This fact sheet provides guidance for University staff and students who want to install Microsoft 365 for home use on a Windows PC or laptop. While you are a registered member of staff with an A3 or A5 licence or registered student at the University of Aberdeen you can install the latest version of Microsoft 365 Apps for enterprise on up to five personal devices, allowing you to use applications such as Word, Excel and PowerPoint under the University’s Microsoft 365 licence. Your subscription will end when you leave the University or if your license changes to A1 as a result of your staff role changing.
