INTRODUCTION

Section 1: THE UNIVERSITY OF ABERDEEN
Section 2: THE UNIVERSITY COURT
Section 3: FINANCIAL AND AUDIT REQUIREMENTS
INTRODUCTION

These Guidelines have been produced to provide you with much of the key information that you will need to understand regarding the Court and your role as a member.

Section 1 provides some introductory information about the University and higher education in general.

Section 2 explains the role, membership and operation of the Court and your responsibilities as a Court member and a charity trustee. It also sets out some of the basic principles of corporate governance and how they are applied at the University.

Section 3 describes and explains the financial and audit requirements of the University, with particular reference to the need to be accountable for the public money received from the Scottish Funding Council (SFC).

These guidelines are a starting point for your induction as a Court member. They will be supplemented by further induction and guidance from the University Secretary who will be pleased to provide any further information that you may require at any stage.

The University is delighted to have the benefit of your experience to support and guide its strategic development.

1.1 THE UNIVERSITY OF ABERDEEN: HISTORY AND CONSTITUTIONAL CONTEXT

The University of Aberdeen traces its origins to the foundation of King's College in Old Aberdeen on 10 February 1495. King's College came into being by decree of Pope Alexander VI in Rome, upon the petition of William Elphinstone, Bishop of Aberdeen, and with the support of the King of Scotland, James IV.

King's College, or the College of St Mary in the Nativity as it was first known, was the third University to be established in Scotland, following St Andrews in 1411 and Glasgow in 1451. Together with the University of Edinburgh, these first Scottish Universities are generally referred to as 'the four ancients'. They have in common a long history of service to education in Scotland: they trod parallel paths until the period of Victorian reforms, when new legislation confirmed their family identity with similar constitutions, regulations and procedures, and which the University Court itself is part of. The legislation passed at that time remains the constitutional basis for Aberdeen and the other 'Scottish Ancients'.

Marischal College (Founded 1593)

King's indebtedness to the Church and its loyalty to the Crown made it resistant to the realities of the post-Reformation era. A 'post mediaeval' vision of society was taking hold and, at Glasgow, Andrew Melville had achieved considerable progress in establishing a 'new foundation' for its University (1573). At Aberdeen, George Keith – an ardent reformer – decided to enshrine Melville's concept of education by founding a new University, Marischal College. The College was to be a Liberal Arts College with the main emphasis upon humanistic studies.

The University of Aberdeen: the Union of King's and Marischal Colleges

For 267 years, Aberdeen boasted two separate Universities, each with its own statutory rights and degree-granting privileges. The extent of the rivalry between the two colleges has probably been exaggerated, but it is certain that competition for students and an overlap in some areas of the arts curriculum created difficulties. A series of commissions and visitations successively noted the disadvantages of co-existence, but union was not achieved except by the imposition of the Universities (Scotland) Act of 1858.

The 1858 Act represents a milestone in the governance of the four ancient Scottish Universities. To begin with it united and incorporated King's and Marischal into one University and College, in all time coming under the style and title of the 'University of Aberdeen'. Furthermore, it created the University Court and other such instruments "for the better government and discipline of the Universities of Scotland".

As first constituted, the University Court was a body of review, and a court of appeal. It had special powers to scrutinise the financial and administrative decisions made by Senate and the Principal, and was responsible for the quality of their work. More pro-actively, the Court was invested with the power "to effect improvements in the internal arrangements of the University".

Following a further period of review, the Universities (Scotland) Act, 1889, confirmed the structure of the Court and invested it with major new powers, including the sole responsibility to "administer and manage the whole revenue and property of the University". The 1889 Act remains in force, with relatively minor modification only.

The Universities (Scotland) Acts 1858-1966, and ordinances and resolutions made thereunder, regulate the present constitution and governance of the four ancient Scottish Universities – supplemented by the Higher Education Governance (Scotland) Act 2016. The University of Aberdeen has no charter in the sense of an instrument from the Privy Council laying down its constitution. Its governance and structure depend on these Acts of Parliament, supplemented by ordinances approved by the Privy Council and, since 1966, by resolutions of the University Court.

Further details regarding the relationship of these officers with the Court is provided in section 2 of these guidelines, however, the following brief introductions are provided below with further biographies available here [https://www.abdn.ac.uk/about/management/index.php](https://www.abdn.ac.uk/about/management/index.php) and [Strategy and Governance | About | The University of Aberdeen (abdn.ac.uk)](https://www.abdn.ac.uk/about/management/index.php) The University's senior management structure is enclosed at Appendix 1 and a listing of the Directors of Professional Services is included later in this section.

#### Chancellor

The Chancellor is the titular head of the University, and has the function of conferring degrees on persons deemed qualified by the Senate. The Chancellor, who is President of the General Council, is elected by its members and holds office for life. The Chancellor is supported in office by the Pro-Chancellor.

#### Senior Governor

The Senior Governor is responsible for the leadership of the Court and plays a key role in securing good working relationships with the Principal and the Senior Management Team. In common with the other “Scottish Ancients”, the right to preside at meetings of the Court is preferred to the Rector by the Universities (Scotland) Act.

As recommended by the Scottish Code of Good HE Governance, the Court has adopted a protocol (attached as part of Appendix A) setting out the respective roles and responsibilities of the Rector and the Senior Governor and this is formalised in the Court’s Standing Orders.

As required by the Higher Education Governance (Scotland) Act 2016, the Senior Governor is appointed through an election of the students, staff and members of Court of the University.

**Senior Independent Member:** The Court has appointed, as required by the Scottish Code of Good HE Governance, a Senior Independent Member whose primary role is to lead the appraisal of the Senior Governor and to be available to members of Court or Executive Officers as an intermediary if they have concerns which contact through the normal channels of the Senior Governor/Vice-Chair or Principal have failed to resolve or for which such contact is inappropriate

#### Principal and Vice-Chancellor

The Principal is both the resident head of the University and president of the Senate.

The Vice-Chancellor, who is appointed by the Chancellor, discharges the function of conferring degrees when the Chancellor is unavailable. The office of Vice-Chancellor has generally been, and currently is, held by the Principal.
Rector
The Rector is elected by the matriculated students to help represent them with management and as one of their representatives on Court. The Rector has a statutory right to preside at meetings of the University Court and to exercise a casting vote.

Vice-Principals
A Senior Vice-Principal heads the University’s work on strategic planning, and other Vice-Principals have specific University-wide portfolios for specific areas such as Education, Research, Student Recruitment and Regional Engagement.

University Secretary and Chief Operating Officer
The Secretary is the principal officer of the Court and is responsible for ensuring that it acts within its powers and follows proper procedures. The Secretary is also head of the University's professional services and works closely with the Principal and other senior members of academic and professional services staff to achieve the efficient and effective management of the institution.

1.4 ACADEMIC STRUCTURE

The Senate: Role and Responsibilities
The Senate is responsible for the overall planning, co-ordination, development and supervision of the academic work of the institution. It is on the authority of the Senate that all degrees are conferred. The Senate is convened by the Principal.

The Senate: Composition
The Senate consists of (a) the Principal, Senior Vice-Principal, Vice- Principals, Heads of School, Deans, representatives of the Quality Assurance Committee and the University Librarian (b) 79 elected members drawn from teaching and research (including honorary and part-time) staff (i.e. approximately twice the number of ex officio members) elected approximately pro rata by, and on the basis of, the total electorate within each School to serve for a four year period, with half retiring every second year and with retiring members eligible for re-election for one further four year period, (c) student members: the Student President, Education Officer, the thirteen School Conveners and three postgraduate representatives. In addition, the Welfare Officer is in attendance.

The Schools
The University's academic activities are structured into twelve Schools as follows. The Schools operate within a devolved budgetary and planning framework and Heads of School have significant autonomy to deliver their respective plans.

- Business School
- School of Biological Sciences
- School of Medicine, Medical Sciences and Nutrition
- School of Psychology
- School of Engineering
- School of Geosciences
- School of Natural and Computing Sciences
- School of Divinity, History, Philosophy and Art History
- School of Education
- School of Language, Literature, Music and Visual Culture
- School of Law
- School of Social Science

1.5 THE UNIVERSITY’S PROFESSIONAL SERVICES

Responsibility for the non-academic operational aspects of the institution, rests with the University Secretary and Chief Operating Officer. The University's Professional Services are structured as follows:

Tracey Slaven, University Secretary and Chief Operating Officer
Tracey became University Secretary and Chief Operating Officer on 4 January 2021. The University Secretary is responsible for ensuring the quality of information presented to Court and for safeguarding the standards of good governance expected of universities. As Chief Operating Officer, Tracey is responsible for providing direct line management of the Professional Services directorates and their performance in support of Aberdeen 2040.

