Like everyone else, SPFO has been very much affected by COVID-19. Our normal working routines have had to change completely. We closed the office for a few weeks at the start of lockdown and worked from home to deliver our service to members. We then re-opened with a minimal staffing presence.

Our first priority, especially at this time, is to make sure our 90,000 current pensioners are paid on time each month. We can do that without difficulty even with the office closed.

We are also still processing new transactions and dealing with enquiries. But both of these might take longer than usual.

Some form of disruption looks set to continue for the foreseeable future. Our arrangements will change with changes to government and other guidance.

**IF YOU DO NEED TO GET IN TOUCH:**
- The News area of our website [www.spfo.org.uk](http://www.spfo.org.uk) will be updated regularly with our current service status.
- Our website also has lots of other information. We’ve just added a Frequently Asked Questions (FAQs) section to the Active Members area. You might be able to find your answer there.
- You can use [SPFOnline](http://www.spfo.org.uk) to view your pension updates, carry out calculations and update your personal details.

**IF YOU STILL NEED TO CONTACT US:**
- Email us at spfo.glasgow.org.uk
- or phone us on 0345 890 8999 (but a limited call centre service may apply at some times because of restrictions.)

**FUND NEWS 2020**
In this edition you’ll find:
- Some reminders about your pension
- Some ideas about your retirement planning and
- Some highlights from our 2020 Annual Report.
• Strathclyde Pension Fund (SPF) is part of the Local Government Pension Scheme (LGPS)
• It is one of 11 LGPS funds in Scotland and around 100 in the UK.
• Strathclyde is the second largest of the UK LGPS funds.
• The LGPS is a statutory scheme established under primary legislation – the Superannuation Act 1972 and Public Service Pensions Act 2013. That means your scheme benefits are set out and protected by law.
• The scheme rules take the form of a series of regulations – the Local Government Pension Scheme (Scotland) Regulations. The regulations are Scottish Statutory Instruments (SSIs). There are separate sets of regulations to set out the scheme benefits, investment arrangements and governance requirements.
• The LGPS is a multi-employer, defined benefit scheme. The benefits are based on final salary for all service to 31st March 2015 and career average earnings for benefits from 1st April 2015.
• The Strathclyde Pension Fund was created in 1974. It has been managed by Glasgow City Council since 1996.
• The Fund is a pool into which member and employer contributions are paid. The money is invested so that pension benefits can be paid as they fall due.
• Participating employers include the 12 local authorities in the west of Scotland; Police Scotland, Scottish Fire and Rescue, and Scottish Water; a number of universities and colleges; local authority subsidiary companies and contractors; and a wide range of other organisations with funding or service links to the local government sector.
• As at 31st March 2020 the Strathclyde Pension Fund had 253,000 members, 168 participating employers and investment assets of £20.9 billion.

WHO MANAGES THE STRATHCLYDE PENSION FUND?
Glasgow City Council’s Strathclyde Pension Fund Committee is the main decision-making body for the Fund. But a lot of other people are involved. You can find out more in the Governance section of our website or Annual Report.

Your annual pension update shows how much your pension from Strathclyde Pension Fund will be.

Your pension update shows the personal details we hold for you and the pension you earned in 2019/2020.

You should check it, as this is the amount that we will adjust for inflation until you retire and it is important that we have the right personal details to allow us to pay your pension benefits when they become due.

This year’s inflation increase for career average benefits was 1.7%, added to your pension account on 1st April 2020.

Final salary benefits increase in line with your current salary.

Your 2020 pension update is available from SPFOnline

**WHAT STANDARD OF LIVING COULD YOU HAVE?**

You will also have a state pension and you might have other pension arrangements. But how much will you need? What’s the minimum you can get by on in retirement? How much would make you comfortable?

If you don’t know, you’re not alone. Research shows that 77% of savers don’t know how much they’ll need in retirement.

Last year the PLSA launched the Retirement Living Standards to help answer those questions. [https://www.retirementlivingstandards.org.uk/](https://www.retirementlivingstandards.org.uk/)

The standards show you what life in retirement looks like at three different levels, and what a range of common goods and services would cost for each level.

