorisation from us means that you will be responsible for paying for all such treatment. We will help you find a consultant or healthcare professional within your local area and confirm the benefits available to you under your cover. You’ll find a simple open referral form for your GP to complete on: bupa.co.uk/referral
Step 3: Call us

Call us so that we can discuss your options and explain which consultants and healthcare professionals are covered under your Bupa membership.

We will let you know what you need to do next and send you any necessary pre-treatment forms you may need to complete.

Remember – if the Open Referral Service applies to you, you must call us before arranging or receiving any treatment.

Step 4: Get a pre-authorisation number

When we have confirmed that your treatment is covered, we will discuss your claim with you and issue you a 'pre-authorisation' number. You can then contact your consultant or healthcare provider to arrange an appointment.

We recommend you give your pre-authorisation number to the consultant or healthcare professional you see so that the invoice for any treatment costs can be sent to us directly. If your company has selected the Open Referral Service, then you must call us to pre-authorise your treatment.

If for any reason you are sent an invoice, simply send it on to: Claims Department, Bupa, Salford Quays, M50 3XL.

Once we have made our payment, we will send you a summary of your claim and treatment details. Please note that payment may take a number of weeks depending on how quickly invoices are submitted to us.

Claims checklist

What you’ll need to make a claim – to help us to make the claims process as simple and swift as possible, please have the following information close to hand when you call to make a claim:

- your Bupa membership number
- the condition you are suffering from
- details of when your symptoms first began
- details of when you first consulted your GP about your condition
- details of the treatment that has been recommended
- date(s) on which you are to receive treatment
- the name of the consultant or other healthcare professional involved
- details of where your proposed treatment will take place
- your expected length of stay in hospital (if applicable)
A Making a claim

A1 Claims other than Cash benefits
If the Open Referral Service does not apply to your cover we recommend that you always contact us before arranging or receiving any treatment. This is the only way that we can confirm the benefits that are available to you before you incur any costs for your treatment. Any costs you incur that are not covered under your benefits are your responsibility.

If the Open Referral Service applies to your cover you must ask for an ‘open referral’ from your GP (please see the ‘Step-by-step guide to making a claim’) and you must call us before arranging or receiving any treatment. We will confirm the medical providers and treatment facilities that you must use. Failure to call us to obtain pre-authorisation for your treatment means that you will be responsible for paying for all such treatment.

Please see the ‘Cover option’ section of your membership certificate – it will state ‘Open Referral’ if the Open Referral Service applies to your cover.

For moratorium members
As a moratorium member you are not covered for treatment of any moratorium conditions. Each time you make a claim you must provide us with information so we can confirm whether your proposed treatment is covered under your benefits.

Before you arrange any consultation or treatment call us and we will send you a pre-treatment form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for. Your GP or consultant may charge you a fee for providing a report which we do not pay. Each claim you make while you are a moratorium member will be assessed on this information and any further information we ask you to provide to us at the time you claim.

Once we receive all the information we ask you for we will:

- if the Open Referral Service does not apply to your cover, confirm whether your proposed treatment, medical provider or treatment facility will be eligible under your benefits
- if the Open Referral Service applies to your cover, confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities you must use
- the level of benefits available to you, and
- tell you whether you will need to complete a claim form.

Please see the ‘Cover option’ section of your membership certificate – it will state ‘Open Referral’ if the Open Referral Service applies to your cover.

If you do not need to complete a claim form we will treat your submission of your pre-treatment form to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form you will need to return the fully completed claim form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.
For non-moratorium members

When you call us we will:
- if the Open Referral Service does not apply to your cover, confirm whether your proposed treatment, medical provider or treatment facility will be eligible under your benefits
- if the Open Referral Service applies to your cover, confirm whether your proposed treatment will be eligible under your benefits and, if so, the medical providers or treatment facilities you must use
- confirm the level of benefits available to you, and
- tell you whether you will need to complete a claim form, if you claim.

Please see the ‘Cover option’ section of your membership certificate – it will state ‘Open Referral’ if the Open Referral Service applies to your cover.

If you do not need to complete a claim form, we will treat your call to us as your claim once we are notified that you have received your consultation or treatment. In most cases we will be notified that you have received your consultation or treatment by your consultant or the provider of your treatment.

If you do need to complete a claim form you will need to return the fully completed claim form to us as soon as possible and in any event within six months of receiving the treatment for which you are claiming unless this was not reasonably possible.

