

What was achieved in

Sleep in the Park 2017...

The support for the event and its impact has been incredible. For EVERY 10 PEOPLE that slept out, we leveraged ONE PERMANENT HOME, and helped to put in place a comprehensive support structure.

None of this would have been possible without the support of everyone who participated and donated.

Thank you for being part of the movement to end homeless in Scotland, for good.

8,000
people

experienced what it is like to sleep out in -6°, and the spotlight was shone on the plight of homelessness

Those participants raised over

£3 million
by fundraising

We received a further

£1m
in philanthropic donations

Bringing our total from the event to just over

£4m

We received pledges for:

169

jobs pledges for homeless and disadvantaged people

37

offers of supported lodging

231

regular donor sign ups

800

homes for our Housing First campaign

The money raised will go towards:

Providing provision of food and employment for people suffering from homelessness throughout the year

Support of night shelters to expand capacity

Funding the support network for people to go from the streets or at extreme risk of homelessness into permanent housing with wrap around support to ensure the tenancies are sustained in line with the Housing First Model

Supporting the Social Bite Village which is welcoming its first residents this month and will provide an accommodation model for the homeless geared at breaking the cycle of homelessness and giving residents pathways into employment and permanent housing