Tracey was previously Deputy Secretary Strategic Planning at the University of Edinburgh from 2013. During her time at Edinburgh, Tracey was responsible for a broad portfolio including Court Services, Strategic & Business Planning, Student Recruitment & Admissions, Widening Participation and Data Protection & Freedom of Information – as well as co-ordination of the submission to REF2014 and REF2021. In taking forward her roles, Tracey also draws on significant experience of Higher Education policy and strategic change leadership with roles in the Civil Service, Government agencies and in the private sector. In 2018, Tracey became an independent Trustee on the HESA Board, ensuring insight into issues and challenges facing the Scottish Higher Education sector.
Brian Henderson, Director, Digital & Information Services
Combining the Library & IT Services functions, Digital and Information Services delivers a comprehensive package of digital services to the staff and students of the University, as well as providing data centre services for Robert Gordon University and North East Scotland College through an award winning shared service. Digital & Information Services will play a key role in the transformation of the University as we move forward with an exciting package of digital initiatives over the coming years.

Duncan White, Interim Director, Estates & Facilities
The University Estate plays an important role in achieving our institutional ambitions. The Estates & Facilities Directorate supports the ongoing maintenance and enhancement of our buildings, land and facilities to ensure they continue to cater for the diverse needs of our staff, students and local community – providing everything from teaching and research facilities to residential, sporting, exhibition and events venues.

Phil McNaull, Interim Director, Finance and Procurement
The Finance Directorate provides high quality services and advice to staff, students and external bodies across a range of financial services. It comprises four sections - Financial Accounting, Financial Planning and Budgeting, Finance Systems Administration and Procurement.

Debbie Dyker, Director, People
The Directorate of People includes Human Resources, Health Safety & Wellbeing, Student Experience, Student Support, Careers and the Chaplaincy. The Directorate of People plays a key role in supporting the University to deliver upon strategic priorities and institutional initiatives in line with the Strategic Plan.

Jenny Fernandes, Director of External Relations and Marketing
Jenny was appointed to the role of Director of External Relations in September 2020. Jenny heads up the different functions within External Relations, including:

- UK Recruitment and Admissions, including Access and Articulation
- International Engagement and Recruitment, including the Language Centre
- Communications, including Digital Communications
- Public Affairs, Stakeholder Engagement and Events
- Marketing and Brand Development
- Engagement and Conversion

An alumna of the University of Aberdeen, Jenny joined the University in 2004 as Head of the International Office. Prior to that she worked at the University of Glasgow and Queen Margaret University. She studied in the United States and worked as a teacher in Japan. In 2009 she completed her MSc in Education from the University of Edinburgh. Between 2006 and 2010 she acted as Vice Chair and subsequently Chair of the Scottish Universities International Group. She currently sits on the Board of BUILA (British Universities International Liaison Association) as the Scottish lead.

Dr Hulda Sveinsdottir, Director, Planning
The Planning team has oversight of the Strategic Plan and is responsible for managing the University’s strategic planning process, external and internal performance monitoring, the development of the Outcome Agreement with the Scottish Funding Council, the production and administration of management information, risk management, and the development and management of strategic institutional initiatives.

Dr Elizabeth Rattray, Director, Research & Innovation
The Research and Innovation section plays a key role in supporting the University to deliver upon strategic priorities for research and knowledge exchange in line with the Institutional Strategic Plan. The section provides support for research development, commercialisation, knowledge exchange, enterprise activities and provides administrative support for research policy and the newly formed Graduate School for post graduate research students. Research and Innovation is the first point of contact for business - facilitating access to the University’s researchers, services and technologies and offering a wide range of commercial opportunities arising from the University’s research activities.
Dr Gillian Mackintosh, Director, Academic Services and Online Education
The Directorate encompasses the Registry, the Centre for Academic Development and the Online Education team. The Directorate provides professional services support across all aspects of academic student administration from registration through to graduation as well as supporting teaching and learning policy development and quality assurance, and also provides academic development support to staff and students including pedagogic staff development, eLearning expertise and academic skills support.

Rob Donelson, Executive Director of Advancement
Rob Donelson brings over thirty years’ professional experience leading award-winning advancement programs of non-profit organizations in higher education and healthcare. Prior to coming to University of Aberdeen, he served as Executive Director, Development & Alumni Relations at University College Cork in Ireland, and as Vice-President, Development & Alumni Relations at Wilfrid Laurier University in Waterloo, Canada, where he led a team that named its business school.

1.6 GRADUATE AND STUDENT BODIES

Graduate Bodies

The General Council
The General Council comprises four elements:

(a) all graduates of the University;
(b) the Chancellor of the University during her/his tenure of office;
(c) all present and past professors and members of the University Court;
(d) all readers and lecturers who have held office in the University for a period of a year, and all former such readers who have remained on the staff of the University until retirement.

The Council holds two statutory meetings annually. It may also hold special meetings in accordance with such procedure as the Council may by rules determine.

The General Council is empowered to take into consideration all questions affecting the well-being and prosperity of the University and to make representations from time to time on such questions to the University Court, who shall consider the same, and return to the Council their deliverance thereon. The Council elects the Chancellor.

The Business Committee manages the affairs of the General Council and consists of 21 elected members, 4 Graduate Members of the University Court, and 2 ex officio members. The Committee aims to maintain a dialogue with the University Court on all matters relating to the well-being of the University, and meets four or more times a year.

Student Bodies

The Aberdeen University Students’ Association (AUSA)

AUSA is a separate body to the University which works to promote and represent the interests of students and their student experience. It was formed following the merger in 2000 of, the Students’ Representative Council, the Union and the Athletics Association. It is a registered charity with a Board of Trustees. The President of AUSA is the principal spokesperson of the student body, supported by a team of Vice-President (or Sabbatical Officers). The President and one other nominee of AUSA are members of the University Court, and there is student representation across the Senate and on most major University committees and working groups.
1.7 GENERAL HIGHER EDUCATION BODIES AND CHARITIES REGULATOR

Office of the Scottish Charity Regulator (OSCR)
The OSCR is the independent Regulator and registrar for Scotland’s charities including universities and its role is ultimately to support public confidence in charities and their work. OSCRs a non-ministerial office and part of the Scottish Administration following commencement of the Charities and Trustee Investment (Scotland) Act 2005. It is independent of Scottish Government and report directly to the Scottish Parliament every year.

SFC: The Scottish Funding Council
The Scottish Funding Council (SFC) is a non-departmental public body responsible to the Scottish Government to provide financial support for teaching, research and associated activities in Scottish higher education institutions. The University is accountable to the Funding Council as a recipient through it of public funds.

The Council's main functions are: to distribute funds to support teaching and research in higher institutions; to secure that provision is made for assessing the quality of higher education supported by the Council; and to provide Scottish Ministers with information and advice relating to aspects of higher education in Scotland, including the financial needs of the sector.

Universities UK and Universities Scotland
Universities Scotland represents the Principals of the 19 higher education institutions in Scotland. Its role is to promote the contribution of universities to Scottish society and to campaign and lobby on key issues.

Universities UK is the UK level equivalent to Universities Scotland. Universities UK’s mission is similar to that of Universities Scotland but at a UK level.

CUC: Committee of University Chairs and Committee of Scottish Chairs
The Committee of University Chairs (CUC) was formed by the merger of the Committee of the Chairmen of University Councils and the Standing Conference of the Chairmen of the Boards of the post-1992 universities. It provides a forum for discussion for university chairs to enable them, by sharing their knowledge, experiences and problems, to act more efficiently in helping their councils and boards to discharge their responsibilities, and to contribute their own individual knowledge, experience and perspective to the consideration of matters of common concern. It makes representations to the Government and other bodies on matters within the remit of governing bodies, and where appropriate operates in conjunction with Universities UK. In recent years the CUC has been active in addressing issues of governance and has provided advice to institutions on the responsibilities and effectiveness of governing bodies.

The University is normally represented on this body by the Senior Governor. There is also the Committee of Scottish Chairs which meets regularly and deals with issues of governance in consultation with Scottish institutions. It undertakes takes a key role in liaison with Scottish Government and Universities Scotland (The Principals) in representing the views of governing bodies on key sector issues.

2.3 AUTHORITY AND PRIMARY RESPONSIBILITIES OF THE COURT

The constitutional basis, authority and responsibilities of the University Court are derived largely from the statutes contained in the Universities (Scotland) Acts from 1858 to 1966 and in the Ordinances and Resolutions made thereunder. Latterly this has been supplemented by the requirements of the Higher Education Governance Scotland (Act) 2016. The Higher Education Governance (Scotland) Act 2019 put in place measures to improve and modernise the governance of higher education institutions. The Act focussed heavily on reforming the size, composition and diversity of membership of the governing body and introducing an election process for the appointment of the role of Senior Governor.

The University is also a registered Scottish Charity and as such the Court as the governing body is the board of trustees. Therefore, all its members are charity trustees and subject to Scottish charities law, with accountability to the Office of the Scottish Charities Regulator (OSCR).