A2 Claims for Cash benefits

For benefits CB1, NHS cash benefit and CB6, NHS cancer cash benefit

- For moratorium members

Call the helpline and we will send you a cash benefit pre-treatment form to complete. You will need to provide details of the history of the medical condition you are claiming for, including information that you will need to ask your GP or consultant for. Your GP or consultant may charge you a fee for providing a report which we do not pay. Each claim you make while you are a moratorium member will be assessed on this information and any further information we ask you to provide to us at the time you claim.

Once we receive all the information we ask you for we will:
- confirm whether your treatment will be eligible for NHS cash benefit
- confirm the level of benefits available to you, and
- send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible and in any event within six months of receiving your treatment unless this was not reasonably possible

- For non-moratorium members

Call the helpline to check your benefits. We will confirm your benefits and send you a claim form which you will need to take with you to the hospital and ask them to complete the hospital sections. You will need to return your fully completed form to us as soon as possible and in any event within six months of receiving your treatment unless this was not reasonably possible.
For benefits CB2 to CB5
Call the helpline to check your benefits. We will confirm your benefits and tell you whether you need to complete a claim form. You must send us either:
  ○ your completed claim form if you need to complete one – in which case you will need to return your fully completed form to us as soon as possible and in any event within six months of receiving your treatment unless this was not reasonably possible
  or
  ○ if you do not need a claim form, a covering letter giving your name, address and membership number together with:
    ○ for family cash benefit: a copy of your child’s birth or adoption certificate
    ○ for other cash benefits: your original invoices and receipts.

A3 Claims for repatriation and evacuation assistance
You must contact us before any arrangements are made for your repatriation or evacuation. When you contact us we will check your cover and explain the process for arranging repatriation or evacuation and making a claim. From outside the UK - or inside the UK when your helpline is closed - call us on: +44 (0)131 588 0542. Lines open 24 hours 365 days a year. We may record or monitor our calls.

A4 Treatment needed because of someone else’s fault
When you claim for treatment you need because of an injury or medical condition that was caused by or was the fault of someone else (a ‘third party’), for example, an injury suffered in a road accident in which you are a victim, all of the following conditions apply when you make such a claim:
  ○ you agree you are responsible for the payment of any costs which may ultimately be recovered from the third party
  ○ you must notify us as soon as possible that your treatment was needed as a result of a third party. You can notify us either by writing to us or completing the appropriate section on your claim form. You must provide us with any further details that we reasonably ask you for
  ○ you must take any reasonable steps we ask of you to recover from the third party the cost of the treatment paid for by us and claim interest if you are entitled to do so
  ○ you (or your solicitor) must keep us fully informed in writing of the progress and outcome of your claim
  ○ if you recover the cost of any treatment paid for by us, you must repay the amount and any interest to us.

A5 Other insurance cover
If you have other insurance cover for the cost of the treatment or services that you are claiming from us you must provide us with full details of that other insurance policy as soon as possible. You must do this either by writing to us or by completing the appropriate section on your claim form. In which case we will only pay our share of the cost of the eligible treatment for which you are claiming.
B How we will deal with your claim

B1 General information

We only pay for treatment that you receive, or the benefits that you are entitled to, while you are covered under the agreement and we only pay in accordance with the agreement. We also only pay the benefits that applied to you on the date you received your treatment or the date that you became entitled to those benefits. Except for NHS cash benefit and Family cash benefit, we only pay eligible costs and expenses actually incurred by you for treatment you receive.

We do not have to pay a claim if you break any of the terms and conditions of your membership.

Unless we tell you otherwise, your claim form and proof to support your claim must be sent to us.

We reserve the right to change the procedure for making a claim. If so, we will write and tell the sponsor about any changes.

B2 Providing us with information

You will need to provide us with information to help us assess your claim if we make a reasonable request for you to do so. For example, we may ask you for one or more of the following:

- medical reports and other information about the treatment for which you are claiming
- the results of any independent medical examination which we may ask you to undergo at our expense
- original accounts and invoices in connection with your claim (including any related to treatment costs covered by your excess or co-insurance – if any).

We cannot accept photocopies of accounts or invoices or originals that have had alterations made to them.

If you do not provide us with any information we reasonably ask you for, we will be unable to assess your claim.

Obtaining medical reports from your GP or consultant: When you need to request a medical report from your GP or consultant, we can do this on your behalf with your consent.

