Study at ITESO

ITESO, the Jesuit University of Guadalajara

Study at ITESO!
ITESO offers you the following programs to enhance your experience as an international student:

- Three plus One Program: Designed specifically for students with lower levels or no previous Spanish studies, it offers students the opportunity to take curricular courses in English plus one Spanish language course.
- Professional Application Projects (PAP): These projects are intimately linked with the society. PAP are designed to improve the quality of life of others and to reinforce professional values and skills, and direct participation in the proposal and implementation of plans and strategies creating solutions to local issues. The teams of students and professors are interdisciplinary and because of their work with the community, a B2 level of Spanish is required. PAP are registered as courses within the ITESO curriculum.
- Service learning projects: Experience providing encounters and interactions between students and rural or urban communities, with some of the major projects being related to popular education, environmental justice and migration.
- Cultural and art programs: includes courses and workshp in music, literature, visual arts. All of them open to international students, and designed to develop creative skills and make your stay at ITESO a unique experience.

Through the International Office you are also able to sign up for a buddy - an ITESO student who will help you with all the doubts you may have before and upon arrival and we can also guide you in the cultural and recreational activities offered at ITESO, like workshops in dancing, music, theatre and sports.

ITESO the Jesuit University of Guadalajara was founded in 1957 and belongs to a network of more than 228 Jesuit universities around the world, which is profoundly linked to social responsibility and justice. As an exchange student you will be part of a multi-cultural student body with more than 10,000 students from Guadalajara and other parts of Mexico, as well as from other countries such as Argentina, Brazil, Finland, France, the Netherlands, and the United States. To enrich your university experience you are also be able to participate in cultural, artistic and recreational activities offered at ITESO, like workshops in dancing, music, theatre and sport programs and classes.

Guadalajara is the birthplace of mariachi and tequila, but is also known as the Silicon Valley of Mexico. The city is located near gorgeous beaches, close to the second largest freshwater lake in Mexico. Guadalajara is known for its excellent and tempered climate year around.

Students can take advantage of the cultural, historical and modern advantages of this "most Mexican" of cities. Guadalajara is the battlefields of mariachi and tequila, but is also known as the Silicon Valley of Mexico. The city boasts an impressive variety of cultural events throughout the year including the International Book Fair, International Film Festival, International Mariachi Festival, and many others. The food is amazing, the people are friendly and the educational opportunities are excellent.