The University's charitable purpose as registered with OSCR is "The advancement of education", "The advancement of health", "The advancement of citizenship or community development", The advancement of the arts, heritage, culture or science.*

Legally, the University Court is a **body corporate**, with **perpetual succession** and a **common seal**. As a **body corporate**, the Court is recognised in law as owning a legal personality separate and distinct from the personality of its members, and hence is capable of owning property, entering into contracts, employing staff, and suing and being sued. **Perpetual succession** signifies the Court's power to appoint its own members (subject to statute) without further reference to any external authority. **The Common Seal** represents the Court's authority to secure or guarantee its undertakings. The University Seal, together with signatures of Court members continues to be used to endorse formal legal documents on behalf of the University.

**Ordinances and Resolutions**

An Ordinance is a further definition, clarification or stipulation of existing powers, as prescribed by Acts of Parliament. The process of passing an Ordinance is set out in the Universities (Scotland) Act 1966 and requires a detailed process of internal consultation before it is submitted for the consent of Privy Council. In practice, this means that the Court must consult with the General Council, Senate and the wider community. An Ordinance takes effect only from the date on which it is passed by Her Majesty in Council.

A Resolution, on the other hand, represents the elucidation of a power which it is within the Court's own competence to enact. The process by which a Resolution is promoted is set out in Part II, Section 6 of the Universities (Scotland) Act (1966). In practice, it requires the General Council and Senate to be consulted and for representations to be sought within the community. To satisfy the latter requirement, it is necessary for draft Resolutions to be on public display on campus or via the website for a stipulated period of one month. In theory, any member of the University, or indeed the public, is entitled to submit a representation on any Resolution in draft within the period of consultation.

Emergency powers: in the event of good cause, the period of consultation may be reduced and a Resolution approved by a majority of two-thirds of Court members. This is in accordance with Section 6(2) of Part II of the Universities (Scotland) Act (1966).

**Authority and Primary Responsibilities of the Court**

Under the statutes contained in the Universities (Scotland) Acts 1889-1966 the University Court is responsible for the administration and management of the University's affairs, including ensuring an effective system of internal control. In addition, Court has responsibilities within the terms and conditions of the Financial Memorandum agreed with the Scottish Funding Council (this is enclosed later in this document) and under charities law.

The powers and functions of the Court are drawn from these requirements of statute and are set out in its Statement of Primary Responsibilities as follows.
2.3.1 STATEMENT OF PRIMARY RESPONSIBILITIES

Strategic Direction

1. To approve the mission and strategic vision of the University, including institutional and longer-term academic and business plans, and key performance indicators, and to ensure that they are consistent with the University’s charitable purpose and meet the interests of stakeholders, including students, staff, alumni, local and national communities and funding bodies.

2. To safeguard the good name and values of the University, its charitable status and purposes.

Supervisory Obligations

3. To delegate to the Principal, as chief executive, authority for the academic, corporate, financial, estate and human resource management of the University, and to establish and monitor such management functions as shall be undertaken by and under the authority of the Principal.

4. To ensure the quality of educational provision through the review of decisions of the Senate made under its statutory powers to regulate and superintend the teaching and discipline of the University and to promote research.

Corporate Responsibilities

5. To be the University’s legal authority and, as such, to ensure that systems are in place for meeting the University’s legal obligations, including those arising from contracts and other legal commitments made in the University’s name.

6. To act as trustee for any property, legacy, endowment, bequest or gift in support of the work and welfare of the University, which is not within the control of the University of Aberdeen Development Trust.

7. To ensure that the University’s constitution, as enacted in the Acts, Ordinances and Resolutions affecting the University 1858-1990 and subsequent legislation, is followed and that appropriate advice is available to enable this to happen.

8. To be the employing authority for all staff in the University.

9. To ensure that the University behaves ethically, responsibly and with respect for the environment and for society at large.

Controls, Accountability and Effectiveness

10. To be the principal financial and business authority of the University, to ensure that proper accounts and financial records are kept, to approve the annual budget and financial statements, to ensure adherence to the funding requirements specified by the Scottish Funding Council, and to have overall responsibility for the University’s assets, property and estate and their use.

11. To ensure the establishment and monitoring of systems of control and accountability, including financial and operational controls and risk assessment and management, so as to maintain the solvency of the University and safeguard its assets.

12. To ensure that processes are in place to monitor and evaluate the performance and effectiveness of the University against approved plans and key performance indicators, which should be benchmarked against other comparable institutions, wherever possible.

13. To ensure that arrangements are in place to promote the proper management of the health, safety and security of students, staff and others affected by the University.
14. To provide institutional leadership in equality and diversity and to ensure there are appropriate policies and procedures to support a culture in which all staff and students can thrive across the University and which meet relevant legislative and regulatory requirements.

15. To make provision, in consultation with the Senate, for the general welfare of students.

16. To ensure that procedures are in place for dealing with internal grievances, conflicts of interest and public interest disclosure.

17. To establish processes to monitor and evaluate the performance and effectiveness of the University Court and its sub-committees and to ensure that business is conducted in as open a manner as possible, in accordance with best practice in higher education corporate governance and with the principles of public life drawn up by the Committee on Standards in Public Life.

18. To ensure, through the appointment of co-opted lay persons, a balance of skills and experience amongst the membership of Court to meet its primary responsibilities.

**Monitoring of Senior Executives**

19. To appoint the Principal as chief executive, and to put in place suitable arrangements for monitoring his/her performance.

20. To appoint the Secretary to Court and to ensure that there is an appropriate separation in the lines of accountability between responsibilities to Court and managerial responsibilities within the University.

Ends

As agreed by Court 23 March 2021
2.4 THE ROLE AND RESPONSIBILITY OF COURT MEMBERS

Each governor is responsible, collectively with all members of Court, for the strategic leadership and governance of the University. That translates into more specific responsibilities of which the following are key:

- To play an appropriate part in furthering the values of higher education and the mission of the University of Aberdeen in particular;

- To ensure that the Court exercises efficient and effective use of the resources of the University, maintains its long-term financial viability, and safeguards its assets, and that proper mechanisms exist to ensure financial control and for the prevention of fraud;

- To exercise oversight in respect of the academic, corporate, financial, estate and human resource functions delegated to the authority of the Principal as chief executive;

- To ensure that Court conducts itself in accordance with accepted standards of behaviour in public life, embracing duty, selflessness, integrity, objectivity, accountability and stewardship, openness, honesty, leadership and respect. Members must at all times regulate their personal conduct as members of the Court in accordance with these standards;

- To establish constructive and supportive but challenging working relationships with the University employees with whom they come into contact, whilst recognising the proper separation between governance and executive management;

- To act fairly and impartially in the interests of the University as a whole using independent judgement and maintaining confidentiality as appropriate.

Responsibilities under Charities Law

In addition, members of Court are also formally Trustees of the University as a charity. All charity trustees have legal duties and responsibilities under the Charities and Trustee Investment (Scotland) Act 2005 Act.

A duty is something that you must do, and all the duties must be met. These duties are separated out into general duties, that set out a broad framework that all charity trustees must work within, and specific duties detailed in the 2005 Act (see the infographic below). The OSCR note that you might delegate the practical details of the specific duties to your charity’s staff, volunteers or professional advisers, but that the charity trustees are ultimately responsible for making sure the specific duties are met. The general and specific duties apply equally to all charity trustees and to all charities. All of the charity’s trustees should work together to make sure that these duties are met. If you fail to comply with these duties then this is misconduct and OSCR have powers to take action against charity trustees, where appropriate. OSCR state that their response will be proportionate depending on the situation. Where a charity trustee has acted reasonably and honestly it is unlikely to be treated as misconduct.

As a charity trustee, the key duty is to look after the charity’s assets and for making sure that the charity fulfils its charitable purpose(s) – the University’s purposes based on OSCR registration categorisations are: the advancement of higher education, of health, of citizenship or community development, and the advancement of the arts, heritage, culture or science.

Under the Charities and Trustee Investment (Scotland) Act 2005 members have duties and responsibilities collectively and individually in law as a charity trustee as follows:

(1) A charity trustee must, in exercising functions in that capacity, act in the interests of the charity and must, in particular—

(a) seek, in good faith, to ensure that the charity acts in a manner which is consistent with
its purposes,

(b) act with the care and diligence that it is reasonable to expect of a person who is managing the affairs of another person, and

(c) in circumstances capable of giving rise to a conflict of interest between the charity and any person responsible for the appointment of the charity trustee—

(i) put the interests of the charity before those of the other person, or

(ii) where any other duty prevents the charity trustee from doing so, disclose the conflicting interest to the charity and refrain from participating in any deliberation or decision of the other charity trustees with respect to the matter in question.
Further Legal Duties of Members
The Court is the ‘employer’ and members should be aware of their obligations as employers of staff and in relation to the University's students. In more detail these obligations are:

(a) as employers:
"...for the employment of the University's staff and for the implementation of its employment policy which includes ensuring that the pay and conditions of employment are properly determined and implemented. In addition, in terms of the Health & Safety at Work Act 1974 and subsequent legislation, the [Court] carries ultimate responsibility for the health and safety of employees, students and other individuals whilst on the University's premises. Its duties include ensuring that the University has a written statement of policy on health and safety and arrangements for the implementation of that policy."