We will always ask for your consent before requesting a report from your doctor on your behalf and we will ask for your consent on the telephone when we explain to you the need for the report. You can choose from three courses of action:

1. You can give your consent without asking to see the doctor’s report before it is sent to us. The doctor will send the report directly to us:

   If you give your consent to us obtaining a report without indicating that you wish to see it, you can change your mind by contacting your doctor before the report is sent to us. In which case you will have the opportunity to see the report and ask the doctor to change the report or add your comments before it is sent to us, or withhold your consent for its release.
2. You can give your consent, but ask to see the report before it is sent to us, in which case you will have 21 days, after we notify you that we have requested a report from the doctor, to contact your doctor to make arrangements to see the report. If you fail to contact the doctor within 21 days, we will request they send the report direct to us. If however you contact your doctor with a view to seeing the report, you must give the doctor written consent before they can release it to us. You may ask your doctor to change the report if you think it is misleading. If your doctor refuses, you can insist on adding your own comment to the report before it is sent to us.

3. You can withhold your consent, but if you do, please bear in mind that we may be unable to progress with your claim. Whether or not you indicate that you wish to see the report before it is sent, you have the right to ask your doctor to let you see a copy, provided that you ask them within six months of the report having been supplied to us. Your doctor is entitled to withhold some or all of the information contained in the report if, in their opinion, this information (a) might cause serious harm to your physical or mental health or that of another person, or (b) it would reveal the identity of another person without their consent (other than that provided by a healthcare professional in their professional capacity in relation to your care).

We may make a contribution to the costs of any report that we have requested on your behalf, this will be confirmed at point of telephone consent. If we do make a contribution, you will be responsible for any amount above this.

B3 How we pay your claim

Claims other than Cash benefits: for treatment costs covered under your benefits we will, in most cases, pay the provider of your treatment direct – such as the recognised facility or consultant – or whichever other person or facility is entitled to receive the payment. Otherwise we will pay the main member. We will write to tell the main member how we have dealt with any claim.

Claims for cash benefits: we pay eligible claims by cheque to the main member.

Claims for overseas emergency treatment under benefit 9: we only pay eligible claims in £sterling. When we have to make a conversion from a foreign currency to £sterling we will use the exchange rate published in the UK’s Financial Times on the Monday of the week in which the first day of your treatment takes place.

C If you want to withdraw a claim

If, for any reason, you wish to withdraw your claim for the costs of treatment you have received, you should call the helpline to tell us as soon as possible. You will be unable to withdraw your claim if we have already paid your claim.

If you do withdraw your claim you will be responsible for paying the costs of that treatment.

D Ex-gratia payments

If we agree to pay for the costs of treatment to which you are not entitled under your benefits, ie an ‘ex-gratia payment’, this payment will still count towards the maximum amount we will pay under your benefits. Making these payments does not oblige us to make them in the future.
E If you have an excess or co-insurance

The sponsor may have agreed with us that either an excess or co-insurance shall apply to your benefits. The membership certificate shows if one does apply and if so,

- the amount
- who it applies to
- what type of treatment it is applied to, and
- the period for which the excess or co-insurance will apply.

Some further details of how an excess or co-insurance works are set out below and should be read together with your membership certificate.

If you are unsure whether an excess or co-insurance does apply to you please refer to your membership certificate or contact the helpline.

E1 How an excess or co-insurance works

Having an excess or co-insurance means that you have to pay part of any eligible treatment costs that would otherwise be paid by us up to the amount of your excess or co-insurance. By eligible treatment costs we mean costs that would have been payable under your benefits if you had not had an excess or co-insurance.

If your excess or co-insurance applies each year it starts at the beginning of each year even if your treatment is ongoing. So, your excess or co-insurance could apply twice to a single course of treatment if your treatment begins in one year and continues into the next year.

We will write to the main member to tell them who you should pay the excess or co-insurance to, for example, your consultant, therapist or recognised facility. The excess or co-insurance must be paid direct to them – not to Bupa. We will also write to tell the main member the amount of the excess or co-insurance that remains (if any).

You should always make a claim for eligible treatment costs even if we will not pay the claim because of your excess or co-insurance. Otherwise the amount will not be counted towards your excess or co-insurance and you may lose out should you need to claim again.

