Livescribe – Quick Tips

What is The Livescribe™ pen?

A small, portable device that allows you to record audio and take accompanying notes on special paper. The notes and audio can be transferred to a computer for future reference. There are several models of the pens, we will look specifically at two different models:

The Pulse

The Echo

Switch on/off

- Press and release the Power button.

Start/Stop Recording

- To start recording, tap the nib of the Livescribe pen on the Record button (on the Livescribe Dot Paper notebook).
- To stop recording, tap the nib of the Livescribe™ pen on the Stop button.
  
  Note: Pressing the Pause button during a session pauses recording, but does not end the session.

Create a bookmark
- During a recording session, tap the Star (bookmark) button- this will allow you to find that part of the audio easily when reviewing your notes.

**Copy data from pen to Computer**

- Start the Livescribe Desktop software
- For the Echo model, attach the USB cable into the top of the pen, then plug the other end of the cable into your computer.
- For the Pulse model, attach the USB cable to the cradle, place the pen in its cradle then plug the other end of the USB cable into your computer.
- The data transfer will start- **do not undock the pen from your PC until it completes.**

**View data using Livescribe software**

- Notebooks are listed at the left; pages are displayed in the centre section.
- Double-click a page to enlarge it for viewing.
- Notes associated with audio appears in **green**; notes without audio is shown in **black**

**Play notes**

- To start playback, tap the words on screen or select the page and click the **Play button** at the bottom of the screen

**Search notes**

- Type a search item into the search box at the **top-right corner** of the screen
- Click the **to set search options, e.g. match whole word only.**
- Press the **Enter** key on the keyboard.
- The results will display at the **left-side** of the screen.
- **Click the thumbnail** to display the page- the search word is **highlighted** in yellow.
Navigate audio quickly

- During playback, drag the slider control at the bottom of the screen to move through the audio - the notes on screen will appear automatically.
- If you have used bookmarks, click the Next bookmark or Previous bookmark buttons at the bottom of the screen.

Navigate menus on Livescribe™ Pen

- Tap the Nav Plus symbol on the Livescribe Dot Paper.
- Tap the down arrow to go to the next menu.
- Tap the right arrow to go to the next set of choices within a menu.
- Tap the left arrow to go back
- Double-tap the centre of the Nav Plus to return to the Main Menu.

Other Info

- The pen has an internal rechargeable battery, which can be recharged by docking to the PC via the USB cable. A full charge can take 2.5 hours.
- The pen can be set to switch off automatically after a period of time (find it in the Settings menu).
- You can use the pen to take notes only (without recording a session). Just start writing in a Dot Paper notebook.
- The Livescribe Desktop software can be downloaded from the Livescribe website (see link below).
- The inside cover of a Dot Paper notebook contains icons to change/ check some settings, e.g. battery status.
- To record audio without using the Dot Paper notebook, press and hold the power button on the pen until you see ‘REC’ appear on screen.