(b) in relation to students: The Education Act 1994 requires the Court "...to take such steps as are reasonably practicable to ensure that the students' union operates in a fair and democratic manner and is accountable for its finances. When the 1994 Act was introduced, of the several student bodies which then constituted the "union", only the Students' Representative Council and the University Union (now merged with the former Athletic Association in the Students' Association) came within the scope of the Act and consequently were obliged to fulfil the requirements. The 1994 Act "...also requires governing bodies to prepare a Code of Practice setting out how the provisions of the Act are to be implemented and for bringing the Act to the attention of students. Such a Code of Practice is in place.

2.5 CORPORATE GOVERNANCE

Governing bodies are entrusted with public funds and have responsibilities in law as charities. They, therefore, have a particular duty to observe the highest standards of corporate governance at all times and to ensure that they are discharging their duties with due regard for the proper conduct of public business. The University and the Court is also required by the Scottish Funding Council as a condition of funding to adhere to the principles of good governance articulated in the sector's Scottish Code of Good HE Governance. Any exceptions must be explained and reported in the statement of corporate governance within the annual report and accounts.

2.5.1 UNIVERSITY CORPORATE GOVERNANCE STATEMENT

The University of Aberdeen each year presents its statement on how it has applied the principles of Corporate Governance in practice within the financial statements. This includes a statement on how the University has applied the principles set out in the Scottish Code of Good HE Governance. These, and that statement, are subject to the approval of Court, usually at its meeting in November each year. As key conditions of funding from the Scottish Funding Council, members should be aware of the requirements of the Scottish Code of Good HE Governance and the Financial Memorandum with the Scottish Funding Council:
http://www.scottishuniversitygovernance.ac.uk/2017-code/ and the Financial Memorandum with the Scottish Funding Council:

2.5.2 PRINCIPLES OF CORPORATE GOVERNANCE

The Nine Principles of Public Life in Scotland

The Scottish Government's Model Code of Conduct for Members of Devolved Public Bodies indicates that the following nine general principles of conduct should be observed in public life:

Duty
You have a duty to uphold the law and act in accordance with the law and the public trust placed in you. You have a duty to act in the interests of the public body of which you are a member and in accordance with the core functions and duties of that body.

Selflessness
You have a duty to take decisions solely in terms of public interest. You must not act in order to gain
financial or other material benefit for yourself, family or friends.

**Integrity**
You must not place yourself under any financial, or other, obligation to any individual or organisation that might reasonably be thought to influence you in the performance of your duties.

**Objectivity**
You must make decisions solely on merit and in a way that is consistent with the functions of the public body when carrying out public business including making appointments, awarding contracts or recommending individuals for rewards and benefits.

**Accountability and Stewardship**
You are accountable for your decisions and actions to the public. You have a duty to consider issues on their merits, taking account of the views of others and must ensure that the public body uses its resources prudently and in accordance with the law.

**Openness**
You have a duty to be as open as possible about your decisions and actions, giving reasons for your decisions and restricting information only when the wider public interest clearly demands.

**Honesty**
You have a duty to act honestly. You must declare any private interests relating to your public duties and take steps to resolve any conflicts arising in a way that protects the public interest.

**Leadership**
You have a duty to promote and support these principles by leadership and example, and to maintain and strengthen the public’s trust and confidence in the integrity of the public body and its members in conducting public business.

**Respect**
You must respect fellow members of your public body and employees of the body and the role they play, treating them with courtesy at all times. Similarly you must respect members of the public when performing duties as a member of your public body.

2.5.3 **CODE OF CONDUCT FOR MEMBERS**

This Code of Conduct applies equally to all members of Court and adherence with it is a condition of appointment to the Court.

The Court recognises that governing bodies are entrusted with public funds and, therefore, have a particular duty to observe the highest standards of corporate governance at all times and to ensure that they are discharging their duties with due regard for the proper conduct of public business. This is a collective responsibility but one which applies equally to individual members of the Court.

**The Nine Principles of Public Life in Scotland**
The Court wholly endorses the nine principles advocated by the Scottish Government’s Model Code of Conduct for Members of Devolved Public Bodies and as recommended by the Scottish Code of Good HE Governance. These nine principles of Duty, Selflessness, Integrity, Objectivity, Accountability and Stewardship, Openness, Honesty, Leadership and Respect, form the basis for this Code of Conduct and are reproduced in full below.

In practical terms, these require that the Court and its members should observe the highest standards of integrity, objectivity and honesty in the transaction of all its business. Members of Court must act fairly and impartially in the interests of the University as a whole irrespective of which constituency they may have been appointed from. Governors must avoid any action which could bring the reputation of the University into disrepute.
Confidentiality
Members are asked to sign a declaration of confidentiality, unless confidentiality has been waived.

Court papers (including draft minutes) are considered to be confidential until after the meeting has taken place although the agenda is made available to staff and students on the website in advance of the meeting. Following the meeting, Court papers except those which are deemed to be confidential are made available to staff and students through the website. Court minutes after they have been approved at the subsequent meeting are made publicly available on the website.

Register of Members’ Interests
It is well understood that all members of governing bodies must act, and be seen to act, impartially and not be influenced in their role by business, social or other relationships. It is not, however, deemed sufficient to avoid impropriety there must be avoidance of any occasion for suspicion or of the appearance of improper conduct.

The Court, therefore, has a Register of Members’ Interests which is available for public consultation on the University’s website. Court Members will be invited to complete their entry in the Register on an annual basis, but all members are asked to give the Clerk written notification of any significant additions to or deletions from entries as soon as these are known.

Declaration of Gifts and Hospitality Offered to members of Court
Court members should also register with the Clerk at any time details of any gifts and hospitality (to the value of £50 or over) offered to them in relation to their role on Court (excluding gifts or hospitality offered by the University itself). The University’s expenses and benefits policy at section 3 UK Bribery Act and section 115 -117 (Gifts) provides further general guidance on gifts and hospitality as does section 1.6.8 of the Financial Regulations. These are available at:

https://www.abdn.ac.uk/staffnet/working-here/expenses-and-advances-582.php

FINANCIAL_REGULATIONS_updated_borrowing.pdf (abdn.ac.uk)

Removal of Members of Court
The Scottish Code of Good HE Governance requires that a governing body must act to remove a member should they materially breach the conditions of their appointment. Adherence with this Code of Conduct is a condition of appointment. The Court has agreed that it will expect any member who is in gross or persistent breach of this Code of Conduct or whose behaviour is deemed to be inimical to the reputation of the Court and the University, to resign. The Court has also approved a formal procedure for the removal of members of Court which may be invoked where a member fails to abide by the Code of Conduct or other conditions of their appointment.

Acknowledgement of this Code
New members are asked in their letter of appointment to acknowledge that they are familiar with this Code of Conduct and that they understand their obligations under it. Individual members of Court are also asked each year – as part of the annual request to complete their entry in the Register of Members’ Interests - to confirm their understanding of their responsibilities as members of the University Court and the declaration of confidentiality.

2.6 LIABILITY OF COURT MEMBERS

The University’s Directors’ and Officers’ Liability Insurance is intended to protect any personal liability which attaches to members of the University Court and Court Membership. A full copy of the policy wording is available on request.

The current Scottish Code of Good HE Governance does not comment on the matter of liability of Court members, however, the following guidance which was previously offered in guidance, prepared by the then Chairmen of Scottish University Courts and Councils and the Chairmen of the Conference of Scottish Centrally-Funded Colleges in association with the Scottish Higher Education Funding Council and issued in October 1996.
Responsibilities of Governors

An institution is a separate legal entity distinct from the individual members of its governing body. The powers and responsibilities of governing bodies are exercised in a collective manner on behalf of the institution. The law relating to personal liability of members of governing bodies is complex and is beyond the scope of this Guide. In general, however, provided members of governing bodies act in good faith, diligently and honestly and do not cause the institution to exceed its powers, legal opinion suggests that members of governing bodies will have no personal liability for collective decisions of the institution.”

2.7 THE FORMAT OF COURT MEETINGS

The Court generally has four meetings each year. Members are asked to declare interests in relation to Court business at each meeting, in addition to their declaration of interests in the Register of Members' Interests.

The Agenda is agreed by the Senior Governor following consultation with the Secretary and the Principal. The agenda and papers are normally issued seven calendar days in advance. All items on the agenda are normally for discussion.