E2 How the excess or co-insurance applies to your benefits

Unless we say otherwise in your membership certificate:

- we apply the excess or co-insurance to your claims in the order in which we process those claims
- when you claim for eligible treatment costs under a benefit that has a benefit limit your excess or co-insurance amount will count towards your total benefit limit for that benefit
- the excess or co-insurance does not apply to Cash benefits.
Benefits

This section explains the type of charges we pay for eligible treatment subject to your medical condition, the type of treatment you need and your chosen medical practitioners and/or treatment facility all being eligible under your benefits.

Notes on benefits
The following notes apply equally to all the benefits and should be read together with those benefits.

Restrictions and/or limitations to benefits
Your cover may be limited or restricted through one or more of the following:

- **benefit limits**: these are limits on the amounts we will pay and/or restrictions on the cover you have under your benefits. Your membership certificate shows the benefit limits and/or restrictions that apply to your benefits.
- **excess or co-insurance**: these are explained in rule E in the section ‘Claiming’. Your membership certificate shows if an excess or co-insurance applies to your benefits. If one does apply, your benefit limits shown in your membership certificate will be subject to your excess or co-insurance.
- **overall annual maximum benefit**: this is a limit on the overall amount we will pay under your benefits each year. Your membership certificate shows if an overall annual maximum benefit applies to your benefits. If one does apply, your benefit limits shown in your membership certificate will be subject to your overall annual maximum benefit. Your excess, co-insurance and any amounts we pay to you on an ex-gratia basis will count towards your overall annual maximum benefit.
- if you are an underwritten member or a moratorium member
- if the Open Referral Service applies to your cover you must obtain an “open referral” from your GP and you must call us before arranging or receiving any treatment. We will confirm the medical providers or treatment facilities you must use. Failure to call us to obtain pre-authorisation for your treatment means that you will be responsible for paying for all such treatment. Please see the ‘Cover option’ section of your membership certificate – it will state ‘Open Referral’ if the Open Referral Service applies to your cover.
- exclusions that apply to your cover: the general exclusions are set out in the section ‘What is not covered’. Some exclusions also apply in this section and there may also be exclusions in your membership certificate.

Being referred for treatment and Bupa recognised medical practitioners and recognised facilities
Your consultation or treatment must in most cases follow an initial referral by a GP after you have seen the GP in person. However, for day-patient treatment or in-patient treatment provided by a consultant such referral is not required in the case of a medical emergency.
There are some conditions where a **GP** referral is not usually required and details of these are available from **us** on request. For information on these conditions please call member services or go to **bupa.co.uk/policyinformation**. The list of conditions for which a **GP** referral is not usually required may be updated from time to time.

Your cover for **eligible treatment** costs depends on you using certain **Bupa** recognised medical and other health practitioners and **recognised facilities**. Please note:

- the medical practitioners, other healthcare professionals and **recognised facilities** you use can affect the level of benefits **we** pay you
- certain medical practitioners, other healthcare professionals and **recognised facilities** that **we** recognise may only be recognised by **us** for certain types of **treatment** or treating certain medical conditions or certain levels of benefits
- the medical practitioners, other healthcare professionals and **recognised facilities** that **we** recognise and the type of medical condition and/or type of **treatment** and/or level of benefit that **we** recognise them for can change from time to time.

Your **treatment** costs are only covered when:

- the person who has overall responsibility for your **treatment** is a **consultant**. If the person who has overall responsibility for your **treatment** is not a **consultant** then none of your **treatment** costs are covered - the only exception to this is where a **GP** refers you (or where **we** refer you when **we** have told you that a **GP** referral is not required for your condition) for **out-patient treatment** by a **therapist**, **complementary medicine practitioner** or **mental health and wellbeing therapist**
- the medical practitioner or other healthcare professional and the **recognised facility** are recognised by **us** for treating the medical condition you have and for providing the type of **treatment** you need
- if the Open Referral Service applies to your cover, you use the medical providers and treatment facilities **we** refer you to when **we** pre-authorise your **treatment** (see below).

**Important**

If the Open Referral Service does not apply to your cover, you should always call **us** before arranging any **treatment** to check your **benefits** and whether your chosen medical practitioner or other healthcare professional or **recognised facility** is recognised by **us** for both treating the medical condition you have and for providing the type of **treatment** you need. Any **treatment** costs you incur that are not covered under your **benefits** are your responsibility.

If the Open Referral Service applies to your cover you must obtain an ‘open referral’ from your **GP** and you **must** call **us** before arranging or receiving any **treatment**. **We** will confirm the medical providers or treatment facilities you **must** use. Failure to call **us** to obtain pre-authorisation for your **treatment** means that you will be responsible for paying for all such **treatment**.

