

Box of Broadcasts - Introduction

What is BoB and how do I use it?

BoB (Box of Broadcasts) National is an innovative shared online off-air TV and radio recording service for UK higher and further education institutions.

BoB enables all staff and students to choose and record any broadcast programme from 65+ TV and radio channels. The recorded programmes are then kept indefinitely (no expiry) and added to a growing media archive (currently at over 1 million programmes).

The user-friendly system allows you to record and catch-up on missed programmes on and off-campus, schedule recordings in advance, edit programmes into clips, create playlists, embed clips into VLEs, share what they are watching with others, search a growing archive of material, plus more.

Key features include:

- BBC TV and radio content dating from 2007 (**1,000,000+ programmes**)
- over **10 foreign language channels**, including French, German and Italian
- Apple **iOS and Android compatibility** – watch BoB on handheld devices
- **searchable transcripts**
- links to **social media** – share what you're watching online
- a **one-click citation reference**, allowing you to cite programmes in your work

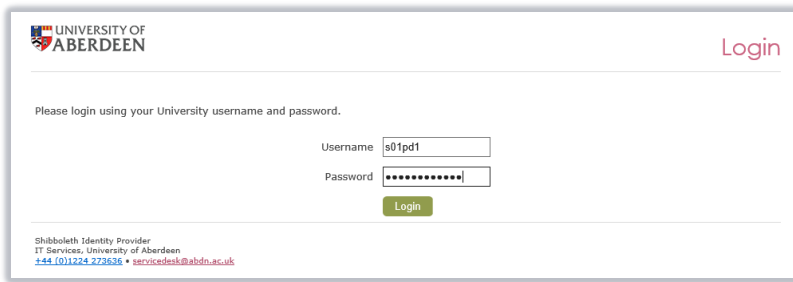

How do I get started?

- Go to <https://learningonscreen.ac.uk/ondemand> and click Sign In.
- In the **Where are you from?** box type in Aberdeen and select University of Aberdeen.

Where are you from?
Start typing your home institution GO

Where are you from?
University of Aberdeen GO

- Enter your University login details at the Shibboleth authentication screen e.g.

Your University username: *s01pd1*
 Your password: *your uni password*

- View BoB including your own MyBOB area and Guide.
