“How do I connect my iPhone to Uni wireless?”

The screenshots in this guide were taken from an iPhone running version iOS 11.4. Other software versions may display different options and icons.

**Setup connection**

- From the Home screen, Tap Settings
- Tap Wi-Fi
- Ensure Wifi is set to ON
- Tap eduroam
Authentication

- Type in your University username@abdn.ac.uk and University Password
- Tap Join

- Wait for the Certificate prompt to be displayed
- Tap Accept to accept the certificate

- The Wi-Fi Networks screen show eduroam as connected
- Press the Home button