Please see the ‘Cover option’ section of your **membership certificate** - it will state ‘Open Referral’ if the Open Referral Service applies to your cover.

If your *consultant* refers you to a medical or health practitioner who is not a *therapist* *we* may pay the charges as if the practitioner were a *therapist* if all of the following apply:

- your *consultant* refers you to the practitioner before the *out-patient treatment* takes place and remains in overall charge of your care, and
- the practitioner has applied for *Bupa* recognition and *we* have not written to say he/she is not recognised by *Bupa*.

If your **benefits** include cover for **cancer treatment** and your **treatment** does include **eligible treatment** for **cancer** we only pay **consultant** physicians’ fees if the attendance of a **consultant** physician is medically necessary because of your **eligible treatment** for **cancer**, for example, if you develop an infection that requires **in-patient treatment**.
Benefit 3  Recognised facility charges
This benefit 3 explains the type of facility charges we pay for eligible treatment. The benefits you are covered for, including your facility access and the amounts we pay are shown in your membership certificate. You are not covered for any benefits that are either shown on your membership certificate as ‘not covered’ or do not appear in your membership certificate.

Important: the recognised facility that you use for your eligible treatment must be recognised by us for treating both the medical condition you have and the type of treatment you need otherwise benefits may be restricted or not payable.

If the Open Referral Service does not apply to your cover, you should always call us before arranging any treatment to check whether your chosen treatment facility is recognised by us for both treating your medical condition and carrying out your proposed treatment.

If the Open Referral Service applies to your cover you must obtain an ‘open referral’ from your GP and you must call us before arranging or receiving any treatment. We will confirm the medical providers or treatment facilities you must use. Failure to call us to obtain pre-authorisation for your treatment means that you will be responsible for paying for all such treatment.

If, for medical reasons, your proposed day-patient treatment or in-patient treatment cannot take place in a recognised facility we may agree to your treatment being carried out in a treatment facility that is not a recognised facility. We need full clinical details from your consultant before we can give our decision. If we do agree, we pay benefits for the treatment as if the treatment facility had been a recognised facility. When you contact us we will check your cover and help you to find a suitable alternative Bupa recognised treatment facility.

benefit 3.2.1 accommodation
We pay for your recognised facility accommodation including your own meals and refreshments while you are receiving your treatment.

What is not covered

This section explains the treatment, services and charges that are not covered under Bupa Select. The exclusions are grouped under headings. The headings are just signposts, they are not part of the exclusion. If there is an exception to an exclusion this is shown. In the exceptions where, as an example, we refer to specific treatments or medical conditions these are examples only and not evidence that it is covered under your benefits.

This section does not contain all the limits and exclusions to cover. For example the benefits set out in the section ‘Benefits’ also describe some limitations and restrictions for particular types of treatment, services and charges. There may also be some exclusions in your membership certificate.

This section does not apply to Cash benefits CB2 to CB5 as set out in the section ‘Cash benefits’.

Exclusion 1  Ageing, menopause and puberty
We do not pay for treatment to relieve symptoms commonly associated with any bodily change arising from any physiological or natural cause such as ageing, menopause or puberty and which is not due to any underlying disease, illness or injury.

Exclusion 2  AIDS/HIV

Exception: We pay for eligible treatment for or arising from AIDS or HIV if the person with AIDS or HIV:

○ became infected five years or more after their current continuous membership began, or

○ has been covered for this type of treatment under a Bupa private medical insurance scheme (including under the agreement) since at least July 1987 without a break in their cover.

Exclusion 3  Allergies or allergic disorders
We do not pay for treatment to de-sensitise or neutralise any allergic condition or disorder.

○ it comes back or is likely to come back.

Exception: We pay for eligible treatment arising out of a chronic condition, or for treatment of acute symptoms of a chronic condition that flare up. However, we only pay if the treatment is likely to lead quickly to a complete recovery or to you being restored fully to your previous state of health, without you having to receive prolonged treatment. For example, we pay for treatment following a heart attack arising out of chronic heart disease.

Please note: in some cases it might not be clear, at the time of treatment, that the disease, illness or injury being treated is a chronic condition. We are not obliged to pay the ongoing costs of continuing, or similar, treatment. This is the case even where we have previously paid for this type of or similar treatment.
