Change organisational unit...

Your name and affiliation will be pre-populated, click the edit button next to your name to select the most appropriate role for the activity, e.g. peer reviewer, guest editor, member of editorial board or editor. If your activity involved other people, either internal or external, their details can be added by clicking Add person, and their role selected from the drop-down menu.

The managing organisational unit will be assigned as your department/ institute. If you are associated with multiple areas, you can click on the change organisation unit to select a different unit.

Documents and links

Documents

Add document...

Links

Add link...

If you have a file that is relevant or a link to a relevant website these can be added here. Documents can be added as confidential or restricted to Pure and do not have to be public, even if the overall record is visible on the Research portal.

Keywords

KEYWORDS

ASJC SCOPUS SUBJECT AREAS

There are no associations

Add ASJC Scopus subject areas...

Keywords and ACJS Scopus subjects are not required on this template but can be added if relevant. For some activity types Keywords can help visitors to the research portal find relevant connected activities and publications.

Impacts

Datasets

Facilities/Equipment

Student theses

Relations to other content in Pure can be added as necessary. This will help illustrate the interconnectedness of the various aspects of your research. Click the icon under the relevant content type to search for and connect items to the activity record.

Visibility

Public - No restriction ▼

If you would like the information to be available on the Pure Portal, make sure you select Public- no restriction option in “visibility”, otherwise mark the record as ‘Backend - restricted to Pure users’, or ‘Confidential - restricted to associated users and editors..

Status:

Finally, remember to save your entry. Once saved, your entry will appear in your Pure profile as “For approval”. Once your entry has been checked and approved, any public records will appear in the research portal.