They are designed to help everyone to plan ahead for their retirement.

PENSION SCAMS DESTROY LIVES

Fraudsters are singling out people like you and claiming that they can:

• help you access your pension fund
• offer immediate access to cash
• provide a pension loan.

Don’t be scammed.
Keep your pension safe.

IF YOU ARE COLD-CALLED OR TEXT MESSAGED WITH A DEAL TO UNLOCK OR REVIEW YOUR PENSION, DON’T TOUCH IT.

MCLOUD JUDGEMENT

When the LGPS changed from a final salary to a career average pension scheme in 2015, protections for older scheme members were introduced. Similar protections were provided in other public-sector pension schemes.

The Court of Appeal ruled that younger members of the Judges’ and Firefighters’ Pension schemes have been discriminated against because the protections do not apply to them.

The Government has confirmed that there will be changes to all main public-sector schemes, including the LGPS, to remove this age discrimination. This ruling is often called the ‘McCloud Judgment’.

The Government is still considering exactly what changes need to be made to remove the discrimination from the LGPS. This means it has not been possible to reflect the impact of the Judgment in your pension update this year.

If you qualify for protection it will apply automatically— you do not need to make a claim. For more information, see the frequently asked questions on the national LGPS website. Note that career average benefits apply from April 2015 in Scotland.
PROTECTING YOUR FAMILY

Our Guide to the LGPS is available from our website. It details what we would pay if you die before receiving your benefits.

WHO WOULD WE MAKE A PAYMENT TO?
The LGPS regulations do not specify who a lump sum is paid to on death. By completing a nomination form you can help us to pay any lump sum quickly and in line with your wishes. Your current nomination is shown on your 2020 pension update. Remember to update it if your circumstances change or have already changed. Our nomination form is available from the Publications > Members > Forms area of our website and you can change your nomination using SPFOnline.

HOW MUCH?
If you die in service, a death grant of at least 3 times your pay is paid.

COHABITING PARTNERS’ PENSIONS
If you are living with someone that you are not married to, we may pay a cohabiting partner’s pension. At your date of death, you and your partner must have been free to marry or form a civil partnership. In addition your partner will need to provide evidence for at least 2 continuous years prior to your date of death that:
— You were living together as husband and wife or civil partners
— Your partner was financially dependent on you or you were financially interdependent

THE TYPES OF DOCUMENTARY EVIDENCE THAT WE WOULD ACCEPT ARE:
- Joint tenancy or mortgage arrangement
- Joint council tax bill
- Joint utilities
- Joint bank accounts or proof of a transfer of funds between your individual bank accounts
- Joint savings accounts or investments
- Joint credit arrangements
- Beneficiaries of your partner’s will or life insurance

AUTOMATIC SPOUSE’S / CHILDREN’S PENSIONS
There is no need to nominate your husband, wife, civil partner or dependent children for a pension payable on your death, but you should make a nomination for the lump sum.
ACCESSING YOUR BENEFITS FROM 55

You can access your benefits from age 55. However, if you access your benefits before normal pension age, your benefits are reduced for being paid longer. When you do access your benefits, you will still have the option to take tax-free cash. Being signed up for SPFOnline will allow you to calculate your potential benefits. Pensions are still index linked with continuing pensions for your spouse/eligible partners after your death.

FREEDOM & CHOICE AVCs

With our AVC provider Prudential, we have added flexibility to our in-house AVC facility. It is now possible to take all or part of your AVC fund from age 55 as a lump sum without taking your LGPS benefits at the same time. You can contact the Prudential on 0345 6000 343 about this. Only 25% of such lump sum withdrawals are likely to be tax-free.

PRUDENTIAL

TRANSFERS

Before retiring, members usually have the right to transfer all of their pension rights out of the LGPS to a DC arrangement offering ‘flexible benefits’ to then access their benefits from 55. If you are contacted by a legitimate pensions company about taking more of your benefits as a lump sum, don’t give up your benefits lightly. A transfer out of the LGPS is a major financial decision. It needs careful consideration and can only be done after taking advice. We suggest that any members considering this course of action should first read our Freedom and Choice Q&A for LGPS members from the FAQ area on the homepage of our website.