Getting Items on the Agenda

The formal mechanism for requesting an item be included on the agenda is set out in the Court’s Standing Orders – see appendix to this section. In practice, however, members are encouraged to contact the Secretary or Clerk should they wish an item included in the agenda.

The Minutes

Until approved, the draft minutes of Court are confidential to Court. Once approved, the Minutes are made available on the University’s web site. The only exception to this practice are the few Minutes which refer to items of confidential business. When in draft form or approved, such items remain confidential.

2.8 COURT AND SENATE COMMITTEES

Please Note: changes to the current Court & Senate committee structure are under development and are expected to take effect from academic year 2022/23. The information provided here will, therefore, be subject to change going forward.

The Court delegates much of its detailed work to be addressed in the first instance by sub-committees. These being:

Committees of Court

Policy and Resources Committee
Audit and Risk Committee
Governance and Nominations Committee
Remuneration Committee

Joint Committees of Court and Senate – under review and subject to change

Research Policy Committee
Student Experience Committee
University Education Committee

All of these committees are formally constituted with terms of reference. Where these committees have delegated authority from the Court to take decisions on certain matters, those decisions are to be formally reported back to the Court. Some committees also report to both the Senate and the Court, and as such include representatives of both. The Diagram (further below) outlines the committees of the Court and the Senate and the remit, composition and membership of these are available here

Committees | StaffNet | The University of Aberdeen (abdn.ac.uk)
The Court has also agreed a schedule of matters that will always be reserved for decision to it and articulate the distinction between its role and that of the Policy and Resources Committee.

Schedule of Delegation and Decision-Making between Court and Policy and Resources Committee

The high level articulation of Court’s role and that of the Policy and Resources Committee agreed by Court is:

“the role of Court is to develop and agree strategy and the Policy and Resources Committee should monitor the delivery of that strategy.”

The Court’s Statement of Primary Responsibilities reflects this and sets out in more detail its role and the matters that as the governing body it is ultimately responsible for. In discharging those responsibilities, the Court delegates some of its authority to committees as set out in their respective remits (although Court as the governing body will remain ultimately responsible for any decisions made by sub-committees on its behalf). In this regard, and as agreed by Court in June 2020, the following articulation specifies items of business which will always require approval or discussion by Court. Also set out is the remit of the Policy and Resources Committee which should be considered to be the matters that the Court has delegated authority to it for.

MATTERS RESERVED TO COURT FOR APPROVAL/DISCUSSION

- to approve the University’s Strategic plan and receive reports on Key Performance Indicators;
- to approve the annual report and annual financial accounts;
- to receive reports from the Audit and Risk Committee and to approve the appointment of internal and external auditors on the Committee’s recommendation;
- to approve the University’s budget;
- to approve the University’s borrowing commitments including re-financing or material variation to existing arrangements; any new borrowing arrangements, and any transaction involving any “sale or lease-back” of material assets;
- to approve the University’s Capital Plan;
- to approve proposed expenditure outwith the agreed revenue and capital budget with a value over £5 million and to approve all material asset sales with a value in excess of £1 million;
- to approve any change to prior Court-approved use of the funds raised by the Private Placement/Bond issue;
- to approve annually the University’s Risk Appetite and consider reports on Risk Management;
- to approve the establishment of new campuses whether overseas or in the UK;
- to approve major academic re-organisations of the curriculum on the recommendation of the Senate;
- to approve the annual Institution-led Review of Academic Quality;
- to approve significant academic restructuring of the University in consultation with the Senate, in particular changes to the Schools as the formal academic governance and management structure of the University;
- to approve the Outcome Agreement with the Scottish Funding Council;
- to approve the appointment or dismissal of the Principal;
- to approve the appointment or dismissal of the Secretary to the Court;
- to approve, on the recommendation of the Governance and Nominations Committee, the appointment of independent members of Court, changes to the remits and compositions of sub-committees and appointment of the membership of sub-committees;
- to approve the removal of a member of Court from office in accordance with Resolution No 288 Procedure for Removal of Members of Court;
- to approve the Senior Staff Pay policy on the recommendation of the Remuneration Committee for implementation by the Committee at an individual level;
- to approve Ordinances and Resolutions following consultation with Senate and the General Council;

NB: This does not preclude Court from discussing or seeking reports on any matter it deems relevant that are not specified here or which are delegated to committees.
This Committee Structure is under Review with Changes Expected to take effect from Academic Year 2022/23

* The Senior Management Team is an executive committee, not a committee of Court and Senate.
APPENDIX A: STANDING ORDERS OF THE UNIVERSITY COURT

STANDING ORDERS OF THE UNIVERSITY COURT

1. The Court shall meet no fewer than four times each academic year, the schedule of meetings to be determined by the Court, at least annually, in advance. In cases of urgency, additional meetings may be called by the Senior Governor or the Principal, or failing which, by the Senior Independent Member.

2. Any member of Court may request that an item of business be discussed by the Court, with ten working days notice for inclusion on the agenda. Urgent matters may be included on the agenda with the consent of the meeting.

3. Seven members of the Court shall be a quorum. (Universities (Scotland) Act, 1889, Section 5(1)). Subject to the Court being quorate, proceedings of the Court are not invalidated due to a vacancy/vacancies in its membership or a defect in the appointment of any member (Section 14 Higher Education Governance (Scotland) Act 2016).

4. Decisions of Court will, following debate, normally be reached by consensus. A formal vote on any issue may, however, be undertaken if proposed by the Senior Governor or member chairing or at the request of any member if seconded by another member of Court. The University Secretary will be responsible for ensuring the proper conduct of such a formal vote. The decision will be agreed by a majority vote unless otherwise specified.

5. A decision of the Court will continue to be operative and binding until the Court agrees to rescind or vary that decision. Members have collective responsibility for decisions reached by the Court although any member participating in a decision is entitled to have their disagreement with the decision recorded in the minutes.

6. The business of Court will normally be open for discussion by all members of Court. In some very exceptional circumstances items of business may require to be designated as ‘reserved’. The Senior Governor, in consultation with the Secretary (or where it is a matter relating to the Secretary in consultation with the Principal and Head of Governance as formal deputy to the Secretary), will determine when an item of business requires to be designated as reserved and the members of Court who are permitted to access the related information and participate in its discussion. Items of business that might require to be designated as reserved would normally include, but are not exclusive to, matters relating to an individual member of staff’s employment or matters that are commercially sensitive.

7. A decision of Court may also be reached by circulation of members where required. In such circumstances, Court Members will be asked to respond within 5 working days, or exceptionally 3 working days with the agreement of the Senior Governor. In cases of extreme urgency and where a circulation of all members is not practical, for example a decision required within 24 hours, an emergency decision may be taken by the Senior Governor (or Senior Independent Member if not available) and Principal, with the advice of the University Secretary having been sought. Such an emergency decision will be subject to homologation by the Court and communicated to it immediately. Homologation provides the opportunity for Court to discuss and debate whether the decision is formally adopted by Court.

8. On the recommendation of the Governance & Nominations Committee, membership of the Committees of Court will normally be approved annually prior to the commencement of the academic year. A casual vacancy may be filled at any time on the recommendation of the Governance and Nominations Committee. The Court may delegate to any Standing Committee power to deal on the Court’s behalf with any matter within the Committee’s terms of reference.

9. The Court may appoint an ad hoc Committee and may delegate to such a Committee powers to deal with business on the Court’s behalf.
Executive authority of the Court is vested in the Principal as articulated in the agreed schedule of delegated authority. The Court may also delegate authority to a committee, group or individual(s) to implement matters on its behalf.

Notwithstanding the Rector’s statutory right to preside at meetings of Court the Senior Governor of Court, will be responsible for the leadership of the Court, its effective governance and all other duties and responsibilities commonly understood as belonging to the Chair of a university governing body. The University’s Rector’s Protocol sets out the roles of the Rector and that of the Senior Governor in regard to chairing of meetings of Court. In accordance with the Universities (Scotland) Act 1889 (as amended by the Higher Education Governance Act 2016) the Rector and in their absence, the Senior Governor, shall preside at meetings of the University Court and in the absence of both of them a chairperson for the meeting shall be elected by the meeting. The person presiding at any meeting of the University Court shall have a deliberative vote and also a casting vote in cases of equality.

Any questions regarding the proceedings of the Court or application of these standing orders shall be decided by the person chairing with advice from the Secretary, or, if the Chair’s ruling is challenged, at the request of a member of the Court by a vote (if duly seconded by another member).

Amendments to these standing orders will require the approval of the Court. No standing order shall be suspended or dispensed with at any meeting, except with the consent of the meeting.

**Resignation and Removal of Members of the University Court**

The Scottish Code of Good HE Governance requires that a governing body must act to remove a member should they materially breach the conditions of their membership of Court. On joining Court, all members agree to abide by the Code of Conduct for Court Members. Accordingly, the Court has approved a procedure (Resolution 303 of 2021) for the removal from office of a member of the University Court.

