

THE UNIVERSITY OF ABERDEEN

POLICY ON THE RECRUITMENT AND SELECTION OF STAFF

1 INTRODUCTION

- 1.1 The University recognises that we rely on the skills, competencies and contribution of all our staff to deliver high quality research, teaching, scholarship and support services. An effective recruitment and selection process is, therefore, fundamental in underpinning our strategic ambition to appoint the highest calibre of staff at all levels and to enable us to deliver our strategic objectives of being a world-class University.
- 1.2 The University is committed to ensuring that our recruitment and selection processes are fair, consistent, and in accordance with legislative obligations and recognised best practice guidelines. This Policy is underpinned by the Guidance for Recruiters, which support staff involved in recruitment processes by providing information relating to good practice in recruitment and selection.
- 1.3 If job applicants or staff members require further information about our staff recruitment and selection processes, or have suggestions or complaints about them, please contact the Director of People.

2 EQUALITY AND DIVERSITY

- 2.1 The University is committed to tackling unfair and unlawful discrimination. We are also committed to actively promoting equality and celebrating diversity to create a harmonious and productive environment in which diversity adds value to the work of the University. We seek to create a culture where all staff are encouraged to reach their full potential.
- 2.2 In line with our commitment to equal opportunities and diversity, the University welcomes applications for vacancies from all individuals who meet the criteria identified for the relevant post. From time to time, we may take positive action to ensure that we meet our strategic aim of equality and diversity in employment. Such measures may include, for example:
 - Including a statement in job advertisements and job descriptions particularly welcoming applications from under-represented groups in that staff category or area e.g. men/women or minority ethnic applicants in senior posts;
 - Guaranteeing an interview to a disabled applicant who meets the essential criteria for a position as outlined in the person specification (the Guaranteed Interview Scheme).
- 2.3 As a minimum requirement any member of staff who takes part in any activity under this policy and procedure must first have completed the University's Online Equality and Diversity Training

3 CONFIDENTIALITY

- 3.1 Information about job applicants is confidential and we are committed to ensuring that confidentiality is maintained at every stage. All correspondence, documentation and other data will be kept securely and in accordance with the requirements of the General Data Protection Regulation/Data Protection Act 2018.

4 IMPLEMENTATION

- 4.1 Vice Principals, Heads of School/Section, senior members of staff and line managers have a responsibility to ensure that staff in their area are aware of this Policy and that it is implemented fully.
- 4.2 It is our normal expectation that all appointment procedures will be undertaken in accordance with the following policies and procedures:
 - Policy on the Recruitment and Selection of Staff (this Policy);

- Equality and Diversity Policy
- Guidance for Recruiters
- Temporary Services and Fractional Appointments Procedure
- Protection of Vulnerable Groups Policy
- Policy on Employment (Immigration)

5 PRIOR TO ADVERTISEMENT

5.1 Financial Authorisation

The appropriate authorisation must have been received before an appointment can proceed.

5.2 Job Evaluation

Job evaluation is the process of measuring different elements of a role in order to grade it in a fair and consistent manner. The University has adopted a job evaluation tool called Higher Education Role Analysis (HERA) to undertake this process for Support Staff and Administrative roles. Academic and Research roles will be evaluated by matching the job descriptions to nationally agreed role profiles.

5.3 Prior to advertisement, a HERA job description form, outlining the duties and responsibilities attached to new posts (or posts which have been restructured since the date of the last evaluation), will be completed by the immediate line manager to enable a full evaluation process to be undertaken.

6 ADVERTISING A VACANCY

6.1 All vacancies within the University will be advertised either internally, externally or both. However, if a manager believes that a post may be difficult to fill, they should contact their HR Partner for advice and guidance. In very specific limited circumstances direct appointments are permitted.

6.2 Advertisements which are placed on the University's recruitment website (www.abdn.ac.uk/jobs) will also automatically appear on www.findmyjob.gov.uk

6.3 The appropriate Recruitment Co-ordinator will instruct our advertising agency on the placement of external advertisements.

6.4 For roles that may require Sponsorship, adverts will be in accordance with the Resident Labour Market test as set out by the UKVI. Further particulars for the role will clearly specify whether the role meets the requirements for potential sponsorship or not. This is with the exception of direct appointments.

7 PERSON SPECIFICATION

7.1 It is essential that a robust Person Specification is produced prior to advertisement. This will establish clear and objective selection criteria in support of the shortlisting process. The convener of the Shortlisting Committee will be required to complete the Shortlisting Monitoring Form to record and justify the decisions taken.

8 SHORTLISTING

8.1 The shortlisting process will be carried out as soon as possible after the closing date for the vacancy and will be conducted by a minimum of 2 individuals.

8.2 The University operates an anonymous shortlisting procedure, whereby personal information, including dates of birth, ethnic background, gender, disability status (unless the applicant has applied under the Guaranteed Interview Scheme) is retained within the HR Office for monitoring purposes only and will not be used as part of the selection process.

If a member of a selection committee declines to accept the majority view, an appointment cannot be made. In such circumstances, the matter will be referred to the Senior Vice Principal (Academic posts) or University Secretary (Academic Related and Support posts) for a decision. Where the Senior Vice Principal or University Secretary has participated in the decision making process, the matter will be referred to the Principal for a decision.

12.2 Following consultation with the appropriate HR Adviser, oral feedback should be offered to internal candidates and to those external candidates who request it. If a candidate is not satisfied with this feedback, s/he should write to the Director of People, setting out his/her reasons for dissatisfaction.
