Conditions for using Information Technology Facilities

Summary

The following is a very brief summary of the main points of the IT regulations and is suitable for login splash screens and web pages detailing other regulations and guidelines.

You are expected to be familiar with the full Conditions for using Information Technology Facilities, which are available in the Policy Zone on StaffNet.

- Governance
  Don’t break the law, do abide by the University of Aberdeen’s regulations and policies, and do observe the regulations of any third parties whose facilities you access.

- Identity
  Don’t allow anyone else to use your IT credentials, don’t disguise your online identity and don’t attempt to obtain or use anyone else’s.

- Infrastructure
  Don’t put the institution’s IT facilities at risk by introducing malware, interfering with hardware or loading unauthorised software.

- Information
  Safeguard personal data, respect other people’s information and don’t abuse copyright material. Remember that mobile devices may not be a secure way to handle information.

- Behaviour
  Don’t waste IT resources, interfere with others’ legitimate use or behave towards others in a way that would not be acceptable in the physical world.