Court will expect an appointed or elected/nominated member of Court who is in gross or persistent breach of the Code of Conduct to resign and reserves the right, through the University Secretary, to draw such a situation to the attention of the individual or the body electing/nominating the individual.

Such a breach may occur, for example, through persistent absenteeism, medical or legal impediment (such as a criminal conviction or disqualification as a charity trustees) or behaviour deemed to be opposed to the good standing of the University.

In considering any case for removal, where a breach has been alleged, the Court will require that careful consideration is given to the rights of the member concerned and to ensure that a case for removal is not being made simply because the views of the member were not shared by others or were critical of the University, subject to these being legitimately held and expressed in their capacity as a member of Court.

*As approved by the Court on 28 June 2022*
University of Aberdeen

Protocol on the Roles of the Rector and Senior Governor on Court

To maximise the contribution of both roles to the effective operation of the University we recognise that, as members of Court and therefore charity trustees, the Rector and the Senior Governor will act in the best interest of the University and support informed, collective decision-making by Court.

The Rector will preside at Court ensuring that inclusion and issues of equality and diversity, articulated in our foundational purpose, remain fore-fronted in our decision-making. The Rector will provide an update on current issues to each Court identified through engagement with the student body or work with University staff, Aberdeen University Students’ Association (AUSA) or wider stakeholders. It is recognised that each Rector will approach the engagement and ambassadorial aspects of the Rector role as unique individuals.

The Rector will retain, while presiding at Court, the deliberative and casting vote established in the 1889 Act and rearticulated in the 2016 Act.

While continuing to preside, the Rector will transfer the responsibilities to chair the business items of the Court meeting to the Senior Governor.

The Senior Governor will work with the Senior Management Team to ensure that the business agenda for Court encompasses the responsibilities of Court for strategic leadership of the University, the approval of the University’s budgets and plans and secures assurance from Senate on academic matters. The Senior Governor is responsible for the effectiveness of Court and undertakes the appraisal of the Principal.

If the Rector is not available to attend Court, then the Senior Governor will preside and have a deliberative and casting vote.

Approved by the University Court on 29 September 2021
Martina Chukwuma-Ezike
Rector
Martina is Chief Executive of the Asthma and Allergy Foundation, Scotland’s only dedicated asthma charity, which she founded in 2009. 3 FINANCIAL AND AUDIT REQUIREMENTS

3.1 THE FINANCIAL REGULATORY CONTEXT

3.2 FINANCIAL MEMORANDUM BETWEEN THE SCOTTISH FUNDING COUNCIL AND THE UNIVERSITY OF ABERDEEN
3.1 THE FINANCIAL REGULATORY CONTEXT

The University is publicly accountable for its stewardship of public funds and funds from other sources through the University Court. The University is an exempt charity by virtue of the Charities Act 1960.

The major element of the University's income is paid in annual grant by the Scottish Funding Council (SFC). The Financial Memorandum between the Funding Council and the University sets out the terms and conditions on which the grant is made. The Court is ultimately responsible for ensuring that the conditions of grant are met. The Principal, as designated officer, is required to satisfy Court that there is compliance with the terms of the Financial Memorandum. The financial regulations of the University form part of this overall system of internal control. Existing regulations and financial policies are available to Court members on request or at:

https://www.abdn.ac.uk/staffnet/working-here/finance.php

The Court has delegated certain responsibilities in relation to financial governance to the Policy and Resources Committee. The Audit and Risk Committee is independent of management and communicates directly with Court, and has a wide remit allowing it to consider and investigate any matter pertaining to the financial management and corporate governance of the University.

3.2 FINANCIAL MEMORANDUM BETWEEN THE SCOTTISH FUNDING COUNCIL AND THE UNIVERSITY

The SFC is required to put in place a Financial Memorandum (FM) with each of the institutions that it funds. The FM sets out the formal accountability relationship between SFC and institutions, and the requirements with which institutions are expected to comply in return of payment of grant by SFC.

The FM is an important part of the governance framework within which SFC and institutions operate and it ensures that SFC is able to meet its statutory duties in relation to the Public Finance and Accountability (Scotland) Act 2000 and other legislation. The full text of the FM is attached as an appendix (Appendix C).

Introduction

Purpose of this document

1. This Financial Memorandum (FM) sets out the formal relationship between the Scottish Further and Higher Education Funding Council (SFC) and higher education institutions (HEIs) and the requirements with which HEIs must comply as a term and condition of grant from SFC.

Scope of this document

2. This FM applies to all HEIs in Scotland.

Definition

3. In this document the term ‘institution’ is used in place of ‘higher education institution’. The term ‘chief executive officer’ refers to an institution’s Principal.

Compliance with the Financial Memorandum

4. The responsibility for ensuring that the institution complies with this FM rests with the governing body of the institution. Questions about the interpretation of the FM may be raised with officers of SFC at any time.

5. Where the institution’s interpretation of the FM differs from that of SFC, the SFC will seek, wherever possible, to reach agreement in a spirit of partnership with the institution. However, SFC’s interpretation of this FM shall be final.

Effective date

6. This FM shall take effect from 1 December 2014.

Structure of this document

7. The FM is in two parts:
   - Part 1: defines the relationship between SFC and the institution and the responsibilities of each for the proper stewardship of public funds.
   - Part 2: contains the general requirements that apply to all institutions.
Part 1: The relationship between SFC and the institution

Responsibilities of the Scottish Funding Council

1. SFC is the national, strategic body with responsibility for funding further and higher education, research and other activities in Scotland's colleges, universities and other HEIs. Its funding decisions support the Scottish Government's national priorities.

2. SFC is a Non-Departmental Public Body (NDPB) of the Scottish Government and undertakes its functions under the terms of the Further and Higher Education (Scotland) Act 2005 (the 2005 Act), as amended, including by the Post-16 Education (Scotland) Act 2013. In particular, SFC may make grants, loans or other payments to the governing bodies of institutions for the provision of further education, higher education, research and related activities.

3. The legislation also confers certain duties and responsibilities on SFC, including securing coherent, high quality further and higher learning provision, and the undertaking of research.

4. Under the terms of the 2005 Act, SFC may attach terms and conditions to the payment of grant made to institutions. It is a term and condition of grant payment from SFC that the institution's governing body and its designated officers comply with the requirements set out in this FM.

Accountability

5. SFC is accountable to the Scottish Ministers for the use of public funds provided to it under the terms of the relevant legislation.

6. The Chief Executive of SFC has also been appointed Accountable Officer under the terms of the Public Finance and Accountability (Scotland) Act 2000 and is responsible and accountable to the Scottish Parliament for ensuring that funds provided to SFC are used for the purposes for which they have been given, and in ways that comply with the conditions attached to them. The Accountable Officer has a personal responsibility for the propriety and regularity of the public finances provided to SFC, and for ensuring that funding is used economically, efficiently and effectively.

Assurance

7. In order to meet his or her responsibilities, the Chief Executive of SFC must be satisfied that the governing body of the institution meets the requirements of this FM as a condition of receiving grant funding from SFC. SFC will therefore seek financial management and other information from the institution but, as far as possible, will rely on data and information that the institution has produced to meet its own needs. If further information is required, SFC will make a specific request in the context of its commitment to efficient regulation.

8. Where SFC has concerns or insufficient information to provide the assurance required, it will, in the first instance, seek to resolve matters with the chief executive officer of the institution. Where this has not proved possible, or in the case of significant concerns, SFC's Accountable Officer will inform the chair of the governing body and the institution's chief executive officer in writing – and without delay – and will specify what action is required to address these concerns.

9. Where circumstances warrant it, SFC's Accountable Officer may suspend the payment of any or all grants to the institution. SFC may also use its powers to attend and address a meeting of the governing body.
What the institution can expect of SFC

10. SFC will conduct its affairs to high standards of corporate governance and public administration. It will maintain a complaints procedure and a separate appeals process for funding decisions.

11. SFC will act reasonably on the basis of the fullest available evidence and objective analysis. Subject to any legal requirement to observe confidentiality, it will be open and transparent with the institution, and with other stakeholders, and will give, or be prepared to give, a public justification of its decisions.

12. SFC recognises that the institution is an autonomous body. SFC will not substitute its judgements for those which are properly at the discretion of the institution. In particular, SFC will seek to maximise the discretion of the institution to use grants provided to it by SFC.

13. In discharging its responsibilities, SFC will seek to make regulation efficient and meet the principles for Better Regulation of Higher Education in the UK.

14. SFC will seek at all times to work in a spirit of partnership with the institution, including maintaining regular dialogue with the institution and, where appropriate, its representative bodies. The aim of that partnership will be to help the institution deliver its strategic priorities through the agreement of an Outcome Agreement with SFC, and ensure that SFC can deliver its priorities and undertake its statutory and other functions. SFC recognises that the institution may also undertake activities, and have to comply with legislation and regulation, which may fall outside the scope of this partnership.

