OUTLINE OF PROCEDURES: STUDENTS’ PROGRESS COMMITTEE HEARING

A Students’ Progress Committee has powers delegated to it by the University Senate to hear and decide on applications from undergraduate students who wish to be permitted to progress or continue with their studies.

The Students’ Progress Committee does not have the power to change the results of course or programme assessments.

The Convener of the Committee has an obligation to ensure that an application made by a student is fully and properly explored.

Where the Convener believes that any written or verbal statement is inappropriate, derogatory or defamatory he or she will ask that such statements are retracted and/or rephrased.

The procedure followed at a Students’ Progress Committee hearing will be kept as informal as possible but will include the following:

1. The Convener will introduce the Committee to the student and any person accompanying or representing the student.
2. The Convener will invite the student or his/her representative to make an opening statement outlining their case.
3. The Committee will then have the opportunity to ask the student or his/her representatives any questions relating to the case that has been made.
4. The Convener will invite the student or his/her representative to make a concluding statement.
5. Once the Convener is satisfied that the Committee has no further questions to ask, the student or his/her representative and any person accompanying them will be asked to leave the room while the Committee considers its decision.
6. The decision of the Committee will, where possible, be communicated to the student verbally on the day of the hearing. The Committee’s decision will also be communicated in writing (normally by email) within 3 working days.
