### Introduction

This guide provides guidance on completing the APC (Article Processing Charges) form.

It applies particularly to the following cases:

- To authors of refereed journal articles and conference papers who need to pay APCs to make papers Gold Open Access
- The Wellcome Trust Open Access mandate applies to articles in peer-reviewed journals and has been in place since 2006. The new Article Processing Charges form replaces the form that was available from the CLSM College Office website
- The RCUK Open Access mandate which applies to articles in peer-reviewed journals and conference proceedings and came into force on 1 April 2013, where Gold Open access is the only publication route

The Article Processing Charges form is available at:

[www.abdn.ac.uk/library/research-support/open-access-publishing/](http://www.abdn.ac.uk/library/research-support/open-access-publishing/).

### University of Aberdeen policy on Open Access

The University Open Access Policy recommends that researchers seek to publish outputs using the **Green Open Access** model wherever possible. Therefore, please check if the journal you intend to publish with has a Green route. If it does, publish using the available Green option. You can check whether or not a Green route is available for your journal by using the Sherpa/Romeo journal and publisher information at:

[www.sherpa.ac.uk/romeo/](http://www.sherpa.ac.uk/romeo/).

Where the underlying research has been funded by either RCUK or Wellcome, payment of APCs for Gold Open Access will be provided for journals that do not allow Green Open Access within the appropriate embargo period. This guide explains how to request payment for APCs for the Gold route.

### Before completing the form

Before completing the form you will find it helpful to have the following information to hand:

- Your details as corresponding author and the full title of the article **exactly** as it appears on your final version of the article as submitted to the publisher
- Exact title of the journal in which the article is being published; the name of the journal publisher
- Exact grant reference numbers for RCUK and Wellcome grants, or any other grant number
- For non-RCUK/Wellcome funded research a **Budget Code** to which the APCs are to be charged
- A publisher's electronic copy of the APC invoice **or** a scanned copy of a paper-based invoice
- A scanned copy of a formal receipt of payment if you have paid APCs personally and are using this form to claim back that payment

### The form

The form can be used in one of two ways:

- To pay APCs to a publisher where you have received an invoice for APCs
- To claim expenses back if you have paid APCs yourself. **Please note that this route is only to be used in absolutely exceptional circumstances**