15. SFC will allocate and pay grant to the institution in accordance with current published policies and procedures. The institution will be consulted in advance and given reasonable notice of any significant change to these policies and procedures and of significant changes in overall funding levels.

SFC’s governance requirements of the institution

16. The SFC must be able to rely on the whole system of governance, management and conduct of the institution to safeguard all funds of the institution deriving from the Scottish Ministers and to achieve the purposes for which those funds are provided.

17. SFC requires the governing body to comply with the principles of good governance set out in the Scottish Code of Good HE Governance. SFC also requires the governing body to ensure that:

- Public funds are used in accordance with relevant legislation, the requirements of this FM and only for the purpose(s) for which they were given. Strategic, Capital or other grant funding must only be used for the purpose for which it is provided by SFC.
- Subject to any legal requirement to observe confidentiality, the institution will be open and transparent with SFC and other stakeholders, and will give, or be prepared to give, a public justification of its decisions in relation to the use of public funds.
- The institution strives to achieve value for money and is economical, efficient and effective in its use of public funding.
- There is effective planning and delivery of the institution’s activities in accordance with its mission and its Outcome Agreement agreed with SFC.
- The institution plans and manages its activities to remain sustainable and financially viable. An institution is being managed on a sustainable basis if, year on year, it generates sufficient income to cover its costs and allow a margin of surplus for investment in its infrastructure – physical, human and intellectual – at a level which enables it to maintain adaptive capacity necessary to meet future demands. However, SFC recognises there could be strategic circumstances that result in the institution making a planned deficit over a short period of time; for example, strategic investment for growth, where the return on investment is not realised immediately.
- The institution has a sound system of internal management and control, including an audit.
committee, an effective internal audit service, and adequate procedures to prevent fraud or bribery

- The institution has an effective policy of risk management and risk management arrangements
- The institution has regular, timely, accurate and adequate information to monitor performance and account for the use of public funds. Such information will be made available to SFC on request, as necessary, for the exercise of its functions and to gain assurance
- The institution is engaged actively in continuously enhancing the quality of its activities and involves students and other stakeholders in these processes

18. As well as being accountable directly to the governing body for the proper conduct of the institution’s affairs, the chief executive officer is also accountable directly to SFC’s Accountable Officer for the institution’s proper use of funds deriving from the Scottish Ministers and its compliance with the requirements of this FM.

19. The chief executive officer of the institution must inform SFC’s Accountable Officer without delay of any circumstance that is having, or is likely to have, a significant adverse effect on the ability of the institution to deliver its education programmes, research and other related activity, including delivery of its Outcome Agreement with SFC. He or she must also notify SFC’s Accountable Officer of any serious weakness, such as a significant and immediate threat to the institution’s financial position, significant fraud or major accounting breakdown, or any material non-compliance with any requirement of this FM.

Revisions to the Financial Memorandum

20. SFC will make changes to the requirements in this FM only after consulting institutions or their representative bodies.

Part 2: General requirements

1. Unless otherwise stated, the following general requirements apply to the institution.

Financial Memorandum

2. It is a term and condition of grant payment from SFC that the governing body of the institution and its designated officers comply with the requirements set out in this FM.

Post-16 Education Body criteria

3. In undertaking its functions, the governing body must keep under review and have in place satisfactory provision in relation to the list of matters set out in section 7 (2) of the 2005 Act, as amended by the Post-16 Education (Scotland) Act 2013.

---

1 From 2015-16 onwards, the new FE/HE SORP will bring about changes to accounting treatments in some areas. (e.g. Institutions will no longer benefit from the credit arising from the release of deferred capital grants from non-Government sources.) This will reduce ongoing reported surpluses and may result in some institutions showing on-going operating deficits. SFC will ensure that it takes into account the underlying financial position and the cash generative capacity of all institutions when monitoring financial sustainability.
Outcome Agreement

4. The institution must deliver its Outcome Agreement with SFC.

Payment of SFC Strategic, Capital or other Grants

5. Where the SFC makes a payment to the institution of a Strategic, Capital or other grant, the institution will be required to comply with any additional requirements attached to the grant as well as with this FM.

Research

6. The institution must use the SFC Research Excellence Grant (REG) funds for research purposes only, targeting their REG allocations predominantly on world-leading and internationally excellent research.

Business, Innovation and Skills and SFC research capital

7. Research capital funding from the UK Department of Business, Innovation and Skills and matched funding from SFC should be used by institutions to focus on maintaining excellent departments with the critical mass to compete globally and the expertise to work closely with business, charities and public services. All expenditure should be aligned to the institution’s estate strategy.

Small Specialist Institution Grant

8. In order to continue receiving payment of the SFC Small Specialist Grant, Small Specialist institutions (SSIs) must retain small and specialist status.

Changes to grant payments

9. If the Scottish Ministers revise their payment of grant to SFC, then SFC reserves the right to make in-year adjustments to its payment of grant to the institution. In this case, SFC and the institution may renegotiate the institution’s Outcome Agreement.

Repayment of grant

10. If the institution fails to comply with the requirements of this FM, and any other specific terms and conditions attached to the payment of grant from SFC, it may be required to repay SFC any sums received from it and may be required to pay interest in respect of any period during which a sum due to SFC in accordance with this or any other condition remains unpaid.

11. If, in the reasonable opinion of SFC, any provision set out in this FM is not observed by the institution, SFC will be entitled, in respect of the payment of grant from SFC:
   - In the case of funding by way of grant: to require immediate repayment of any and all grants or any part or parts of any grants at any time after the SFC becomes aware of such failure to observe (without prejudice to further demands until the whole of all sums made available by way of grant shall have been paid in full)
   - In the case of funding by way of loan (notwithstanding the terms of any agreement attached to the same): to require immediate repayment of the whole or part of each such loan at any time after SFC becomes aware of such failure to observe (without prejudice to further demands until the whole of all sums made available by way of loan shall have been repaid in full).

12. The institution should also note SFC’s guidance on the process for managing outcome-based funding decisions, which is available on SFC’s website.
Public sector pay policy

13. The institution must have regard to public sector pay policy set by the Scottish Ministers.

Tuition fees

14. Where applicable, the institution must charge student tuition fees at the levels set by the Scottish Ministers under either the Student Fees (Specification) (Scotland) Order 2006 or the Student Fees (Specification) (Scotland) Order 2011, whichever is applicable.\(^2\) However:

- the tuition fee levels set by the Scottish Ministers under the Student Fees (Specification) (Scotland) Order 2006 do not apply to students who do not have a relevant connection with the United Kingdom and Islands or are not excepted students within the meaning of the Education (Fees and Awards) (Scotland) Regulations 2007; and
- The tuition fee levels set by the Scottish Ministers under the Student Fees (Specification) (Scotland) Order 2011 do not apply to students who do not have a relevant connection with Scotland or are not excepted students within the meaning of the Education (Fees) (Scotland) Regulations 2011, but any tuition fees charged to students from the rest of the United Kingdom must not exceed £9,000 per year\(^3\).

Capital finance

15. As a condition of SFC’s Framework Document with the Scottish Government, SFC is required to “make provision for the monitoring and control of borrowing by institutions to protect the public investment in institutions and to maintain accountability for the use of exchequer funds”. In order that SFC can discharge this requirement, it has in place a threshold for capital finance above which the institution requires SFC consent to undertake any new borrowing.

16. The governing body of the institution, in line with the Scottish Code of Good HE Governance, will, as a matter of course, satisfy itself that all of the following requirements on capital finance are met:

- The institution can demonstrate its ability to repay the finance, and to pay interest thereon, without recourse to requesting additional grant from SFC
- The institution can demonstrate that its ability to maintain financial and academic viability will not be impaired as a result
- The institution can demonstrate the value to be generated by the transaction, whether it involves refinancing, or purchase of any new investment or assets, the acquisition of which is to be financed by the borrowing
- The institution can demonstrate that any such new investment or asset acquisition is in accordance with the institution’s strategic plan and, where appropriate, its estate strategy.

\(^2\) The level of tuition fees in 2014-15 for full-time undergraduate first degree students is £1,820. The same fee applies for PGDE and PGDipCE courses. A higher medical fee of £2,895 applies only to continuing students.

For full-time higher education courses at sub-degree level, a fee of £1,285 should be charged.

\(^3\) At the moment, this £9,000 limit is not set by legislation but will be once an order is made under section 9D of the Further and Higher Education (Scotland) Act 2005 (as inserted by the Post-16 Education (Scotland) Act 2013.).
17. For the purposes of this document, ‘capital finance’ includes borrowing, finance and operating leases, and other schemes, such as private finance initiative projects, non-profit distribution projects, loan support projects and revolving credit facilities where borrowing is the substance of the transaction, in line with relevant accounting standards.

