Dear Colleagues

Further to the June USS member mailing we are pleased to offer, to all USS members, four information sessions from external consultants Mercer to help you understand how the new USS Investment Builder will work. These sessions are intended to help scheme members understand what the changes to the scheme means for them, with a particular focus on the new USS Investment Builder and the choices associated with that new section. Notably:

- All members can make additional contributions to the new USS Investment Builder from 1 October 2016 with the first 1% of any additional contribution matched by the University.
- All members earning above the salary threshold (initially £55,000) will contribute towards the USS Investment Builder from 1 October 2016 on salary above the threshold.

These sessions will take place on the 21 July 2016 and the times and locations for these are noted below. I hope you can find time to attend these and find them informative and useful if however you cannot attend one of these sessions USS will be providing the opportunity for you to join a Webinar or to watch a recorded session online. There may be the possibility to run more sessions later in the year so if you cannot attend one of these sessions or make use of the alternatives that will be available please let me know and we will determine if further sessions can be arranged.