When the Council’s formal consent is required in respect of capital finance arrangements

18. The institution must obtain prior written consent from SFC before it undertakes a level of capital finance where the annualised costs of all capital finance (being the sum of the servicing and capital repayment costs of each loan or other arrangements spread evenly over the period of the relevant loan or arrangement) would exceed 4% of

- Total income as reported in the latest audited financial statements; or
- The estimated amount of total income for the current year, if that is lower.

19. In assessing total capital finance commitments, the institution must ignore low-value financial commitments, provided that the combined annualised servicing costs of such financial commitments do not exceed 0.5% of total income.

20. A revolving credit facility should typically be considered in the same way as an overdraft facility; for example, in terms of the institution’s maximum exposure over the term of the facility. An even annual cost of capital finance is assumed, unless the institution can demonstrate otherwise. The institution is required to provide the annualised cost of the capital finance calculation with any request to SFC for borrowing consent.

21. The institution must also seek consent from SFC before raising capital finance on the security of assets in which the Scottish Ministers have an interest. For the purposes of this document, such an interest exists where the institution has used funds provided by the Scottish Ministers to acquire an interest in or to develop any land, building or other asset, and where those funds were provided subject to a condition which has the effect of requiring the institution to obtain the Scottish Ministers’ consent before raising capital finance on the security of those assets.

22. The Scottish Ministers have directed that SFC will exercise their functions in relation to any such interests.

23. In seeking SFC’s approval, the institution must demonstrate to SFC, in writing, its compliance with the requirements set out above.

Disposal of exchequer funded assets

24. In disposing of exchequer funded assets, the institution must follow the guidance in the relevant procedure notes on the SFC website as amended from time-to-time.

Granting of security

25. As a result of a condition in SFC’s Framework Document with the Scottish Government, the institution is required to seek SFC’s prior written consent if it intends to offer as security for a loan any land or property which has been provided, improved, or maintained with the aid of grant.

Contingent commitments

26. The institution must seek SFC’s prior written consent if it intends to lend or give a guarantee, indemnity or letter of comfort. The value of the guarantee should be equal to the total contingent liability over the term of the guarantee. In all cases, the institution must take steps to restrict the contingent liability to a minimum and should undertake a careful appraisal of the risks before accepting any contingent liability.
27. The institution must also provide assurance that, in the event of the contingent liability arising, it can be met from within the institution’s own resource, or that appropriate insurance cover has been arranged.

28. However, SFC’s written consent is not required for such arrangements if:

- An actual or effective value is less than 4% of total income as reported in the latest audited financial statements or of the estimated amount of total income for the current year if that is lower; or
- The indemnity is of a standard type contained in contracts and agreements for ‘day-to-day’ procurement of goods and services in the normal course of business.

Severance payments

29. The institution must adhere to the following principles when taking decisions about severance payments, including settlement agreements:

- The actions of those taking decisions about severance payments, and those potentially in receipt of such payments, must be governed by the standards of personal conduct set out by the Committee on Standards in Public Life (the Nolan Principles)
- The governing body must take account of SFC’s expectation of the institution in this FM regarding the use of public funds

30. Based on the principles above, the following requirements must be met:

- The institution must have in place a clear policy on severance payments
- Severance packages must be consistent with the institution’s policy and take into account contractual entitlements, for example, salary and period of notice, and any applicable statutory employment entitlements. This means that, when entering into employment contracts, care must be taken not to expose the institution to excessive potential liabilities
- The institution’s policy must include a formal statement of the types of severance arrangements that should be approved by the Remuneration Committee or equivalent and approved formally by the governing body. These must include any severance package that is proposed for a member of the senior management team, in recognition of the particular level of accountability that is attached to senior management positions, and also any severance package that would exceed a maximum threshold agreed by the governing body
- Where a severance package exceeds the maximum threshold agreed by the governing body, the institution must consult with SFC’s Accountable Officer prior to approving the proposed severance package
- The remuneration committee or equivalent, when overseeing and approving severance arrangements for staff, must ensure that all decisions are recorded
- Negotiations about severance packages and payments must be informed, on both sides, by legal advice where appropriate
- When a severance arises following poor performance on the part of an individual, any payment must be proportionate and there should be no perception that poor performance is being rewarded
- Final year salaries must not be inflated simply to boost pension benefits
- Notice of termination of appointments must not be delayed in order to generate entitlement to payments in lieu of notice

31. The institution must ensure its internal auditor includes a regular review of systems for the determination and payment of severance settlements in their strategic audit plan.
32. The institution must seek the view of its external auditor if it plans to make what it considers to be any novel or potentially contentious severance payments, including those that exceed the maximum threshold agreed by the governing body.

33. The institution’s external auditor must review severance settlements. Such a review will normally take place after settlements have been agreed (normally as part of their financial statements audit) and should be carried out by senior audit staff because of the complexity and sensitivity of the issues. If final settlements do not materially conform to the terms of this FM, auditors must report the facts to the institution in their management letter, and inform members of the governing body. The auditors should also recommend that the institution informs the SFC immediately.

34. Where there are settlement agreements, and it is felt that a confidentiality clause is necessary, this must not prevent the public interest being served and must be consistent with the institution’s whistleblowing policy.

**Audit and accounting**

35. The governing body must appoint an audit committee and ensure the establishment and maintenance of effective arrangements for the provision of internal and external audit.

36. The Audit Committee must produce an annual report to the governing body of the institution.

**Accounts direction**

37. The institution must follow the SFC’s current *Accounts Direction* in the preparation of its annual financial statements.

**Internal audit**

38. The institution must have in place an effective internal audit service. The operation and conduct of the internal audit service must conform to the professional standards of the Chartered Institute of Internal Auditors.

39. The institution must inform SFC when an internal auditor is appointed and must inform SFC immediately if the internal auditor is removed or departs before the end of their term of office.

40. The internal audit service must provide the governing body and senior management of the institution with an objective assessment of adequacy and effectiveness of risk management, internal control, governance, and value for money.

41. The internal audit service must extend its review over all the financial and other management control systems, identified by the audit needs assessment process. It must cover all activities in which the institution has a financial interest, including those not funded by SFC. It must include review of controls – including investment procedures – that protect the institution in its dealings with organisations, such as subsidiaries or associated companies, students’ unions, and collaborative ventures or joint ventures with third parties.

42. The head of internal audit must produce an annual report for the governing body on its activities during the year. The report must include an opinion on the adequacy and effectiveness of the institution’s risk management, internal control, and governance. The report must be presented to the institution’s audit committee and a copy sent to SFC.

**Value for money**

43. The institution must have a strategy for reviewing systematically management’s arrangements for securing value for money.

44. As part of its internal audit arrangements, the institution must obtain a comprehensive appraisal of management’s arrangements for achieving value for money.
External audit

45. The external auditor must be entitled to receive all notices of and other communications relating to any meeting of the governing body which any member of the governing body is entitled to receive. They must also be entitled to attend any such meeting and to be heard at any meeting which they attend, on any part of the business which concerns them as auditors.

46. The external auditor must also be entitled to attend the meeting of the governing body or other appropriate committee at which the institution’s annual report and financial statements are presented.

47. The external auditor is expected to attend, as a minimum, any meetings of the audit committee where relevant matters are being considered, such as planned audit coverage, the audit report on the financial statements and the audit management letter. It is the responsibility of the secretary to the audit committee to notify the external auditor of such meetings.

48. The external auditors, notwithstanding responsibilities to their clients, are expected to co-operate fully with any enquiries or routine monitoring that the SFC undertakes.

49. The institution must not in any way limit SFC’s access to the institution’s external auditors.

External audit reporting requirements

50. The institution must ensure that its contracts for external audit make provision for an opinion on whether the institution has applied income, where appropriate, in accordance with this FM and whether SFC grants have been used for the purposes for which they were received. Guidance on the wording is set out below.

   a. The institution must ensure that its contracts for external audit make provision for an opinion on whether the institution has applied income, where appropriate, in accordance with this FM and whether SFC grants have been used for the purposes for which they were received. Guidance on the wording is set out below. The financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the institution’s affairs, and of its income and expenditure, recognised gains and losses, and statement of cash flow for the year. They should take into account relevant statutory and other mandatory disclosure and accounting requirements, and SFC requirements.

   b. The financial statements have been properly prepared in accordance with the Statement of Recommended Practice (SORP) on Accounting in Further and Higher Education, and the Companies Act, where relevant, and any other legislative or regulatory requirements.

   c. Funds from whatever source administered by the institution for specific purposes have been applied properly to those purposes and, if relevant, managed in accordance with relevant legislation, and any other terms and conditions attached to them.

   d. Funds provided by Scottish Funding Council have been applied in accordance with the requirements of the SFC Financial Memorandum with Higher Education Institutions.
